Prospectus Dated May 1, 2016

Supplement Dated November 6, 2025

On April 21, 2025, Macquarie Group Limited, the parent company of Delaware Management Company ("DMC"), a series of Macquarie Investment Management Business Trust ("MIMBT"), together with certain of its affiliates, and Nomura Holding America Inc. ("Nomura"), announced that they had entered into an agreement for Nomura to acquire Macquarie Asset Management's US and European public investments business. As announced on October 23, 2025, the closing of this transaction is anticipated on or about December 1, 2025 ("Closing Date"), subject to legal and regulatory approvals, client consents, and customary closing conditions. The Closing Date is subject to change.

On June 18, 2025, the Board of Trustees approved the name change, investment advisory agreement, and sub-advisor changes for Macquarie VIP Balanced Series, Service Class (the "Fund") to be effective on the Closing Date. The closing will result in the automatic termination of the Fund's investment advisory agreement and applicable sub-advisory agreements.

At the joint special shareholder meeting held on September 10, 2025, shareholders of the Fund approved the proposal to approve a new investment advisory agreement for the Fund. Effective on the Closing Date, DMC will remain the advisor and the sub-advisors listed below will be removed. In addition, Macquarie Investment Management Global Limited will become an unaffiliated sub-advisor.

- Macquarie Investment Management Austria Kapitalanlage AG
- Macquarie Investment Management Europe Limited

Effective on the Closing Date, the name of the investment option and the sub-advisor(s) are updated in your prospectus as follows:

CURRENT INFORMATION	UPDATED INFORMATION

Prospectus Dated May 1, 2019

Overture Ovation! and Medley! Prospectuses Dated May 1, 2024

Supplement Dated November 15, 2024

The Board of Directors of Morgan Stanley Variable Insurance Fund, Inc. approved a Plan of Liquidation with respect to the U.S. Real Estate Portfolio (the "Portfolio"). The Portfolio will suspend the offering of its shares to all investors at the close of business on or about December 4, 2024. Therefore, the Portfolio will be closed to all purchases and transfers-in at the close of business on or about December 4, 2024. Further, on or about December 5, 2024, is the last day for withdrawals and transfers-out of the Portfolio. The liquidation is expected to occur on or about December 6, 2024 (the "Liquidation Date").

Effective as of the close of business on the Liquidation Date, the Subaccount that invests in the Portfolio will no longer be available as an investment option under your Policy.

Prior to the Liquidation Date, you may change your allocation instructions and transfer any Policy value you currently have allocated to the Portfolio to one or more of the other variable investment option Subaccounts, or the Fixed Account, available under your Policy (the "Other Investment Options").

If you have Policy value allocated to the Portfolio as of the Liquidation Date, such Policy value will automatically be transferred to the Fidelity® VIP Government Money Market Portfolio, Initial Class Subaccount (the "Money Market"). This includes money that is allocated through systematic transfer programs such as dollar cost averaging, portfolio rebalancing, or earnings sweep. Following the transfer, you will receive a confirmation statement showing that the transfer has occurred, and the amount transferred.

The Portfolio is an investment option in the static models in the Asset Allocation Program or one of the static Program Models with a Guaranteed Lifetime Withdrawal Benefit (GLWB) Rider ("Program GLWB Model") (collectively the "Model(s)"). The Model(s) may no longer align with the original investment objective due to the Portfolio liquidation and subsequent inclusion of the Money Market in the Model(s), the effects of underlying portfolio performance, and changes in underlying portfolio investment objectives. Therefore, your investment may no longer be consistent with your objectives. You should consult with your financial professional about how to keep your allocations in line with your current investment goals and risk tolerance. You are responsible for determining what is best for you. Your financial professional can help you make this determination.

If you do not provide new allocation instructions prior to the Liquidation Date, any allocation instructions for future premiums directed to the Portfolio will automatically be changed to the Money Market as of the Liquidation Date.

For 60 days following the Liquidation Date, you may transfer any values that were transferred to the Money Market on the Liquidation Date to any of the Other Investment Options, free of charge. **Refer to your prospectus for additional information and limitations regarding the Models**. Transfers made due to the Portfolio's liquidation during this 60-day period will not count toward the number of total transfers or free transfers permitted during a Policy year.

You can transfer your Policy values or change your investment allocations by submitting your written, electronic, or telephone instructions to our Trade Desk, via email to alictd@ameritas.com or by calling 800-745-1112, ext. 87593.

To obtain a copy of the prospectus for the Money Market or any of the other underlying funds for the Other Investment Options available through your Policy, please call your financial professional, or our Service Center at 800-745-1112. You may also visit our website ameritas.com/investments/fund-prospectuses.

Effective as of the Liquidation Date, all references to the Portfolio are deleted from your prospectus.

All other provisions of your Policy remain as stated in your Policy and prospectus as supplemented.

Please retain this Supplement with the current prospectus for your variable Policy with Ameritas Life Insurance Corp.

The following disclosures are added to your Policy prospectus:

Fixed Account Risks

The Fixed Account is part of the General Account of Ameritas Life Insurance Corp. The obligations of the General Account are subject to the claims of our creditors, the financial strength and the claims paying ability of the Company. The General Account is not a bank account and it is not insured by the FDIC or any other government agency.

Insurance Company Risks

Ameritas Life has sole legal responsibility to pay amounts that are owed under the Policy. You should look to the financial strength of Ameritas Life for its claims-paying ability. We are also exposed to risks related to natural and human-made disasters or other events, including (but not limited to) earthquakes, fires, floods, storms, epidemics and pandemics (such as COVID-19), terrorist acts, civil unrest, malicious acts and/or other events that could adversely affect our ability to conduct business. The risks from such events are common to all insurers. To mitigate such risks, we have business continuity plans in place that include remote workforces, remote system and telecommunication accessibility, and other plans to

ensure availability of critical resources and business continuity during an event. Such events can also have an adverse impact on financial markets, U.S. and global economies, service providers, and Fund performance for the portfolios available through your Policy. There can be no assurance that we, the Funds, or our service providers will avoid such adverse impacts due to such event and some events may be beyond control and cannot be fully mitigated or foreseen.

All other provisions of your Policy remain as stated in your Policy and prospectus as supplemented.

On January 1, 2022, Parametric Portfolio Associates LLC was added as a sub-adviser to the Calvert VP Volatility Managed Moderate Portfolio and the Calvert VP Volatility Managed Moderate Growth Portfolio (each individually "Portfolio"). Therefore, effective January 1, 2022, Parametric Portfolio Associates LLC is added as a sub-adviser to the Portfolio Subaccount Investment Option in your Policy prospectus.

Effective on or about April 29, 2022, the Invesco V.I. International Growth Fund (the "Fund") will be renamed Invesco V.I. EQV International Equity Fund. Therefore, on or about April 29, 2022, this name change is applicable to all references to the Fund and its associated Subaccount Investment Option in your prospectus and supporting materials.

All other provisions remain as stated in your Policy and prospectus, as supplemented.

Please retain this Supplement with the current prospectus for your variable Policy with Ameritas Life Insurance Corp.

Overture Ovation!, and Medley! Prospectuses Dated May 1, 2021

Supplement Dated May 26, 2021

On December 2, 2020, Waddell & Reed Financial, Inc. ("WDR"), the parent company of Ivy Investment Management Company, the investment adviser of the Ivy Funds Complex ("the Ivy Funds"), and Macquarie Management Holdings, Inc., the U.S. holding company for Macquarie Group Limited's U.S. asset management business ("Macquarie"), announced that they had entered into an agreement whereby Macquarie would acquire the investment management business of WDR (the "Acquisition"). The Acquisition closed on April 30, 2021 (the "Acquisition Date"). The Ivy Funds are now part of Delaware Funds by Macquarie family and are managed by Delaware Management Company and distributed by Delaware Distributors, L.P.

Effective as of the Acquisition Date, all references to Ivy Investment Management Company (Adviser) are replaced with Delaware Management Company ("DMC"), a series of Macquarie Investment Management Business Trust. Also, effective as of the Acquisition Date, DMC has added sub-advisers to each Portfolio Company as reflected in the chart below.

Effective July 1, 2021, the Portfolio Company name is changed as reflected in the "New" portion of the chart below.

The names of the Portfolio Companies and the Advisers are changed along with each related reference in your Policy prospectus, and the sub-advisers are added. The changes are reflected in the following chart:

Former	New
Portfolio Company and Adviser / Subadviser(s)	Portfolio Company and Adviser / Subadviser(s)
Ivy VIP Balanced, Class II, Ivy Investment Management	Delaware Ivy VIP Balanced, Class II, Delaware Management
Company	Company / Macquarie Funds Management Hong Kong Limited,
	Macquarie Investment Management Global Limited, Macquarie
	Investment Management Austria Kapitalanlage AG, and
	Macquarie Investment Management Europe Limited

Any instruction or purchase payment that designates a subaccount investing in a legacy lvy Fund will be deemed to designate the subaccount investing in the same fund whose name will be updated on July 1, 2021 as noted in the table above. For sixty days following the Acquisition Date, you may transfer assets out of the subaccounts investing in the Delaware Funds, and any such transfer will not incur a transfer charge and will not count against the annual free transfer limit.

The Acquisition does not result in any change in the amount of your policy value, or in the dollar value of your investment in the Separate Account. In addition, the Acquisition does not cause any fees or charges under your policy to be greater, it does not alter your rights or our obligations under the policy, and it does not result in any tax liability to you.

All other provisions remain as stated in your Policy and prospectus.

Please retain this Supplement with the current prospectus for your variable Policy with Ameritas Life Insurance Corp.

If you do not have a current prospectus, please contact Ameritas Life at 800-745-1112.

The following disclosures are added to your Policy prospectus:

Cybersecurity Risk

We are at risk for cyber security failures or breaches of our information and processing systems and the systems of our business partners that could have negative impacts on you. These impacts include, but are not limited to, potential financial losses under your Policy, your inability to conduct transactions under your Policy, our inability to calculate your Policy's values, and the disclosure of your personal or confidential information.

Restrictions On Financial Transactions

Applicable laws designed to counter terrorism and prevent money laundering might, in certain circumstances, require us to reject a Premium payment and/or block or "freeze" your Policy. If these laws apply in a particular situation, we would not be allowed to process any request for withdrawals, surrenders, loans or death benefits, make transfers, or continue making payments under your death benefit option until instructions are received from the appropriate regulator. We also may be required to provide additional information about you or your Policy to government regulators.

Other Matters

Pandemics and their related major public health issues have a major impact on the global economy and financial markets. Governmental and non-governmental organizations may not effectively combat the spread and severity of such a pandemic, increasing its harm to Ameritas Life. Any of these events could materially adversely affect the Company's operations, business, financial results, or financial condition.

Conflict of Interest

Your representative may receive compensation for selling this policy to you, both in the form of commissions, additional cash benefits (e.g., bonuses), and non-cash compensation. This conflict of interest may influence your registered representative to recommend this policy over another investment for which the representative is not compensated or compensated less.

Unclaimed Death Benefit Proceeds

Every state has unclaimed property laws that generally declare life insurance and annuity policies to be abandoned after a period of inactivity of three to five years from the date any death benefit and/or annuity payment is due and payable. For example, if the payment of a death benefit has been triggered, and after a thorough search, we are still unable to locate the Beneficiary of the death benefit, the death benefit will be paid to the abandoned property investment division or unclaimed property office of the state in which the Beneficiary or the Policy Owner last resided, as shown on our books and records. ("Escheatment" is the formal, legal name for this process.) However, the state is obligated to pay the death benefit (without interest) if your Beneficiary steps forward to claim it with the proper documentation and within certain mandated periods. To prevent your Policy's death benefit and/or annuity payment from being paid to the state's abandoned or unclaimed property office, it is important that you update your Beneficiary designation, and personal information—including complete names and complete address—if and as they change.

All other provisions remain as stated in your Policy and prospectus as supplemented.

2. The following is added to the first page of your prospectus:

Ameritas and its subsidiaries continuously monitor their various businesses, internal and external operations, the financial services industry as a whole, and the effects of various external events on our businesses. In response to the current COVID-19 pandemic, we have taken additional steps to continuously provide service to our policy owners. We continuously monitor the life insurance company's investments, and are keeping abreast of developing strategies, in order to ensure that we maintain our financial strength during this unprecedented time of general uncertainty due to the pandemic.

The instructions for electing to receive communications electronically, on page one of your prospectus, are replaced with the following:

You may elect to receive shareholder reports and other communications from us electronically by:

- Calling our Customer Service Center at 800-745-1112, or
 Visiting ameritas.com and following these instructions:
- - Click on Account Access.
 - Select Life/Annuities/Disability and click Customer Login.
 - Click on your variable policy number, then the Electronic Consent tab and click Accept to indicate your preference for electronic information.
 - First time users select **Register** and follow the simple registration prompts. You will need your policy number and Social Security Number or tax identification number and date of birth.
- 4. In the section titled Life Insurance Qualification; Tax Treatment of Death Benefit, the first and second bullet points are revised as follows:
- you should not be considered in constructive receipt of the Cash Surrender Value, including any increases in Cash Surrender Value, unless and until it is distributed from the Policy and
- the death benefit generally should be fully excludable from the beneficiary's gross income; however, special rules apply to employer owned life insurance or if the policy is transferred for value, particularly in a reportable policy sale. The death benefit of life insurance owned by an employer is taxable unless the Insured is a certain class of employee and has been given notice and has consented to coverage on his life. Specific statutory requirements must be satisfied for the death benefit of employer owned life insurance to be excluded from taxable income.
- In the section titled Distributions from Policies Not Classified as Modified Endowment Contracts, the first sentence of the third paragraph is revised as follows:

Distributions (including upon surrender and partial withdrawals) and loans from, or secured by, a Policy that is not a modified endowment contract are not subject to the 10% additional income tax rule.

All other provisions remain as stated in your Policy and prospectus as supplemented.

Supplement Dated March 5, 2020

On February 10, shareholders of Third Avenue Value Portfolio (the "Portfolio") approved a new investment sub-advisory agreement among the Third Avenue Variable Series Trust (the "Trust"), on behalf of the Portfolio, Third Avenue Management LLC ("Third Avenue" or the "Adviser"), the Portfolio's investment adviser, and Cadence Capital Management LLC ("Cadence" or the "Sub-Adviser"), the Portfolio's sub-adviser (the "Sub-Advisory Agreement"), to take effect upon execution of the Sub-Advisory Agreement.

Cadence will assume portfolio sub-advisory responsibility for the portion of the Portfolio allocated to it by Third Avenue. Additionally, in connection with the approval of the Sub-Advisory Agreement, the Portfolio will be renamed the "FFI Strategies Portfolio" effective March 16, 2020. Therefore, effective March 16, 2020, all references to "Third Avenue Value" in your prospectus will be changed to "FFI Strategies Portfolio" and information relating to the Portfolio in the list of subaccount underlying portfolios in your prospectus is revised to read as follows.

- 2. Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the shareholder reports for portfolio companies available under your policy will no longer be sent by mail, unless you specifically request paper copies of the reports from Ameritas Life Insurance Corp. Instead, the reports will be made available on a website, and you will be notified by mail each time a report is posted and provided with a website address to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from us electronically by:

- 1. Calling our Customer Service Center at 800-745-1112, option 2, or
- 2. Visiting ameritas.com and following these instructions:
 - Click on **Account Access** in the top right corner.
 - Select Life/Annuities/Disability and click Client Login.
 - If you are already registered for Account Access:
 - o Click on your variable policy number;
 - Select the Electronic Consent tab and click Accept to indicate your preference for electronic information.
 - If you are not already registered:
 - Select Register Now and follow the simple registration prompts. You'll need your policy number, Social Security Number or tax identification number, and date of birth.
 - Select the Electronic Consent tab and click Accept to indicate your preference for electronic information.

You may elect to receive all future reports in paper free of charge. You can inform us that you wish to continue receiving paper copies of your shareholder reports by calling our Customer Service Center at 800-745-1112, option 2. Your election to receive reports in paper will apply to all portfolio companies available under your policy.

3. Please see the fund prospectuses for more information about subaccount underlying portfolios, including portfolio operating expenses for the year ended December 31, 2018.

All other provisions of your Policy remain as stated in your Policy and prospectus, as previously supplemented.

Please retain this Supplement with the current prospectus for your variable Policy with Ameritas Life Insurance Corp.

and Statement of Additional Information ("SAI")

Supplement Dated May 1, 2018

1. The Asset Allocation Program section of your prospectus and SAI is deleted and replaced with the following:

ASSET ALLOCATION PROGRAM

We may offer an asset allocation program using models. However, you always have the ability to construct your own asset allocation plan from among the Investment Options available in your Policy. Asset allocation programs using models are intended to match model risk tolerance and investment objectives with the Investment Options available in your Policy.

To assist you in your selection of an asset allocation model, we offer an Asset Allocation Program (the "Program"). The Program consists of models that were developed by an unaffiliated third party investment adviser. The unaffiliated third party investment adviser provided research and business support services relating to the models and selected the specific funds to populate each model from those available in the Policy. Ameritas Life paid for these consultant services at no additional cost to the Policy Owners.

Ameritas Investment Corp. ("AIC"), an affiliate of ours, previously served as discretionary investment adviser for Program participants solely in connection with the development and periodic updates to the model portfolios. In this regard, AIC entered into an investment advisory agreement with each Policy Owner participating in the Program. In its role as investment adviser, AIC relied upon the recommendations of third parties to provide research and business support services and select the specific funds to populate the models. AIC's role as investment adviser for development of and periodic updates to the models terminated on August 1, 2016, and the models in the Program no longer undergo periodic updates.

Important Information Concerning the Asset Allocation Program after August 1, 2016

On and after August 1, 2016, the models in the Program no longer undergo periodic updates (the models became "static"). Any investment advisory agreement you previously entered into with AIC terminated, and AIC no longer makes updates to the models. Policy Owners received notice of the termination of their investment advisory agreement and additional notice that the models were becoming static. The models will remain invested in accordance with the most recent model allocations. You may continue rebalancing your allocation among the funds in your particular static model on a quarterly basis. You were not required to take any action to continue participating in a static model. You may allocate to a different static model or discontinue participating in static models.

To participate in the Program:

- You are responsible for determining which model is best for you. Your financial adviser can help you make this determination and may provide you with an investor questionnaire to help you define your investing style. There is no guarantee that the model you select is appropriate to your ability to withstand investment risk. We are not responsible for your selection of a specific Investment Option or model, or your decision to change to a different Investment Option.
- You must allocate all of your Policy Value to one asset allocation model. We must receive notice of your asset allocation model election by Written Notice before we can begin a Program for you. Only you can select which model is best for you. The Asset Allocation questionnaire can be an aid, but is just a tool; you will make your own selection. You may wish to consult with your own financial professional to determine whether participation in the Program is best for you, and if so, which model is most suitable.

- If you are currently participating in a Program model and you make changes to your allocations outside the model, you will be considered as having withdrawn from the Program. You will be required to communicate with the Service Center if you wish to make a transfer or trade. The Service Center will communicate that your election to execute a trade will result in the discontinuance of the Program for your Policy prior to you being able to execute any telephone transaction.
- You may participate in quarterly rebalancing where each quarter we will automatically rebalance the Subaccount values to be consistent with the allocation percentages for the Program model that you selected. Such rebalancing will be disclosed in quarterly statements to you. Performance of each model is updated monthly on our website and is available upon request.

The Program consists of five models, ranging from aggressive to conservative. On and after August 1, 2016, the static models will retain these descriptions.

- Aggressive Model The Aggressive Model is for long-term investors who want high growth
 potential and do not need current income. The model may entail substantial year-to-year volatility
 in exchange for potentially higher long-term returns. Losses are still possible.
- Capital Growth Model The Capital Growth Model is for long-term investors who want good growth potential and do not need current income. The model entails a fair amount of volatility, but not as much as the Aggressive Model. Losses are still possible.
- not as much as the Aggressive Model. Losses are still possible.

 Balanced Model The Balanced Model is for long-term investors who do not need current income and want some growth potential. The model is likely to entail some fluctuations, but presents less volatility than the overall equity market. Losses are still possible.
- Moderate Model The Moderate Model is for investors who seek current income and stability, with modest potential for increase in the value of their investments. Losses are still possible.
- Conservative Model The Conservative Model is for investors who seek current income and stability, and are less concerned about growth. Losses are still possible.

The Adding, Deleting, or Substituting Variable Investment Options Section above describes how changes to the Subaccounts' underlying portfolios will be addressed in the static models.

Potential Conflicts of Interest Relating to Program Models

We, and our affiliates, managed the competing interests that had the potential to influence the decision making with regard to the models by engaging a third party investment adviser to design the models and select the Investment Options for such models. Such competing interests included the following: AIC is compensated by us as principal underwriter for the Policies and as a distributor for a majority of our Policies. Calvert Variable Products, Inc. and Calvert Variable Series, Inc. (the "Calvert Funds"), have portfolios offered through the Policy. The Calvert Funds were advised by Calvert Investment Management, Inc. ("CIM"), an affiliate of ours prior to December 31, 2016, and certain of the Calvert Funds are subadvised by Ameritas Investment Partners, Inc. ("AIP") a current affiliate of ours. CIM was and AIP is compensated for administrative, advisory and sub-advisory services they provided or provide to Calvert Funds. Calvert Fund portfolios may or may not be included in the models. We may receive administrative services fees from other portfolios that are available as Investment Options or distribution fees. As a result of these competing interests the affiliated parties faced in this Program, there was an increased potential risk of a conflict of interest in these arrangements.

There is no additional charge for selecting the Program. Although asset allocation programs are intended to mitigate investment risk, there is a risk that investing pursuant to a model will still result in losses. The models will remain unchanged, thus, the percentages of your Policy value allocated to each portfolio within the selected model will not be changed by us, and subsequent purchase payments will be invested in the same model unless we receive new instructions. Over time, the static model you select may no longer align with its original investment objective due to the effects of underlying portfolio performance and changes in underlying portfolio investment objectives. Therefore, your investment may no longer be consistent with your objectives. Portfolio rebalancing may help address this risk, but this is not guaranteed. You should consult with your financial professional about how to keep your allocations in line with your current investment goals.

We may discontinue the Asset Allocation Program at any time. We reserve the right to modify the terms of the Program. We may configure new static models from time to time. We will provide advance notice of any such changes to the Program and inform you of your options.

2. Subaccount underlying portfolios available as variable investment options for your Policy are:

- 1. Ameritas Life has been advised that on October 20, 2016, Calvert Investment Management, Inc. and Ameritas Holding Company, both affiliates of Ameritas Life, entered into an asset purchase agreement with Eaton Vance Management ("Eaton Vance"), a newly formed subsidiary of Eaton Vance to operate as Calvert Research and Management ("New Calvert"), and other parties, pursuant to which New Calvert has agreed to acquire the business assets of Calvert Investment Management, Inc. Completion of the transaction is subject to shareholder approvals of new investment advisory agreements, among other conditions, and is currently expected to occur by the end of 2016 or early 2017.
- 2. Ivy Investment Management Company (IICO), an affiliate of Waddell & Reed Investment Management Company (WRIMCO), has entered into investment management agreements to provide investment advisory services to each portfolio of the Ivy Funds Variable Insurance Portfolios (Trust) and WRIMCO has terminated its investment management agreements with the Trust. The name of the Trust was changed to Ivy Variable Insurance Portfolios and the name of each portfolio is changed as set forth below.

The Variable Investment Options chart in your prospectus, and supporting material relating to your variable Contract or Policy, is revised as follows:

1. The Board of Directors of Calvert Variable Products, Inc. (the "Board") has approved a resolution to reorganize the Calvert VP SRI Large Cap Core Portfolio into the Calvert VP S&P 500 Index Portfolio (the "Reorganization"). Each Portfolio is a series of Calvert Variable Products, Inc.

The Board has recommended approval of the Reorganization by shareholders of the Calvert VP SRI Large Cap Core Portfolio. If the Reorganization is approved by the shareholders of the Calvert VP Large Cap Core Portfolio, it will be merged into the Calvert VP S&P 500 Index Portfolio on or about September 23, 2016. If your variable annuity Policy or variable life insurance Policy remains allocated to the Subaccount corresponding to Calvert VP SRI Large Cap Core Portfolio at the time the Reorganization is consummated, those Subaccount units will be replaced by units in the Subaccount corresponding to the Calvert VP S&P 500 Index Portfolio, and thereafter the value of your Policy will depend on the performance of the Subaccount corresponding to the Calvert VP S&P 500 Index Portfolio rather than the Subaccount corresponding to the Calvert VP SRI Large Cap Core Portfolio. The number of Calvert VP S&P 500 Index Subaccount units you receive will depend on the value of your Calvert VP SRI Large Cap Core Subaccount units at the time the Reorganization takes place.

If the Reorganization is approved, your prospectus is revised by deleting all mention of the Calvert VP SRI Large Cap Core Portfolio at the time of the Reorganization.

2. The Board of Directors of Calvert Variable Products, Inc. (the "Board") has approved a resolution to reorganize the Calvert VP Natural Resources Portfolio into the Calvert VP Russell 2000 Small Cap Index Portfolio (the "Reorganization"). Each Portfolio is a series of Calvert Variable Products, Inc.

The Board has recommended approval of the Reorganization by shareholders of the Calvert VP Natural Resources Portfolio. If the Reorganization is approved by the shareholders of the Calvert VP Natural Resources Portfolio, it will be merged into the Calvert VP Russell 2000 Small Cap Index Portfolio on or about September 23, 2016. If your variable annuity Policy or variable life insurance Policy remains allocated to the Subaccount corresponding to Calvert VP Natural Resources Portfolio at the time the

Reorganization is consummated, those Subaccount units will be replaced by units in the Subaccount corresponding to the Calvert VP Russell 2000 Small Cap Index Portfolio, Class I, and thereafter the value of your Policy will depend on the performance of the Subaccount corresponding to the Calvert VP Russell 2000 Small Cap Index Portfolio, Class I, rather than the Subaccount corresponding to the Calvert VP Natural Resources Portfolio. The number of Calvert VP Russell 2000 Small Cap Index Portfolio, Class I, Subaccount units you receive will depend on the value of your Calvert VP Natural Resources Subaccount units at the time the Reorganization takes place.

If the Reorganization is approved, your prospectus is revised by deleting all mention of the Calvert VP Natural Resources Portfolio at the time of the Reorganization.

- 3. Effective June 9, 2016, the "Calvert VP SRI Mid Cap Growth Portfolio" is renamed "Calvert VP SRI Mid Cap Portfolio," and all references are revised to reflect the name change. The corresponding Subaccount remains closed to new money.
- 4. Effective June 30, 2016, Morgan Stanley Investment Management Limited will no longer be a Sub-Adviser to the Universal Institutional Funds, Inc., Emerging Markets Equity Portfolio, Class I. Accordingly, effective June 30, 2016, the Investment Options chart in your prospectus is revised as follows:

FUND NAME Portfolio Name – Subadviser(s)	INVESTMENT ADVISER Portfolio Type / Summary of Investment Objective
The Universal Institutional Funds, Inc.	Morgan Stanley Investment Management Inc.
UIF Emerging Markets Equity Portfolio, Class I – Morgan Stanley Investment Management Company	Long-term capital appreciation by investing primarily in growth oriented equity securities of issuers in emerging market countries.

Please see the Portfolio prospectuses, as supplemented, for more information.

All other provisions of your Policy remain as stated in your Policy and prospectus as previously supplemented.

Please retain this Supplement with the current prospectus for your variable Policy issued by Ameritas Life Insurance Corp.

If you do not have a current prospectus, please contact Ameritas Life at 800-745-1112.

- 2. Please see the fund prospectuses for more information about subaccount underlying portfolios, including portfolio operating expenses for the year ended December 31, 2015.
- 3. The Asset Allocation Program section of your prospectus and SAI is deleted and replaced with the following:

ASSET ALLOCATION PROGRAM

We may offer an asset allocation program using models. However, you have the ability to construct your own asset allocation plan from among the Investment Options available in your Policy. Asset allocation programs using models are intended to match model risk tolerance and investment objectives with the Investment Options available in your Policy.

To assist you in your selection of an asset allocation model, we offer an Asset Allocation Program (the "Program"). The Program consists of models that were developed by an unaffiliated third party investment adviser. The unaffiliated third party investment adviser provided research and business support services relating to the models and selected the specific funds to populate each model from those available in the Policy. Ameritas Life paid for these consultant services at no additional cost to the Policy Owners.

Ameritas Investment Corp. ("AIC"), an affiliate of ours, has served as discretionary investment adviser for Program participants solely in connection with the development and periodic updates to the model portfolios. In this regard, AIC has entered into an investment advisory agreement with each Policy Owner participating in the Program. In its role as investment adviser, AIC relied upon the recommendations of third parties to provide research and business support services and select the specific funds to populate the models. AIC's role as investment adviser for development of and periodic updates to the models will terminate on August 1, 2016, and the models in the Program will no longer undergo periodic updates.

Important Information Concerning the Asset Allocation Program after August 1, 2016
On and after August 1, 2016, the models in the Program will no longer undergo periodic updates (the models will become "static"). The investment advisory agreement you have previously entered into with AIC will terminate, and AIC will no longer make updates to the models. Policy Owners will receive notice of the termination of their investment advisory agreement and additional notice that the models are becoming static. The models will remain invested in accordance with the most recent model allocations. You may continue rebalancing your allocation among the funds in your particular static model on a

quarterlý basis. You will not be required to take any action if you wish to continue participating in a static model. You may allocate to a different static model or discontinue participating in static models after August 1, 2016.

To participate in the Program:

• You are responsible for determining which model is best for you. Your financial adviser can help you make this determination and may provide you with an investor questionnaire to help you define your investing style. There is no guarantee that the model you select is appropriate to your ability to withstand investment risk. We are not responsible for your selection of a specific investment option or model, or your decision to change to a different Investment Option.

You must allocate all of your Policy Value to one asset allocation model. We must receive notice of your asset allocation model election by Written Notice before we can begin a Program for you. Only you can select which model is best for you. The Asset Allocation questionnaire can be an aid, but is just a tool; you will make your own selection. You may wish to consult with your own financial professional to determine whether participation in the Program is best for you, and if so, which model is most suitable.

If you are currently participating in a Program model and you make changes to your allocations outside the model, you will be considered as having withdrawn from the Program. You will be required to communicate with the Service Center if you wish to make a transfer or trade. The Service Center will communicate that your election to execute a trade will result in the discontinuance of the Program for your Policy prior to you being able to execute any telephone transaction.

You may participate in quarterly rebalancing where each quarter we will automatically rebalance the Subaccount values to be consistent with the allocation percentages for the Program model that you selected. Such rebalancing will be disclosed in quarterly statements to you. Performance of each model is updated monthly on our website and is available upon request. The Program consists of five models, ranging from aggressive to conservative. On and after August 1, 2016, the static models will retain these descriptions.

- Aggressive Model The Aggressive Model is for long-term investors who want high growth potential and do not need current income. The model may entail substantial year-to-year volatility in exchange for potentially higher long-term returns. Losses are still possible.
- for potentially higher long-term returns. Losses are still possible.

 Capital Growth Model The Capital Growth Model is for long-term investors who want good growth potential and do not need current income. The model entails a fair amount of volatility, but not as much as the Aggressive Model. Losses are still possible.
- Balanced Model The Balanced Model is for long-term investors who do not need current income and want some growth potential. The model is likely to entail some fluctuations, but presents less volatility than the overall equity market. Losses are still possible.
- volatility than the overall equity market. Losses are still possible.

 Moderate Model The Moderate Model is for investors who seek current income and stability, with modest potential for increase in the value of their investments. Losses are still possible.
- Conservative Model The Conservative Model is for investors who seek current income and stability, and are less concerned about growth. Losses are still possible.

The Adding, Deleting, or Substituting Variable Investment Options Section describes how changes to the Subaccounts' underlying portfolios will be addressed once the Program becomes static.

Potential Conflicts of Interest Relating to Program Models

We, and our affiliates, managed the competing interests that had the potential to influence the decision making with regard to the models by engaging a third party investment adviser to design the models and select the Investment Options for such models. Such competing interests include the following: AIC is compensated by us as principal underwriter for the Policies and as a distributor for a majority of our Policies. Calvert Variable Products, Inc. and Calvert Variable Series, Inc. (the "Calvert Funds"), have portfolios offered through the Policy. The Calvert Funds are advised by Calvert Investment Management, Inc. ("CIM"), an affiliate of ours, and certain of the Calvert Funds are subadvised by Ameritas Investment Partners, Inc. ("AIP") also an affiliate of ours. CIM and AIP are compensated for administrative, advisory and sub-advisory services they provide to Calvert Funds. Calvert Fund portfolios may or may not be included in the models. We may receive administrative services fees from other portfolios that are available as Investment Options or distribution fees. As a result of these competing interests the affiliated parties faced in this Program, there was an increased potential risk of a conflict of interest in these arrangements.

There is no additional charge for selecting the Program. Although asset allocation programs are intended to mitigate investment risk, there is a risk that investing pursuant to a model will still result in losses. The models will remain unchanged, thus, the percentages of your Policy value allocated to each portfolio within the selected model will not be changed by us, and subsequent purchase payments will be invested in the same model unless we receive new instructions. Over time, the static model you select may no longer align with its original investment objective due to the effects of underlying portfolio performance and changes in underlying portfolio investment objectives. Therefore, your investment may no longer be consistent with your objectives. Portfolio rebalancing may help address this risk, but this is not guaranteed. You should consult with your financial professional about how to keep your allocations in line with your current investment goals.

We may discontinue the Asset Allocation Program at any time. We reserve the right to modify the terms of the Program. We may configure new static models from time to time. We will provide advance notice of any such changes to the Program and inform you of your options.

All other provisions of your Policy remain as stated in your Policy and prospectus as previously supplemented.

Please retain this Supplement with the current prospectus for your variable Policy issued by Ameritas Life Insurance Corp.

The Asset Allocation Program (the "Program") disclosure in your prospectus is revised to reflect that Ameritas Life has engaged an unaffiliated third party investment expert to provide the fund-specific model recommendations that were previously provided by Ameritas Investment Partners, Inc. ("AIP"). Accordingly, the prospectus and SAI disclosure relating to the Program is revised to remove references to AIP as providing these services and to delete references to certain conflicts of interest related to AIP. The unaffiliated third party investment expert provides research and business support services relating to the models and selects the specific funds to populate each model from those available in the product. Ameritas Life pays for these consultant services at no additional cost to Policy Owners.

All other provisions of your Policy remain as stated in your Policy and prospectus as previously supplemented.

The contractual advisory fee rate of the Universal Institutional Funds, Inc. Emerging Markets Equity Portfolio, Class I (the "Portfolio") and total expense ratio cap of the Portfolio's Class I shares have been decreased, effective September 30, 2015. Accordingly, effective September 30, 2015, the following table replaces the Portfolio Company Operating Expenses table in your Policy prospectus for the Portfolio:

Subaccount's underlying Portfolio Name *	Management Fees	12b-1 Fees**	Other Fees	Acquired Fund Fees and Expenses	Total Portfolio Fees	and	Total Expenses after Waivers and Reductions, if any
UIF, Class I		-					
Emerging Markets Equity	0.95%	-	0.45%	-	1.40%	0.05%	1.35% ⁽¹⁾⁽²⁾

UIF (1) The Management Fees have been restated to reflect the decrease in the advisory fee schedule effective September 30, 2015

UIF (2) The Portfolio's "Adviser," Morgan Stanley Investment Management Inc., has agreed to reduce its advisory fee and/or reimburse the Portfolio so that Total Portfolio Fees, excluding certain investment related expenses, taxes, interest and other extraordinary expenses (including litigation), will not exceed 1.35%. The fee waivers and/or expense reimbursements will continue for at least one year or until such time as the Board of Directors of The Universal Institutional Funds, Inc. (the "Fund") acts to discontinue all or a portion of such waivers and/or reimbursements when it deems such action is appropriate.

- * Short cites are used in this list. The INVESTMENT OPTIONS section uses complete Portfolio names.
- ** Portfolios pay 12b-1 fees to us pursuant to Rule 12b-1 under the Investment Company Act of 1940, which allows investment companies to pay fees out of portfolio assets to those who sell and distribute portfolio shares. Some portfolios may also pay 0.05 to 0.25 percent of annual portfolio assets for us to provide shareholder support and marketing services.

All other provisions remain as stated in your Contract or Policy and prospectus, as supplemented.

Please retain this Supplement with the current prospectus for your variable Contract or Policy with Ameritas Life Insurance Corp.

Supplement Dated January 30, 2015

The Board of Trustees of the MFS[®] Research International Series (the "Target Fund") has approved the proposed reorganization of the Target Fund into the MFS[®] Research International Portfolio (the "Acquiring Fund"). The proposed transaction is still subject to approval by the shareholders of the Target Fund at a shareholders' meeting expected to be held in March 2015. The reorganization is expected to occur on or about March 27, 2015. No assurance can be given that the reorganization will occur.

Under the terms of the proposed Agreement and Plan of Reorganization, the Target Fund's assets and liabilities would be transferred to the Acquiring Fund in return for shares of the Acquiring Fund with equal total net asset value as of the valuation date. These Acquiring Fund shares would be distributed pro rata to shareholders of the Target Fund in exchange for their Target Fund shares. Current Target Fund shareholders would thus become shareholders of the Acquiring Fund and receive shares of the Acquiring Fund with a total net asset value equal to that of their shares of the Target Fund at the time of the reorganization. The proposed transaction is expected to be a tax-free event for federal income tax purposes.

If the reorganization occurs, Ameritas Life Contract and Policy Owners who are invested in the Subaccount corresponding to the Target Fund will become invested in the Subaccount corresponding to the Acquiring Fund. Specifically, such Owners will receive units of the Subaccount investing in the Initial Class shares of the Acquiring Fund equal to the value of their units of the Subaccount investing in the Initial Class shares of the Target Fund.

If the reorganization occurs, Ameritas Life will add a Subaccount corresponding to the Acquiring Fund to the investment options in your Policy and all references to the Target Fund in your prospectus are deleted and replaced as follows:

1. The list of variable investment options is revised to include MFS[®] Research International Portfolio, Initial Class.

FUND NAME Portfolio Name – Subadviser(s)	INVESTMENT ADVISER Portfolio Type / Summary of Investment Objective
MFS® Variable Insurance Trust II	Massachusetts Financial Services Company
MFS® Research International Portfolio, Initial Class	Seeks capital appreciation.

2. In the prospectuses for Overture Medley[®] and Excel Performance VUL, the table of **PORTFOLIO COMPANY OPERATING EXPENSES** for the year ended December 31, 2013 is revised to include the following:

Subaccount's underlying Portfolio Name *	Management Fees	12b-1 Fees	Other Fees	Acquired Fund Fees and Expenses	Total Portfolio Fees	Waivers and Reductions	Total Expenses after Waivers and Reductions, if any
MFS® VIT II, Initial Class							
Research International	0.90	-	0.10	-	1.00	-	1.00

^{*} Short cites are used in this list. The **INVESTMENT OPTIONS** section uses complete Portfolio names.

All other provisions remain as stated in your Contract or Policy and prospectus, as supplemented.

Supplement Dated September 18, 2014

The Board of Directors of Calvert Variable Products, Inc. ("CVP") has approved a resolution to reorganize the Calvert VP Inflation Protected Plus Portfolio into the Calvert VP Investment Grade Bond Index Portfolio (the "Reorganization"). Each Portfolio is a series of Calvert Variable Products, Inc.

The CVP Board has recommended approval of the Reorganization by shareholders of the Calvert VP Inflation Protected Plus Portfolio. If the Reorganization is approved by the shareholders of the Calvert VP Inflation Protected Plus Portfolio, it will be merged into the Calvert VP Investment Grade Bond Index Portfolio on or about November 14, 2014. If your variable annuity Contract or variable life insurance Policy remains allocated to the Subaccount corresponding to the Calvert VP Inflation Protected Plus Portfolio at the time the Reorganization is consummated, those units will be replaced by units corresponding to the Calvert VP Investment Grade Bond Index Portfolio, and thereafter the value of your Contract or Policy will depend on the performance of the Calvert VP Investment Grade Bond Index Portfolio rather than the Calvert VP Inflation Protected Plus Portfolio. The number of Calvert VP Investment Grade Bond Index Portfolio units you receive will depend on the value of your Calvert VP Inflation Protected Plus Portfolio units at the time the Reorganization takes place.

If the Reorganization is approved, your prospectus is revised by deleting all mention of the Calvert VP Inflation Protected Plus Portfolio at the time of the Reorganization.

All other provisions remain as stated in your Contract or Policy and prospectus, as supplemented.

Please retain this Supplement with the current prospectus for your variable Contract or Policy with Ameritas Life Insurance Corp.

Sustainable and Responsible Investment ("SRI")

- 2. Please see the fund prospectuses for more information about subaccount underlying portfolios, including portfolio operating expenses for the year ended December 31, 2013.
- The sixth bullet of the **Asset Allocation Program** section is revised to read as follows:

If you are currently participating in a Program model and you make changes to your allocations outside the model, you will not receive future notifications of model changes. You will then be considered as having withdrawn from the Program and as having cancelled your relationship with AIC for purposes of implementing the Program with your Policy. You will be required to communicate with the Service Center if you are in the Program, but wish to make an online transfer or trade. The Service Center will communicate that your election to execute a trade will result in the discontinuance of the Program for your Policy prior to you being able to execute any telephone or online transaction.

4. The Legal Proceedings section in your prospectus is deleted and replaced with the following:

LEGAL PROCEEDINGS

We and our subsidiaries, like other life insurance companies, are subject to regulatory and legal proceedings in the ordinary course of our business. Certain of the proceedings we are involved in assert claims for substantial amounts. While it is not possible to predict with certainty the ultimate outcome of any pending or future case, legal proceeding or regulatory action, we do not expect the ultimate result of any of these actions to result in a material adverse effect on the Separate Account, our ability to meet our obligations under the Policies, or AIC's ability to perform its obligations. Nonetheless, given the large or indeterminate amounts sought in certain of these matters, and the inherent unpredictability of litigation, it is possible that an adverse outcome in certain matters could, from time to time, have a material adverse effect on any or all of the above.

All other provisions of your Policy remain as stated in your Policy and prospectus as previously supplemented.

The Calvert Variable Series, Inc. Board of Directors approved, effective as of September 11, 2013, (1) the removal of New Amsterdam Partners LLC ("New Amsterdam") as an investment subadvisor for Calvert VP SRI Balanced Portfolio (the "Portfolio") and (2) the assumption of responsibility by the current investment advisor, Calvert Investment Management, Inc., for the day to day management of the equity assets previously managed by New Amsterdam.

Therefore, in the Separate Account Variable Investment Options section of your prospectus, the reference to New Amsterdam as subadvisor to the Portfolio is removed.

Please see the Portfolio prospectus, as supplemented, for more information.

Medley! and Overture Medley ® Prospectuses Dated May 1, 2013

Supplement Dated August 28, 2013

Effective on or about September 3, 2013, Dreman Value Management, L.L.C. will no longer serve as subadvisor to the DWS Small Mid Cap Value VIP Portfolio, Class A of the DWS Variable Series II. The Separate Account Variable Investment Options chart in your prospectus is updated to remove reference to Dreman Value Management, L.L.C. as subadvisor to this Portfolio.

Please see the respective DWS Small Mid Cap Value VIP Portfolio, Class A prospectus, as supplemented, for more information.

All other provisions of your Policy remain as stated in your Policy and prospectus as previously supplemented.

Please retain this Supplement with the current prospectus for your variable Policy issued by Ameritas Life Insurance Corp.

Allocator 2000 Prospectus Dated September 1, 2010

Medley! Prospectus Dated May 1, 2013

Supplement Dated August 16, 2013

This supplement describes changes to the variable investment options available under your Policy. You should read this information carefully and retain this supplement for future reference together with the Prospectus for your Policy. [All capitalized terms used but not defined herein have the same meaning as those included in the Prospectus.]

New Variable Investment Option

1. The list of variable investment options on page 1 of Overture Annuity, Overture Annuity II, Overture Annuity III, Overture Accent!, Overture Acclaim!, Medley!, Designer Annuity and Allocator 2000 Annuity is revised to include the following: *

FIDELITY ® VIP Initial Class
Money Market

- * Short cites are used in this list. The **Separate Account Variable Investment Options** section of the prospectus uses complete fund and portfolio names.
- 2. The table of **Separate Account Variable Investment Options** is revised to include the following:

FUND NAME Portfolio Name Subadviser(s)	INVESTMENT ADVISER Portfolio Type / Summary of Investment Objective	
Fidelity® Variable Insurance Products	Fidelity Management & Research Company	
	Current income.	
Subadvisers: (1) Fidelity Investments Money Management, Inc. and (2) other investment advisers serve as sub-advisers for the fund.		

Portfolio Substitution

3. We have filed an application with the Securities and Exchange Commission (the "SEC") seeking an order approving the substitution of shares of the Fidelity VIP Money Market Portfolio, Initial Class for shares of the Calvert VP Money Market Portfolio.

The effect of the substitution would permit us to replace the Calvert VP Money Market Portfolio ("Existing Fund") with the Fidelity VIP Money Market Portfolio ("Replacement Fund") as an investment option under the Policies. The Existing Fund and Replacement Fund are described in their respective summary prospectuses, which are available at no charge by contacting Customer Service at 1-800-745-1112, or by logging into your account on the internet service center at Ameritas.com.

Until the date of the substitution, Policy value currently allocated to the Calvert VP Money Market Portfolio may remain invested in the corresponding Subaccount, and transfers of Policy value into and out of that Subaccount will be allowed. Any allocation to the Calvert VP Money Market Portfolio pursuant to an asset allocation model will continue according to the model until the date of any substitution unless we receive different allocation instructions from you.

We anticipate the substitution will occur on or around November 15, 2013. From the date of this supplement to the date of the substitution, if you have allocations to the Calvert VP Money Market Portfolio Subaccount, you may transfer such allocations to any other available Subaccount without any charge or limitation (except potentially harmful transfers (see "Disruptive Trading Procedures" in the Prospectus)) and without the transfer counting toward the number of free transfers that otherwise may be made in a given Policy Year.

If carried out, the proposed substitution would result in any Policy value you have allocated to the Subaccount funded by the Existing Fund being, in effect, transferred at relative net asset value to a Subaccount investing in the Replacement Fund. We will pay all expenses incurred in connection with the substitution. There would be no tax consequences resulting from this exchange. After the substitution, the Subaccount funded by the Existing Fund will no longer be available for investment under the Policy.

Once the substitution occurs, unless you instruct us otherwise, any existing or future instruction that designates the Subaccount funded by the Existing Fund will be deemed to be an instruction for the Subaccount funded by the Replacement Fund. This includes, but is not limited to, instructions for purchase payments, partial withdrawals, and transfer instructions (including instructions under any automatic or systematic transfer option). All references in your prospectus to the Existing Fund will be replaced with a reference to the Replacement Fund.

From the date of the substitution, until at least thirty (30) days after the substitution, you are permitted to transfer Policy value out of the Subaccount investing in the Replacement Fund to one or more other Subaccounts or the fixed account (if available) within the Policy without any charge or limitation (except potentially harmful transfers (see "Disruptive Trading Procedures" in the Prospectus)) and without the transfer being treated as one of a limited number of free transfers allowed under your Policy. If you would like to make a transfer of Policy value, please contact Customer Service at 1-800-745-1112, or log into your account on the internet service center at Ameritas.com.

Information about the Replacement Fund, its investment policy, risks, fees and expenses and other aspects of its operations, can be found in its prospectus, which you should read carefully. THERE IS NO ASSURANCE THAT ANY NEW FUND WILL ACHIEVE ITS STATED OBJECTIVE.

If you have any questions about this proposed substitution, please contact a Customer Service representative at 1-800-745-1112.

All other provisions of your Policy remain as stated in your Policy and prospectus, as previously supplemented.

Please retain this supplement with the current prospectus for your variable policy issued by Ameritas Life Insurance Corp.

If you do not have a current prospectus, please contact Ameritas Life at 1-800-745-1112.

Overture Medley ® Prospectus Dated August 27, 2012

Supplement Dated January 18, 2013

The Calvert Variable Series, Inc. Board of Directors (the "Board") approved (i) the removal of the investment subadviser for Calvert VP SRI Strategic Portfolio (the "Portfolio") and (ii) the assumption of the day-to-day management of the Portfolio by the current investment adviser, Calvert Investment Management, Inc., effective as of December 13, 2012. The portfolio manager change does not affect the Portfolio's investment objective.

The Board also approved the reorganization of the Portfolio into the Calvert VP S&P 500 Index Portfolio and recommended approval of the reorganization by Portfolio shareholders. If the Portfolio's shareholders approve the reorganization, the Portfolio will be merged into the Calvert VP S&P 500 Index Portfolio on or about April 30, 2013. If your variable annuity or variable life insurance policy remains invested in Portfolio shares at the time the reorganization is consummated, your Portfolio shares will be replaced by shares of Calvert VP S&P 500 Index Portfolio and thereafter the value of your Account will depend on the performance of Calvert VP S&P 500 Index Portfolio, rather than that of the Portfolio.

The portion of the Separate Account Variable Options chart relating to this Portfolio is revised to read as follows:

FUND NAME Portfolio Name Subadviser(s)	INVESTMENT ADVISER Portfolio Type / Summary of Investment Objective
Calvert Variable Series, Inc.*	Calvert Investment Management, Inc.
Calvert VP SRI Strategic Portfolio – No Subadviser	Long-term capital appreciation; current income is
	secondary.

^{*} This fund is part of Ameritas Mutual Holding Company ("Ameritas [®]"), the ultimate parent of Ameritas Life. The fund's investment adviser and Calvert Investment Distributors, Inc., the underwriter for this fund, are indirect subsidiaries of Ameritas.

- Please see the fund prospectuses for more information about subaccount underlying portfolios, including portfolio operating expenses for the year ended December 31, 2011.
- The **Asset Allocation Program** section of the prospectus is revised as follows:
 - The following sentences are added at the end of the first paragraph:

We also obtain research and business support services relating to models from unaffiliated

consultants. We pay for these consultant services, at no additional cost to Policy Owners.

In the Potential Conflicts of Interest first paragraph, the fourth sentence is deleted and replaced with the following:

We may receive fees for administrative services from other portfolios in the models.

- The SAI **ASSET ALLOCATION PROGRAM** text is revised as follows:
 - In The Asset Allocation Program Models section, the first two sentences are deleted and replaced with the following:

Development of the Program models is a multi-step process. First, we obtain research relating to models from an unaffiliated firm, then an optimization analysis is performed to determine the breakdown of asset classes.

In the **Potential Conflicts of Interest** paragraph, the sentence, "We and AIC may receive revenue sharing from other portfolios that are available as investment options or distribution fees." is deleted and replaced with the following:

We may receive revenue sharing from other portfolios that are available as investment options or distribution fees.

* These funds are part of and their investment adviser and Sur	mmit are indirect subsidiaries of the LINIEI ® Mutual

^{*} These funds are part of and their investment adviser and Summit are indirect subsidiaries of the UNIFI $^{\circ}$ Mutual Holding Company (UNIFI $^{\circ}$), the ultimate parent of Ameritas Life. Also, Calvert Investment Distributors, Inc. (named Calvert Distributors, Inc. prior to 4/30/11), an indirect subsidiary of UNIFI $^{\circ}$, is the underwriter for these funds.

2. Please see the fund prospectuses for more information about subaccount underlying portfolios, including portfolio operating expenses for the year ended December 31, 2010.

- **3.** The prospectus sections on systematic transfer programs (Dollar Cost Averaging, Portfolio Rebalancing, and Earnings Sweep) are revised by deleting the phrase "or by Internet when available" each time it appears in that section. We currently do not process Internet instructions for systematic programs, although the Internet may be used for other Policy communications, as stated in the **Transfers** section of your prospectus.
- **4.** In the **Asset Allocation Program** section of the prospectus, the reference to "AIC's Form ADV Part II" is deleted and replaced with "AIC's Form ADV Part 2A, Appendix 1."
- 5. In the prospectus and the Statement of Additional Information ("SAI"), references to our affiliate, Summit Investment Advisors, Inc., are revised to the short cite "Summit."
- **6.** In the **Asset Allocation Program** section of the prospectus and in the SAI, the name of our affiliate, which is the adviser of the Calvert Funds, is changed to Calvert Investment Management, Inc. (named Calvert Asset Management Company, Inc. prior to April 30, 2011). References to Calvert Investment Management, Inc. are revised to the short cite "CIM."
- 7. The SAI ASSET ALLOCATION PROGRAM text is revised as follows:
 - **a.** In the **Asset Allocation Program Models** section, the sentence "First, SIA performs an optimization analysis to determine the breakdown of asset classes." is deleted and replaced with the following:

First, an optimization analysis is performed to determine the breakdown of asset classes. Next, after the asset class exposures are known, a determination is made of how available investment options can be used to implement the asset class level allocations.

b. In the second paragraph of the **Periodic Updates of the Models and Notices of Updates** section, the sentence "This means the allocation of your accumulated value, and potentially the investment options in which you are invested, will automatically change and your accumulated value and any subsequent premium payments will be automatically reallocated among the investment options in your updated model (independently of the automatic quarterly rebalancing)." is deleted and replaced with the following:

This means the allocation of your accumulated value, and potentially the investment options in which you are invested, will automatically change and your accumulated value and any subsequent premium payments will be automatically reallocated among the investment options in your updated model when your next automatic quarterly rebalancing occurs.

c. In the first paragraph on **Potential Conflicts of Interest**, the sentence "SIA analyzes all our model investment options and their underlying portfolios; it evaluates and recommends the selection, allocation weighting, and periodic updates regarding portfolios in the models." is deleted and replaced with the following:

Summit analyzes all our model investment options and their underlying portfolios; it evaluates and recommends the selection of specific funds and periodic updates regarding portfolios in the models. In developing these recommendations, Summit consults with unaffiliated third parties to obtain information on asset class-level allocation weightings and the impact of the models on insurance reserves.

All other provisions of your Policy remain as stated in your Policy and prospectus as previously supplemented.

Please retain this Supplement with the current prospectus for your variable Policy issued by Ameritas Life Insurance Corp.

If you do not have a current prospectus, please contact Ameritas Life at 1-800-745-1112.

Ameritas Variable Separate Account V
Statements of Additional Information Dated May 1, 2010

Supplement Dated July 12, 2010

This supplement amends certain disclosures contained in the above-referenced prospectuses and Statements of Additional Information ("SAI"). Please keep this supplement together with your prospectus and SAI for future reference.

Effective as of July 1, 2010, Summit Investment Advisors, Inc. ("SIA") is responsible for the day-to-day management of certain Calvert Variable Products, Inc. Portfolios and has assumed all of the rights and obligations of Summit Investment Partners, Inc. ("SIP") under the Investment Subadvisory Agreement between SIP and Calvert Asset Management Company, Inc., the Advisor to the Portfolios, dated December 12, 2008. This change is the result of an internal corporate reorganization. Due to the common ownership, management and control of SIA and SIP this change does not constitute an "assignment" under the Investment Company Act of 1940 or the Investment Advisers Act of 1940. SIA is an indirect subsidiary of UNIFI Mutual Holding Company, the ultimate parent of Ameritas Life.

Accordingly, as of July 1, 2010, all funds that were previously sub-advised by SIP are now sub-advised by SIA. Therefore, all references to SIP are changed to read SIA in the **INVESTMENT OPTIONS** section of your prospectus, as well as the Asset Allocation Program section of the SAI.

All other provisions of your Policy remain as stated in your Policy, prospectus and SAI, as previously amended.

This supplement should be retained with the current prospectus and SAI for your variable Policy issued by Ameritas Life Insurance Corp.

If you do not have a current prospectus or SAI, please contact Ameritas Life at 1-800-745-1112.

2. The following paragraphs are added to your prospectus Separate Account and Transfers sections:

Resolving Material Conflicts – Underlying Investment Interests

In addition to serving as underlying portfolios to the Subaccounts, the portfolios are available to registered separate accounts of other insurance companies offering variable annuity and variable life insurance contracts. We do not currently foresee any disadvantages to you resulting from the fund companies selling portfolio shares to fund other products. However, there is a possibility that a material conflict of interest may arise between Policy Owners and the owners of variable contracts issued by other companies whose values are allocated to one of the portfolios. Shares of some of the portfolios may also be sold to certain qualified pension and retirement plans qualifying under section 401 of the Internal Revenue Code. As a result, there is a possibility that a material conflict may arise between the interests of Owners or owners of other contracts (including contracts issued by other companies), and such retirement plans or participants in such retirement plans. In the event of a material conflict, we will take any necessary steps to resolve the matter, including removing that portfolio as an underlying investment option of the Separate Account. The Board of Directors of each fund company will monitor events in order to identify any material conflicts that may arise and determine what action, if any, should be taken in response to those events or conflicts. See the accompanying prospectuses of the portfolios for more information.

Omnibus Orders

Purchase and redemption orders received by the portfolios generally are "omnibus" orders from intermediaries such as retirement plans and separate accounts funding variable insurance products. The omnibus orders reflect the aggregation and netting of multiple orders from individual retirement plan participants and individual owners of variable insurance products. The omnibus nature of these orders may limit the ability of the portfolios to apply their respective disruptive trading policies and procedures. We cannot guarantee that the portfolios will not be harmed by transfer activity relating to the retirement plans or other insurance companies that may invest in the portfolios. These other insurance companies are responsible for their own policies and procedures regarding frequent transfer activity. If their policies and procedures fail to successfully discourage harmful transfer activity, it will affect other owners of portfolio shares, as well as the owners of all variable life insurance or variable annuity contracts, including ours, whose variable investment options correspond to the affected portfolios. In addition, if a portfolio believes that an omnibus order that we submit may reflect one or more transfer requests from Owners engaged in disruptive trading, the portfolio may reject the entire omnibus order and thereby delay or prevent us from implementing your request.

Any references to "mixed and shared funding" are deleted from the prospectus.

3. References to Rule 12h-7 are deleted and replaced with the following text:

Ameritas relies on the exemption provided by Rule 12h-7 to file reports under the Securities Exchange Act of 1934.

- 4. Any references to IMSA membership are deleted.
- 5. The Model Asset Allocation section of your prospectus is deleted and replaced with the following:

☐ Asset Allocation Program

We may offer an asset allocation program using models. However, you always have the ability to construct your own asset allocation plan from among the investment options available in your Policy. Asset allocation programs using models are intended to match model risk tolerance and investment objectives with the investment options available in your Policy.

To assist you in your selection of an asset allocation model, our Asset Allocation Program (the "Program") uses fund-specific model recommendations developed by our affiliate, Summit Investment Advisors, Inc. ("SIA"). These recommendations are offered to you through an agreement between Ameritas and SIA. The Program consists of five models, ranging from aggressive to conservative. SIA provides Ameritas Investment Corp. ("AIC"), our majority owned subsidiary, with ongoing recommendations and monitoring of the portfolios that comprise the models.

To participate in the Program:

- AIC will serve as your investment adviser fiduciary for the Program solely for purposes of development of the models and periodic updates to the models. You must give AIC your written consent and discretionary authority for AIC to give us instructions to allocate your premiums (or, for an existing Policy, Policy value) pursuant to the allocations of the model you select. AIC will also periodically instruct us to change your allocations consistent with any changes to the model made by AIC as recommended by SIA. AIC has no discretionary authority to execute any other transfers for your Policy.
- You must complete the Asset Allocation questionnaire.
- You must allocate all of your Policy value to one asset allocation model. We must receive notice of your asset allocation model election by Written Notice before we can begin a Program for you. Only you can select which model is best for you. The Asset Allocation questionnaire can be an aid, but neither it nor AIC will make this decision for you. You may wish to consult with your own financial professional to determine whether participation in the Program is best for you, and if so, which model is most suitable.
- Each quarter we will automatically rebalance the Subaccount values to be consistent with the allocation percentages for the Program model that you selected. Such rebalancing will be disclosed in quarterly statements to you. Performance of each model is updated daily on our website and is available upon request.
- At least annually, AIC will re-evaluate and may make changes to each investment level model based upon SIA's recommendations. When AIC updates the models, we will send you written notice of the updated models at least 30 days in advance of the date the updated models are to be effective. If you wish to accept the changes in your selected model, you will not need to take any action, as your Policy value and any subsequent premium will be automatically reallocated pursuant to the updated model. If you do not wish to accept the changes to your selected model, you can change to a different model or withdraw from the Program.
- If you are currently participating in a Program model and you make changes to your allocations outside the model, you will not receive future notifications of model changes. You will then be considered as having withdrawn from the Program and as having cancelled your relationship with AIC for purposes of implementing the Program with your Policy. For this reason, you will not be able to execute trades online if you participate in the Program. You will be required to talk to a Service Center representative if you are in the Program, but wish to make a transfer or trade. The Service Center representative will explain to you, prior to executing any telephone transaction, that your election to execute a trade will result in the discontinuance of the Program for your Policy.
- If participation in the Program terminates, including by death of the Owner, Policy value will not be reallocated automatically if the model is changed, and thus will not reflect the most current allocation recommendations. Any additional premiums received after the death of the Owner will be returned.

Potential Conflicts of Interest

AIC and SIA may be subject to competing interests that have the potential to influence their decision making with regard to the models. AIC is compensated by us as principal underwriter for the Policies. SIA is compensated by us for its fund-specific model recommendations, and its ongoing oversight of the available investment options. We and AIC may receive fees for administrative services from other portfolios in the models. This additional compensation and related responsibilities may create conflicts of interest as AIC determines what portfolios should be in the models. Also, Calvert Variable Products, Inc. and Calvert Variable Series, Inc. (the "Calvert Funds"), which are part of the UNIFI Mutual Holding Company and therefore are affiliated with us, have portfolios offered through the Policy. The Calvert Funds are advised by Calvert Asset Management Company, Inc. ("CAMCO"), an affiliate of ours, and certain of the Calvert Funds are subadvised by Summit Investment Partners, Inc. ("Summit"), also an affiliate of ours. CAMCO and Summit are compensated for advisory oversight, subadvisory, and administrative services. Calvert Fund portfolios may or may not be included in the models. SIA may have an incentive to recommend certain portfolios that have administrative, advisory or subadvisory services provided by CAMCO and Summit. As a result of the competing interests the affiliated parties face in this Program, there is an increased potential risk of a conflict of interest in these arrangements.

There is no additional charge for selecting the Program. Although asset allocation programs are intended to mitigate investment risk, there is a risk that investing pursuant to a model will still lose value. For information about risks of participating in the Program and more detail about the Program, including more information about conflicts of interest, ask for a copy of the Separate Account's Statement of Additional Information. More information about AIC's role as investment adviser for the Program is available on AIC's Form ADV Part II which is delivered to you at the time you subscribe to the Program. We may modify or discontinue the Asset Allocation Program at any time.

6. The Model Asset Allocation section of your Statement of Additional Information is deleted and replaced with the following:

ASSET ALLOCATION PROGRAM

The Service

Ameritas Investment Corp. ("AIC"), a majority owned subsidiary of Ameritas, has developed several asset allocation models, each based on different profiles of an investor's willingness to accept investment risk, and provided exclusively through our Policies as the Asset Allocation Program (the "Program"). AIC periodically (typically annually) evaluates and updates the models. In developing and periodically updating the models, AIC currently relies on the fund-specific model recommendations made by Summit Investment Advisors, Inc. ("SIA"), a registered investment advisor, which, like Ameritas, is wholly owned by AHC and ultimately by UNIFI. AIC may change the firm it uses, or, as is currently the case, may use no independent firm when developing the models for the Program.

If you choose to subscribe to the Program, AIC will serve as your investment adviser solely for purposes of development of the Program models and periodic updates of the models.

If you choose to subscribe to the Program, AIC instructs us to allocate your initial premium (in the case of a new application) or accumulated value, as applicable, to the investment options according to the model you select, to similarly allocate subsequent premium, and to periodically automatically reallocate your accumulated value or premium payments. Your Policy value will be rebalanced quarterly consistent with your selected model.

The Asset Allocation Program Models

Development of the Program models is a two-step process. First, SIA performs an optimization analysis to determine the breakdown of asset classes. Next, after the asset class exposures are known, a determination is made of how available investment options can be used to implement the asset class level allocations. Investment options are selected in a way intended to optimize potential returns for each model, given a particular level of risk tolerance. SIA may also choose passively managed index investment options to optimize returns for a given risk profile. SIA's philosophy on selecting active investment managers centers on choosing experienced managers that add value over time, using a consistent process, and staying on mandate across market cycles. When selecting investment options, SIA looks for competitive fees, tenured fund management, and total returns that are competitive to their peers. SIA avoids managers holding "off-mandate" exposures, or other significant portfolio concentrations that could lead to sharp performance deviations. This process could, in some cases, result in the inclusion of an investment option in a model based on its specific asset class exposure or other specific optimization factors, even where another investment option may have better historical performance.

Periodic Updates of the Models and Notices of Updates

Each model is evaluated periodically (generally, annually) to assess whether the combination of investment options within each model should be changed to better seek to optimize the potential return for the level of risk tolerance intended for the model. As a result, each model may change, and the investment options used within a model may change.

When your selected model is updated, AIC instructs us to automatically reallocate your accumulated value and any subsequent premium payments in accordance with any changes to the model you have selected. This means the allocation of your accumulated value, and potentially the investment options in which you are invested, will automatically change and your accumulated value and any subsequent premium payments will be automatically reallocated among the investment options in your updated model (independently of the automatic quarterly rebalancing). AIC requires that you give it discretionary investment authority to periodically instruct us to reallocate your accumulated value and any subsequent premium payments in accordance with the updated version of the model you have selected, if you wish to participate in the Program.

When AIC updates the models, we will send you written notice of the updated models at least 30 days in advance of the date the updated models are to be effective. If you wish to accept the changes in your selected model, you will not need to take any action, as your Policy value and any subsequent premium will be automatically reallocated pursuant to the updated model. If you do not wish to accept the changes to your selected model, you can change to a different model or withdraw from the Program.

Risks

Although asset allocation models are designed to optimize returns given the various levels of risk, there is no assurance that a model portfolio will not lose money or that investment results will not experience volatility. Investment performance of your accumulated value could be better or worse by participating in a Program model than if you had not participated. A model may perform better or worse than any single investment option or asset class or other combinations of investment options or asset classes. Model performance is dependent upon the performance of the component investment options (and their underlying portfolios). The timing of your investment and the automatic quarterly rebalancing may affect performance. Your accumulated value will fluctuate, and when redeemed, may be worth more or less than the original cost.

Periodic updating of the models can cause the underlying portfolios to incur transaction expenses to raise cash for money flowing out of the portfolios or to buy securities with money flowing into the portfolios. These expenses can adversely affect performance of the pertinent portfolios and the models.

Potential Conflicts of Interest. AIC and SIA may be subject to competing interests that have the potential to influence decision making with regard to the models. In addition to its limited role as investment adviser under the Program, AIC is also compensated by us as principal underwriter for the Policies. Also, Calvert Variable Portfolios, Inc. and Calvert Variable Series, Inc. (the "Calvert Funds"), which are part of the UNIFI Mutual Holding Company and therefore are affiliated with us, have portfolios offered through the Policy. The Calvert Funds are advised by Calvert Asset Management Company, Inc. ("CAMCO"), an affiliate of ours, and certain of the Calvert Funds are subadvised by Summit Investment Partners, Inc. ("Summit"), also an affiliate of ours. CAMCO and Summit are compensated for administrative, advisory and subadvisory services they provide. Calvert Fund portfolios may or may not be included in the models. We and AIC may receive revenue sharing from other portfolios that are available as investment options or distribution fees. AIC may have an incentive to use certain portfolios in the models that provide higher revenue sharing or advisory fees. AIC may believe that certain portfolios may benefit from additional assets or could be harmed by redemptions. SIA analyzes all our model investment options and their underlying portfolios; it evaluates and recommends the selection, allocation weighting, and periodic updates regarding portfolios in the models. Neither AIC nor we dictate to SIA the number of portfolios in a model, the percent that any portfolio represents in a model, or which portfolios may be selected (other than to require exclusion of any portfolio that is expected to be liquidated, merged into another portfolio, or otherwise closed). SIA may have an incentive to recommend certain portfolios that have administrative, advisory or subadvisory services provided by CAMCO and Summit. As a result of the competing interests the affiliated parties face in this Program, there is an increased potential risk of a conflict of interest in these arrangements.

AIC and we are under no obligation to continue the Program, or any asset allocation program, and have the right to terminate or change such services at any time.

All other provisions of your Policy remain as stated in your Policy and prospectus, as previously supplemented.

Prospectuses Dated May 1, 2007

OVERTURE OVATION and PROTECTOR hVUL Prospectuses Dated May 1, 2008

Supplement Dated May 1, 2009

This supplement amends certain disclosure contained in the above-referenced prospectuses for the policies with the same names. Please keep this supplement together with your prospectus for future reference. Please note that some information provided below may not be applicable to you, as all underlying portfolios may not be available as subaccount investment options under your policy.

- 1. Effective May 1, 2009, Ameritas will add the following underlying portfolios as subaccount investment options to your Policy. Not all funds are added to all products; refer to the footnotes to the charts below.
 - A. The following Fund/Portfolio* information is added to all places where the investment options of the Separate Account are listed:

AIM Global Real Estate Fund, Series I	
Fidelity® VIP Mid Cap Portfolio **	
PIMCO Total Return Portfolio, Administrative Class	

^{*}Short cites are used in this list. The Separate Variable Account "Investment Options" section uses complete portfolio names.

**The "Initial Class" of this portfolio is available for the Overture Applause!, Overture Applause! II, Overture Bravo!, Corporate Benefit VUL, Overture Encore!, Ovation, and Protector hVUL. The Service Class 2 is available for the Overture Annuity II, Overture Annuity III, Overture Annuity III, Overture ACCENT!.

B. The following information is added to the prospectus's **Separate Account Variable Investment Options** section:

FUND NAME	Investment Adviser	
Portfolio Name – Subadviser(s)	Portfolio Type / Summary of Investment Strategy	
AIM Variable Insurance Funds	Invesco Aim Advisors, Inc.	
AIM V.I. Global Real Estate Fund, Series I –	High total return through growth of capital and current income.	
- Subadvisers: Invesco Trimark Ltd.; Invesco Global Asset Management (N.A.), Inc.; Invesco Institutional (N.A.), In Invesco Senior Secured Management, Inc.; Invesco Hong Kong Limited; Invesco Asset Management Limited; Invesco Asset Management (Japan) Limited; Invesco Asset Management Deutschland, GmbH; and Invesco Australia Limited		
Fidelity® Variable Insurance Products Fidelity Management & Research Company		
Fidelity® VIP Mid Cap Portfolio** –	Long-term growth.	
- Subadvisers: Fidelity Research & Analysis Company, Fidelity International Investment Advisors, Fidelity Internatio Investment Advisors (U.K.) Limited, FMR Co., Inc., Fidelity Investments Japan Limited, and Fidelity Management & Resea (U.K.) Inc.		
PIMCO Variable Insurance Trust	Pacific Investment Management Company LLC	
PIMCO Total Return Portfolio, Administrative Class	Total return.	

**The "Initial Class" of this portfolio is available for the Overture Applause!, Overture Applause! II, Overture Bravo!, Overture Encore!, Corporate Benefit VUL, Overture Ovation, and Protector hVUL. The "Service Class 2" is available for the Overture Annuity II, Overture Annuity III, Overture Annuity III, Overture ACCENT!.

C. Please see the respective fund prospectus for more information about the portfolios, including **Portfolio** Company Operating Expenses.

2. The following is inserted at the end of the "Separate Account Value" section of your prospectus (for those prospectuses that include the first two sentences below, the following replaces the last paragraph of the "Separate Account Value" section):

An investment in money market funds is neither insured nor guaranteed by the U.S. Government. There can be no assurance that the funds will be able to maintain a stable net asset value of \$1.00 per share. Notwithstanding the preceding statements, Owners will be guaranteed to receive \$1.00 net asset value for amounts they had invested in the money market account as of September 19, 2008, subject to the terms of the U.S. Treasury's Temporary Guarantee Program for Money Market Funds (the "Program"). The Program is currently set to expire on September 18, 2009.

3. To clarify our current administrative procedures, the section on "Adding, Deleting, or Substituting Variable Investment Options" is deleted and replaced with the following:

We do not control the Subaccounts' underlying portfolios, so we cannot guarantee that any of the portfolios will always be available. We retain the right to change the investments of the Separate Account, and to eliminate the shares of any Subaccount's underlying portfolio and substitute shares of another series fund portfolio, if the shares of the underlying portfolio are no longer available for investment or if, in our judgment, investment in the portfolio would be inappropriate in view of the purposes of the Separate Account. We may add new Separate Account underlying portfolios, or eliminate existing underlying portfolios, when, in our sole discretion, conditions warrant a change. In all of these situations, we will receive any necessary SEC and state approval before making any such change. Our Separate Account may be (i) operated as an investment management company or any other form permitted by law, (ii) deregistered with the SEC if registration is no longer required, or (iii) combined with one or more other separate accounts. To the extent permitted by law, we also may transfer assets of the Separate Account to other accounts. Where permitted by applicable law, we reserve the right to remove, combine or add Subaccounts. Subaccounts may be closed to new or subsequent premium payments, transfers or premium allocations. We will receive any necessary SEC and state approval before making any of these changes. We will notify you of any changes to the variable investment options.

- 4. The third bullet of the "Transfers" section "Transfer Rules" is replaced with the following:
 - The transferred amount must be at least \$250, or the entire Subaccount or Fixed Account value if it is less. (If the value remaining after a transfer will be less than \$250 in a Subaccount or \$100 in the Fixed Account, we will include that amount as part of the transfer.)
 - If the Dollar Cost Averaging systematic transfer program is used, then the minimum transfer amount out of a Subaccount or the Fixed Account is the lesser of \$250 or the balance in the Subaccount or Fixed Account. Under this program, the maximum amount that may be transferred from the Fixed Account each month is 1/36th of the value of the Fixed Account at the time the Dollar Cost Averaging program is established. While a Dollar Cost Averaging program is in effect, elective transfers out of the Fixed Account are prohibited.
 - The Portfolio Rebalancing and Earnings Sweep systematic transfer programs have no minimum transfer limits
- 5. In the Overture Annuity III, Overture Annuity III-P, Overture ACCENT!, and Overture ACCLAIM! prospectuses, the POLICY DISTRIBUTION section, first paragraph, parenthetical phrase is revised to state that "(including, for <u>no</u> additional charge, an optional feature guaranteed minimum death benefit)."
- 6. Ameritas intends to rely on the exemption provided by Rule 12h-7 under the Securities Exchange Act of 1934 (the "1934 Act") to the extent the requirement to file reports under the 1934 Act is determined to be applicable to depositors of variable insurance products.

All other provisions of your prospectus remain as stated in your Policy and prospectus as previously amended.

This supplement amends certain disclosure contained in the above-referenced prospectuses for the policies with the same names. Please keep this supplement together with your prospectus for future reference. Please note that some information provided below may not be applicable to you, as all underlying portfolios may not be available as subaccount investment options under your policy.

Ameritas Life Insurance Corp. ("Ameritas") has been advised that the Boards of Directors of Calvert Variable Series, Inc. and Summit Mutual Funds, Inc. (each a "Fund") have approved in principle the mergers of the following portfolios:

Fund	Fund
Merging Portfolio	Acquiring Portfolio
Calvert Variable Series, Inc.*	Summit Mutual Funds, Inc.*
Ameritas Income & Growth Portfolio	Summit Zenith Portfolio
Ameritas Index 500 Portfolio	Summit S&P 500 Index Portfolio
Summit Mutual Funds, Inc.*	Calvert Variable Series, Inc.*
Summit Bond Portfolio	Income Portfolio

^{*} These funds and their investment advisers are part of the UNIFI Mutual Holding Company, the ultimate parent of Ameritas.

Completion of the mergers is subject to a number of conditions, including approval by shareholders of the portfolios. If approved, the mergers are scheduled to take place on or about December 12, 2008. We will notify you if the mergers do not go forward on or about December 12, 2008.

If the mergers are approved, immediately following the mergers, we will make the following changes to the administration of the policies:

- the subaccount that currently invests in the Summit Bond Portfolio will own shares of the Calvert Income Portfolio, and we will combine the subaccount that currently invests in the Summit Bond Portfolio into the subaccount that currently invests in the Calvert Income Portfolio;
- any instructions that you have in effect with respect to a subaccount that invests in a Merging Portfolio will be treated as instructions with respect to the subaccount that invests in the corresponding Acquiring Portfolio. Such instructions would include, for example, instructions concerning allocation of premium payments or charges under your policy, and instructions for automatic transactions, such as periodic withdrawals, or portfolio rebalancing. However, you may change such instructions at any time, in the manner and subject to the terms and conditions set forth in the prospectus; and
- all references and information contained in the prospectus related to the Merging Portfolios will be deleted. Specifically, this will apply to portfolio names and data for the merging portfolios found in charts under the headings PORTFOLIO COMPANY OPERATING EXPENSES and Separate Account Variable **Investment Options** in your prospectus, as well as the portfolio list on page 1 of each annuity prospectus.

Ameritas has also been advised that the Board of Directors of the Summit Mutual Funds, Inc. recommends, also subject to shareholder approval, that on or about December 12, 2008, the Fund will change its investment adviser to Calvert Asset Management Company, Inc. ("CAMCO") and that CAMCO will enter into sub-advisory agreements for certain portfolios of the Fund.

Therefore, if the mergers and other recommendations of the Funds' Boards of Directors are approved, the following changes will be made to your prospectus.

1. Under **PORTFOLIO COMPANY OPERATING EXPENSES** (for the year ended December 31, 2007), please note the following expenses for the Acquiring Portfolios, replacing information for the Merged Portfolios:

Portfolio Name *	Management Fees	12b·1 Fees**	Other Fees	Acquired Fund Fees and Expenses***	Total Portfolio Fees	Waivers and Reductions	Total Expenses after Waivers and Reductions, if any
SUMMIT							
Zenith	0.64%	-	0.23%	0.01%	0.88%		0.88%
S&P 500****	0.25%	-	0.20%	-	0.45%	$0.06\%^{(1)}$	0.39%
CALVERT VARIABLE SERIES (1)							
Income	0.70%	-	0.17%	-	0.87%	-	0.87% (2)

Summit (1) The adviser has agreed to waive its fees and/or reimburse expenses of the portfolio to the extent necessary, to limit direct operating expenses to 0.39% of the average daily net assets of the portfolio until May 1, 2009. Expenses of Acquired Funds are not included in this arrangement.

Calvert (1) Management fees for the Calvert Variable Series, Inc. Portfolios include both the investment advisory fee paid by each Portfolio to the Advisor and the administrative fee paid by the Portfolio to Calvert Administrative Services Company, an affiliate of the Advisor. The administrative fees (as a percentage of net assets) are 0.30% for the Income Portfolio.

Calvert (2) "Total Portfolio Fees" reflect an indirect fee and fees before waivers. Indirect fees result from a Portfolio's offset arrangement with the custodian bank whereby the custodian's fees may be paid indirectly by credits on the Portfolio's uninvested cash balances. These credits are used to reduce the Portfolio's expenses. Net operating expenses after reductions for fees paid indirectly and fee waivers would be 0.84%.

* Short cites are used in this list. The "Investment Options" section uses complete Portfolio names.

** Portfolios pay 12b-1 fees to us pursuant to Rule 12b-1 under the Investment Company Act of 1940, which allows investment companies to pay fees out of portfolio assets to those who sell and distribute portfolio shares. Some portfolios may also pay 0.05 to 0.25 percent of annual portfolio assets for our providing shareholder support and marketing services. (The portfolios listed in this Supplement have no 12b-1 fees.)

*** Some portfolios invest in other investment companies (the "acquired portfolios"). In these instances, portfolio shareholders indirectly bear the fees and expenses of the acquired portfolios

- bear the fees and expenses of the acquired portfolios.

PROSPECTUS: May 1, 2008

PROTECTOR hVUL

Flexible Premium Variable Universal Life Insurance Policy

Ameritas Variable Separate Account V

This prospectus describes the Policy, especially its Separate Account, and should be read with the Policy. The Policy is designed to help you, the Policy Owner, provide life insurance protection while having flexibility, within limits, as to the amount and timing of premium payments, the amount of the death benefit, and how to invest your Policy value among a maximum of 20 investment options. The value of your Policy will go up or down based on the investment performance of the investment options you choose. The amount of the death benefit can also vary as a result of investment performance.

You may allocate all or part of your Policy value among a variety of variable investment options where you have the investment risk, including possible loss of principal. (They are listed in the Investment Options section of this prospectus.)

You may also allocate all or part of your investment to a Fixed Account fixed interest rate option where we have the investment risk and guarantee a certain return on your investment. Allocations to fund any guaranteed death benefit must be made to the Fixed Account.

Please Read this Prospectus Carefully and Keep It for Future Reference. It provides information you should consider before investing in a Policy. Prospectuses for the portfolios underlying the Subaccount variable investment options are available without charge from your sales representative or from our Service Center.

The Securities and Exchange Commission (SEC) does not pass upon the accuracy or adequacy of this prospectus, and has not approved or disapproved the Policy. Any representation to the contrary is a criminal offense.

This prospectus may only be used to offer the Policy where the Policy may lawfully be sold. The Policy, and certain features described in this prospectus, may not be available in all states.

No one is authorized to give information or make any representation about the Policy that is not in this prospectus. If anyone does so, you should not rely upon it as being accurate or adequate.

POLICY SUMMARY

The following is intended as a summary. Please read each section of this prospectus for additional detail.

The **PROTECTOR** hVUL Policy is offered and issued by Ameritas Life Insurance Corp. ("Ameritas"), 5900 "O" Street, Lincoln, Nebraska 68510. Prior to May 1, 2007, the Policy was offered and issued by Ameritas Variable Life Insurance Company ("AVLIC"). Effective May 1, 2007, AVLIC merged into Ameritas and the Separate Account (formerly named Ameritas Variable Life Insurance Company Separate Account V) was transferred from AVLIC to Ameritas. Policies previously issued by AVLIC are now Policies of Ameritas, which will service and maintain those Policies in accordance with their terms.

The **PROTECTOR** hVUL Policy is flexible premium variable universal life insurance. The Policy will usually be unsuitable for short-term savings or short-term life insurance needs. We are obligated to pay all amounts promised under the Policy. The Policy pays death benefit proceeds to the Policy beneficiary upon the insured's death, or pays a Cash Surrender Value to you if you surrender the Policy. The insured cannot be under age 20 or over age 80 on the insured's birthday nearest the Policy issue date. We will only issue the Policy for an initial face amount of insurance coverage of \$100,000 or more.

You have flexibility under the Policy. Within certain limits, you can vary the amount and timing of premium payments, change the death benefit, change the guaranteed death benefit period (but not less than 10 years) or funding period, and transfer amounts among the investment options. You can take out a Policy loan, make a partial withdrawal, or surrender your Policy completely, subject to certain restrictions. However, loans, partial withdrawals and surrenders may be subject to income tax and penalty tax.

Your Policy value and death benefit will go up or down as a result of the investment experience of your Policy. The fund prospectuses accompanying this Policy prospectus provide comprehensive discussion of the risks of each portfolio. Even if you pay Planned Periodic Premiums, your Policy could lapse if the Policy value is not enough to pay the Policy's charges.

Buying a Policy might <u>not</u> be advisable if it is just replacing existing life insurance. You may wish to consult with your financial or insurance adviser.

□ POLICY OPERATION AND FEATURES

Premiums.

 Premium is used to create Policy value to cover Policy charges and to generate investment earnings. Minimum premium is required to be allocated to the Policy's Fixed Account to support any optional guaranteed death benefit period you select.

Charges Deducted from Premium.

Percentage of Premium Charge: currently 5%.

Charges Deducted from Assets. (See CHARGES section on next pages.)

Investment Options.

- Variable investment option allocations are invested in Subaccounts of the Separate Account, which in turn invest in corresponding underlying portfolios. Fixed Account allocations are invested in our general account and we guarantee a fixed rate of interest.
- You may transfer between investments, subject to limits. Model asset allocation, dollar cost averaging, portfolio rebalancing and earnings sweep systematic investment programs are available.

Loans.

• You may borrow a limited amount of Policy value. Each loan must be at least \$200. Interest accrues on outstanding loan amounts. After the 5th Policy Year, loans at a lower interest rate may be available.

Surrenders.

 You can surrender the Policy in full at any time for its Cash Surrender Value, or, within limits, withdraw part of the Policy value. Applicable charges are shown in the CHARGES section, next pages.

Death Benefit.

- If you meet certain premium requirements, we will guarantee a death benefit for a certain period. See the OTHER IMPORTANT POLICY INFORMATION: Lapse and Grace Period section for details.
- You choose among two death benefit options. Death benefit proceeds are reduced by any Policy loan balance, unpaid loan interest, and any monthly deductions due but unpaid at death. See the **POLICY DISTRIBUTIONS: Death Benefit** section for details.

Settlement Income.

 Amounts surrendered or death benefit proceeds can be paid out under several different payment options.

CHARGES

Some charges are rounded. Charges shown may be less in certain states.

POLICY CHARGES

The following tables describe the fees and expenses that you will pay when buying, owning, and surrendering the Policy. The first table describes the fees and expenses that you will pay at the time that you pay a premium, surrender the Policy, or transfer Policy value between investment options.

TRANSACTION FEES	Vhen Deducted	Guaranteed Maximum	Current
PERCENT OF PREMIUM CHARGE Calculated as a percentage of each premium payment.	When each premium is paid.	7.5%	5%
SURRENDER CHARGE (per \$1,000 of face amount of insurance coverage) Fee declines each year.	Upon a full surrender during the first 14 Policy Years or in the 14 Policy Years following an increase in face amount of insurance coverage.	Varies ⁽¹⁾ Policy Year 1: Minimum \$17.15 Maximum \$51.67 Example (2) \$29.52	Varies ⁽¹⁾ Policy Year 1: Minimum \$17.15 Maximum \$51.67 Example (2) \$29.52
PARTIAL WITHDRAWAL CHARGE (lesser of % of withdrawal amount or dollar amount)	Upon each withdrawal.	2% or \$50	2% or \$25
TRANSFER FEE (per transfer)	First 15 transfers per year: Each additional transfer:	NONE \$10	NONE NONE
NEW GUARANTEED DEATH BENEFIT FEE	When a new guaranteed death benefit is elected after a prior guaranteed death benefit has expired or lapsed.	\$25 plus \$0.10 per \$1,000 of face amount of insurance coverage.	\$25 plus \$0.10 per \$1,000 of face amount of insurance coverage.

Transaction Fees Table Footnotes:

The next table describes the fees and expenses that you will pay periodically during the time that you own the Policy, to equal the annualized charges shown, not including Subaccount portfolio operating fees and expenses.

PERIODIC CHARGES an Subaccount portfolio operating expenses)	When Deducted	Guaranteed Maximum (annual)	Current (annual)
DAILY DEDUCTION FROM SEPARATE ACCOU	NT ASSETS		
(to equal the annual % shown)			
RISK CHARGE (for mortality and expense risk) Policy Years 1-15 Policy Years 16+	Daily	0.90% 0.65%	0.70% 0.45%
MONTHLY DEDUCTION FROM POLICY VALUE			
Several of the charges below vary based on individual c the charge you will pay. Ask for a Policy illustration or			ot be representative of
BASE POLICY COST OF INSURANCE (Rate is per \$1000 of the net amount of insurance coverage at risk)			Varies ⁽²⁾ Minimum \$0.25 Maximum\$1000.00 Example ^(6,7) \$0.85

Current fee remains level for 15 years and grades to \$0 20 years after the increase.	Monthly, for first 20 years following the increase	Varies ⁽⁴⁾ Minimum \$0.60 Maximum \$13.56 Example ⁽⁶⁾ \$1.08	Varies ⁽⁴⁾ Minimum \$0.60 Maximum \$13.56 Example ⁽⁶⁾ \$1.08

Protector hVUL - 4 -

 ⁽¹⁾ Varies in amount and duration by insured's sex, issue age, risk class, and the amount of time you have had your Policy. For increases in face amount, varies in amount and duration by insured's sex, risk class, attained age at the time of the increase, and the amount of time since the increase. Taxes and penalties may also apply. Ask for a Policy illustration or see your Policy for these charges applicable to you.
 (2) Assumes a male, age 45 at Policy issue and in our best risk class. Fee declines to \$2.95 per \$1,000 in 14th Year and zero thereafter.

COST OF OPTIONAL FEATURES			
Insured Disability Benefit Rider (Rate is per \$100 of the rider annual benefit.)	Monthly	Varies ⁽⁵⁾ Minimum \$3.59 Maximum \$21.44 Example ⁽⁶⁾ \$5.06	Varies ⁽⁵⁾ Minimum \$3.59 Maximum \$21.44 Example ⁽⁶⁾ \$5.06
Children's Protection Rider (Flat annual rate.)	Monthly	\$52	\$52
Other Insured Rider (Rate is per \$1,000 of the rider benefit.)	Monthly	Varies ⁽¹⁾ Minimum \$0.45 Maximum \$1000.00 Example ^(6,7) \$2.33	Varies ⁽¹⁾ Minimum \$0.40 Maximum \$1000.00 Example ^(6,7) \$1.48
<u>Terminal Illness Rider</u>	N/A	No Cost	No Cost

Periodic Charges Table Footnotes:

- Rate varies by insured's sex, risk class and attained age.
- Rate varies by insured's sex, issue age, risk class, and the length of time the Policy has been in force.
- Rate varies by insured's sex, issue age, and risk class.
- Rate varies by insured's sex, and age and risk class at the time of the increase. Example charges assume increase occurs after five (4)Policy Years.
- Rate varies by insured's sex, age and risk class at the time the rider is added to the Policy.

 Example charges assume an insured who is male, best risk class, age 45 when Policy is issued or rider is added to the Policy.
- Example charges assume Policy is in its first Policy Year.

We currently do not assess a separate charge against our Separate Account or Fixed Account for any income taxes. We may, however, make such a charge in the future if income or gains within the Separate Account will incur any income tax liability, or if tax treatment of our Company changes.

The next table describes interest rates charged on amounts borrowed from the Policy, net of 3% annual credited interest rate.

NET INTEREST CHARGED ON LOANS	When Deducted	Guaranteed Maximum	Current
LOAN ACCOUNT (effective annual rates) Regular Loans Reduced Rate Loans (available only after the 5 th Policy Year)	Upon each Policy	2.5%	2.0%
	Anniversary.	0.5%	0.0%

PORTFOLIO COMPANY OPERATING EXPENSES (as of 12/31/2007)

The next table shows the minimum and maximum total operating expenses charged by the portfolio companies, before and after any waivers or reductions, that you may pay periodically during the time that you own the contract, followed by a table showing additional information for each portfolio company. More detail concerning each portfolio company's fees and expenses is contained in the prospectus for each portfolio company.

TOTAL ANNUAL PORTFOLIO COMPANY OPERATING EXPENSES Expenses that are deducted from portfolio company assets, including management fees, distribution and/or service (12b-1) fees, and other expenses	Minimum	Maximum

AIM 1 Except as otherwise noted, figures shown in the table are for the year ended December 31, 2007 and are expressed as a percentage of the Fund's average daily net assets. There is no guarantee that actual expenses will be the same as those shown in the table.

AIM 2 Acquired Fund Fees and Expenses are not fees or expenses incurred by the fund directly but are expenses of the investment companies in which the fund invests. You incur these fees and expenses indirectly through the valuation of the fund's investment in those investment companies. As a result, the Total Expenses after Waivers and Reductions listed above may exceed the expense limit numbers. The impact of the acquired fund fees and expense are included in the total returns of the Fund.

AİM 3 Effective July 1, 2007, AIM contractually agreed to waive 100% of the advisory fee AIM receives from affiliated money market funds on investments by the fund in such affiliated money market funds. Fee Waiver reflects this agreement. This waiver agreement is in effect through at least April 30, 2009.

AIM 4 The Fund's advisor has contractually agreed to waive advisory fees and/or reimburse expenses of Series I shares to the extent necessary to limit Total Portfolio Fees (excluding certain items discussed below) of Series I shares to 1.30% of average daily net assets. In determining the advisor's obligation to waive advisory fees and/or reimburse expenses, the following expenses are not taken into account, and could cause the Total Portfolio Fees to exceed the numbers reflected above: (i) interest; (ii) taxes; (iii) dividend expense on short sales; (iv) extraordinary items; (v) expenses related to a merger or reorganization, as approved by the Fund's Board of Trustees; and (vi) expenses that the Fund has incurred but did not actually pay because of an expense offset arrangement. Currently, the expense offset arrangements from which the Fund may benefit are in the form of credits that the Fund receives from banks where the Fund or its transfer agent has deposit accounts in which it holds uninvested cash. The expense limitation agreement is in effect through at least April 30, 2009.

Alger 1 Previously, the Portfolio's Management Fees included an additional 0.04% in administrative fees that are now included in Other Fees.

Alger 2 Effective December 1, 2006 through November 30, 2011, the Manager has contractually agreed to waive 0.04% of its Advisory Fees.

Protector hVUL - 6 -

American Century 1 The fund pays the advisor a single, unified management fee for arranging all services necessary for the fund to operate. The fee shown is based on assets during the fund's most recent fiscal year. The fund has a stepped fee schedule. As a result, the fund's management fee rate generally decreases as fund assets increase. The fund expenses are based on the most recent shareholder report.

Calvert 1 The Investment Advisor (Calvert Asset Management Company, Inc.) has contractually agreed to limit direct net annual portfolio operating expenses through April 30, 2009, as shown below. Under the terms of the contractual expense limitation, operating expenses do not include interest expense, brokerage commissions, taxes and extraordinary expenses.

 Ameritas Core Strategies
 0.95%

 Ameritas Income & Growth
 0.78%

 Ameritas Index 500
 0.38%

 Ameritas MidCap Growth

 Social Equity
 1.08%

Each Portfolio has an expense offset arrangement with the custodian bank whereby the custodian's fees may be paid indirectly by credits on the Portfolio's uninvested cash balances. These credits are used to reduce the Portfolio's expenses. Under those circumstances where the Advisor has provided to the Portfolio a contractual expense limitation, and to the extent any expense offset credits are earned, the Advisor may benefit from the expense offset arrangement and the Advisor's obligation under the contractual limitation may be reduced by the credits earned.

Calvert 2 Management fees for the Calvert Variable Series, Inc. Portfolios include both the investment advisory fee paid by each Portfolio to the Advisor and the administrative fee paid by the Portfolio to Calvert Administrative Services Company, an affiliate of the Advisor. The administrative fees (as a percentage of net assets) are as follows: 0.05% for each Ameritas Portfolio, 0.30% for Income, 0.275% for Social Balanced, 0.20% for Social Equity and 0.35% for Social International Equity.

Calvert 3 "Total Portfolio Fees" reflect an indirect fee and fees before waivers. Indirect fees result from a Portfolio's offset arrangement with the custodian bank whereby the custodian's fees may be paid indirectly by credits on the Portfolio's uninvested cash balances. These credits are used to reduce the Portfolio's expenses. Net operating expenses after reductions for fees paid indirectly and fee waivers would be as follows:

Ameritas Core Strategies	0.91%
Ameritas Income & Growth	0.77%
Ameritas MidCap Value	1.04%
Income	0.84%
Social Equity	1.05%
Social International Equity	1.59%
Social Mid Cap Growth	1.16%

DWS 1 "Other Fees" are based on estimated amounts for the current fiscal year. Actual expenses may be different.

DWS 2 Through 4/30/2009, the Advisor has contractually agreed to waive all or a portion of its management fee and reimburse or pay operating expenses of the fund to the extent necessary to maintain the fund's operating expenses at 1.05%, excluding certain expenses such as extraordinary expenses, taxes, brokerage and interest.

Fidelity 1 A portion of the brokerage commissions that the fund pays may be reimbursed and used to reduce the fund's expenses. In addition, through arrangements with the fund's custodian, credits realized as a result of uninvested cash balances are used to reduce the fund's custodian expenses. These offsets may be discontinued at any time. Including these reductions, the total class operating expenses would have been:

Contrafund	0.64%
Equity-Income	0.54%
Growth	0.64%
Overseas	0.82%

MFS 1 The fund has entered into an expense offset arrangement that reduces the fund's custodian fee based upon the amount of cash maintained by the fund with its custodian. Such fee reduction is not reflected in the table. Had this fee reduction been taken into account, "Total Expenses" would be lower.

MFS 2 MFS has agreed in writing to bear the funds' expenses such that "Total Portfolio Fees," determined without giving effect to the expense offset arrangements described above, do not exceed 1.10% annually. This written agreement excludes interest, taxes, extraordinary expenses, brokerage and transaction costs and investment-related expenses and will continue until modified by the fund's Board of Trustees.

MFS 3 MFS has agreed in writing to reduce its management fee to 0.70% annually on average daily net assets up to \$1 billion. This written agreement will remain in effect until modified by the fund's Board of Trustees.

MFS 4 MFS has agreed in writing to bear the funds' expenses such that "Other Fees," determined without giving effect to the expense offset arrangements described above, do not exceed 0.15% annually. This written agreement excludes management fees, distribution and service fees, interest, taxes, extraordinary expenses, brokerage and transaction costs and investment-related expenses and will continue until at least April 30, 2009

MFS 5 MFS has agreed in writing to reduce its management fee to 0.65% annually on average daily net assets in excess of \$3 billion. This written agreement will remain in effect until modified by the fund's Board of Trustees.

MFS 6 MFS has agreed in writing to reduce its management fee to 0.70% annually on average daily net assets in excess of \$1 billion. This written agreement will remain in effect until modified by the fund's Board of Trustees.

Neuberger Berman 1 Neuberger Berman Management Inc. ("NBMI") has undertaken through December 31, 2011 to waive fees and/or reimburse certain operating expenses, including the compensation of NBMI and excluding taxes, interest, extraordinary expenses, brokerage commissions and transaction costs, that exceed, in the aggregate, 1.50% of the average daily net asset value of the Portfolio. The expense limitation arrangement for the Portfolio is contractual and any excess expenses can be repaid to NBMI within three years of the year incurred, provided such recoupment would not cause the Portfolio to exceed its respective limitation.

Summit 1 The adviser has contractually agreed to waive administration fees for the Bond Portfolio, as long as that Portfolio's direct operating

Summit 1 The adviser has contractually agreed to waive administration fees for the Bond Portfolio, as long as that Portfolio's direct operating expense ratio exceeds 0.75%. Expenses of Acquired Funds are not included in this arrangement.

Summit 2 The fund does not bear any direct operating expenses above the amount disclosed; any additional direct operating expenses are borne by the adviser according to the terms of the advisory agreement. Expenses of Acquired Funds are not included in this arrangement.

Summit 3 The adviser has agreed to waive its fees and/or reimburse expenses of the portfolio to the extent necessary, to limit direct operating expenses to 0.95% of the average daily net assets of the portfolio until May 1, 2009. Expenses of Acquired Funds are not included in this arrangement.

UIF 1 For the fiscal year ended December 31, 2007, after giving effect to the Adviser's voluntary fee waivers and/or expense reimbursements, the total annual portfolio operating expenses incurred by investors, including certain investment related expenses, was 1.04% for the UIF U.S. Real Estate, Class I. The total annual portfolio operating expenses excluding certain investment related expense was 1.02% for UIF U.S. Real Estate, Class I.

Protector hVUL -7 -

- * Short cites are used for Funds and Portfolios in this chart. See the "Investment Options" section for complete names.
- ** Portfolios pay 12b-1 fees to us pursuant to Rule 12b-1 under the Investment Company Act of 1940, which allows investment companies to pay fees out of portfolio assets to those who sell and distribute portfolio shares. Some portfolios may also pay 0.05 to 0.25 percent of annual portfolio assets for our providing shareholder support and marketing services.
- *** "Standard & Poor's®," "S&P 500®," "Standard & Poor's 500," and "500" are trademarks of The McGraw-Hill Companies, Inc. and have been licensed for use by us. The Product is not sponsored, endorsed, sold or promoted by Standard & Poor's and Standard & Poor's makes no representation regarding the advisability of investing in the Product. The Statement of Additional Information sets forth certain additional disclaimers and limitations of liabilities on behalf of S&P as set forth in the Licensing Agreement between us and S&P.

We provide shareholder support and marketing services for some Subaccount portfolio investment advisers in return for annual compensation of between 0.05% and 0.25% of Subaccount assets. This compensation is reflected in the Portfolio expenses shown above.

CHARGES EXPLAINED

□ TRANSACTION FEES

Percent of Premium Charge

We currently deduct a percentage of each Policy premium payment we receive as a Percent of Premium Charge. This charge partially offsets premium taxes imposed by some States and local governments and federal taxes on certain capitalized acquisition expenses.

Surrender Charge

Upon a full surrender of your Policy, we deduct a Surrender Charge from the total Policy value. The amount of this charge varies by the insured's sex, issue age (or attained age at the time of any increase), risk class, face amount of insurance coverage, and the length of time the Policy has been in force. The Surrender Charge duration is 14 years. The Surrender Charge applies from the Policy issue date as to the initial face amount of insurance coverage, and from the date of any increase as to increases in the face amount. Ask for a Policy illustration or see your Policy for these charges applicable to you. Taxes and tax penalties may apply.

Partial Withdrawal Charge

Upon a partial withdrawal from your Policy, we will deduct a Partial Withdrawal Charge. This fee will be deducted from the investment options and in the same allocation as your partial withdrawal allocation instruction; if that is not possible (due to insufficient value in one of the investment options you elect) or you have not given such instructions, we will deduct this fee on a pro-rata basis from balances in all Subaccounts and the Fixed Account. Taxes and tax penalties may apply.

■ Transfer Fee

We may charge a Transfer Fee for any transfer in excess of 15 transfers per Policy Year. This fee may be deducted only from Policy investment options you designate; if that is not possible (due to insufficient value in an investment option you elect) or you have not provided such instructions, we will deduct this fee on a pro-rata basis from balances in all Subaccounts and the Fixed Account.

□ PERIODIC CHARGES: MONTHLY DEDUCTIONS FROM POLICY VALUE

The following charges are deducted from Policy value on each Policy Month date.

Cost of Insurance Charge

The cost of insurance rate per \$1,000 of net amount at risk cannot exceed the guaranteed cost of insurance rate that is set forth in the Policy. The maximum cost of insurance each month can be determined by using the guaranteed cost of insurance rate in the formula below for cost of insurance.

The cost of insurance charge is for providing insurance protection under the Policy. Because the cost of insurance charge depends upon several variables, the cost for each Policy Month can vary from month to month. The cost of insurance rate for the initial face amount of insurance coverage varies by the insured's sex, issue age, risk class and the length of time the Policy has been in force. The cost of insurance rate for an increase in face amount varies by the insured's sex, age and risk class at the time of the increase, and the length of time the Policy has been in force since the increase. We may use current cost of insurance rates less than those shown in the Policy, and reserve the right to change them so long as they do not exceed the rates shown in the Policy. Changes will equally apply to similarly situated Policy Owners and be based on changes in future expectations of factors such as investment earnings, mortality, persistency, and expenses. We expect a profit from this charge. Ask for a Policy illustration or see your Policy for these charges applicable to you.

Protector hVUL -8-

The *Cost of Insurance* each month equals:

- The *Net Amount at Risk* for the month; multiplied by
- The cost of insurance rate per \$1,000 of net amount at risk; divided by
- \$1,000.

The *Net Amount at Risk* in any month equals:

- The death benefit on the Policy Month date, discounted at the guaranteed rate of interest for the Fixed Account for one month; minus
- The Policy value on the Policy Month date after deducting the charge for any optional features selected and the administrative charges but not the cost of insurance charge.

Administrative Charge,

Administrative Charge per \$1,000 of Initial Specified Amount, and Administrative Charge per \$1,000 of Increase in Specified Amount

These administrative charges partially compensate us for our costs in issuing and administering the Policy and operating the Separate Account. We do not anticipate making a profit from these charges.

Cost of Optional Features

The cost for any optional features you select (sometimes called Policy Riders) is also deducted monthly from Policy value. See the **CHARGES** section for information about the costs of these features, and refer to **APPENDIX A** for descriptions of these features. Optional features may not be available in all states.

Assessing Monthly Deductions

If a guaranteed death benefit is not in effect, you may tell us how to allocate your Policy's total monthly deduction among the investment options, provided that the Policy value remaining in any selected investment option is at least \$100. If you do not, or if there is not enough Policy value in any selected investment option, we will allocate the deduction pro-rata among the investment options.

If a guaranteed death benefit is in effect, we will deduct the corridor portion of the cost of insurance charge pro-rata from the variable investment options to the extent possible and will deduct any remaining amount from the Fixed Account to the extent possible. We will waive any part of the remainder of the monthly deductions we are unable to collect from the Fixed Account.

PERIODIC CHARGES: DAILY DEDUCTION FROM SEPARATE ACCOUNT ASSETS

The following charges are applied daily to Separate Account assets in determining the daily Accumulation Unit value of each Subaccount.

Risk Charge

The Risk Charge is for the mortality risks we assume – that insureds may live for shorter periods of time than we estimate, and also compensates us for the Policy expense risks we assume. If this charge exceeds our actual costs to cover these risks, the excess goes to our general account. Conversely, if this charge is not enough, we bear the additional expense, not you. We expect a profit from this charge.

Portfolio Charges

Each Subaccount's underlying portfolio has investment advisory expenses. These expenses, as of the end of each portfolio's last fiscal year, are stated in this prospectus' **CHARGES** section and described in more detail in each fund's prospectus. A portfolio's charges and expenses are not deducted from your Policy value. Instead, they are reflected in the daily value of portfolio shares which, in turn, will affect the daily Accumulation Unit value of the Subaccounts. These charges and expenses help to pay the portfolio's investment adviser and operating expenses.

INVESTMENT OPTIONS

The Policy allows you to choose up to 20 investment options – each chosen for its potential to meet specific investment objectives.

You may allocate all or a part of your premiums among the Separate Account variable investment options or the Fixed Account fixed The value of your Policy will go up or down based on the investment performance of the variable investment options you choose. Please consider carefully, and on a continuing basis, which investment options best suit your long-term investment objectives and risk tolerance.

interest rate option. However, minimum premium is required to be allocated to the Policy's Fixed Account to support any optional guaranteed death benefit period you select. Allocations must be in whole percentages and total 100%. The variable investment options, which invest in underlying portfolios, are listed and described below.

■ SEPARATE ACCOUNT VARIABLE INVESTMENT OPTIONS

The Separate Account provides you with variable investment options in the form of underlying portfolio investments. Each underlying portfolio is an open-end investment management company. When you allocate investments to an underlying portfolio, those investments are placed in a Subaccount of the Separate Account corresponding to that portfolio, and the Subaccount in turn invests in the portfolio. The Policy value of your Policy depends directly on the investment performance of the portfolios that you select.

The Separate Account is registered with the SEC as a unit investment trust. However, the SEC does not supervise the management or the investment practices or policies of the Separate Account or us. Under Nebraska law, we own the Separate Account assets, but they are held separately from our other assets and are not charged with any liability or credited with any gain of business unrelated to the Separate Account. Any and all distributions made by the underlying portfolios, with respect to the shares

The underlying portfolios in the Separate Account are NOT publicly traded mutual funds, and are NOT the same as other publicly traded mutual funds with very similar names. They are only available as separate account investment options in life insurance or variable annuity policies issued by insurance companies, or through participation in certain qualified pension or retirement plans.

Even if the investment options and policies of some underlying portfolios available under the Policy may be very similar to the investment objectives and policies of publicly traded mutual funds that may be managed by the same investment adviser, the investment performance and results of the portfolios available under the Policy may vary significantly from the investment results of such other publicly traded mutual funds.

You should read the prospectuses for the underlying portfolios together with this prospectus for more information.

held by the Separate Account, will be reinvested in additional shares at net asset value. We are responsible to you for meeting the obligations of the Policy, but we do not guarantee the investment performance of any of the variable investment options' underlying portfolios. We do not make any representations about their future performance.

You bear the risk that the variable investment options you select may fail to meet their objectives, that they could decrease in value, and that you could lose principal.

Each Subaccount's underlying portfolio operates as a separate variable investment option, and the income or losses of one generally have no effect on the investment performance of any other. Complete descriptions of each variable investment option's investment objectives and restrictions and other material information related to an investment in the variable investment option are contained in the prospectuses for each of the underlying portfolios which accompany this prospectus.

The Separate Account Subaccount underlying portfolios listed below are designed primarily as investments for variable annuity and variable life insurance policies issued by insurance companies. They are <u>not</u> publicly traded mutual funds available for direct purchase by you. *There is no assurance the investment objectives will be met.*

This information is just a summary for each underlying portfolio. You should read the series fund prospectus for an underlying portfolio accompanying this prospectus for more information about that portfolio, including detailed information about the portfolio's fees and expenses, investment strategy and investment objective, restrictions, and potential risks such as those related to mixed and shared funding for portfolios that are also offered through individual variable annuities, other variable life insurance policies, and qualified pension and retirement plans. To get a copy of any portfolio prospectus, contact your representative or us as shown on the Table of Contents page or the last page of this prospectus.

Adding, Deleting, or Substituting Variable Investment Options

We do not control the Subaccounts' underlying portfolios, so we cannot guarantee that any of the portfolios will always be available. We retain the right to change the investments of the Separate Account, and to eliminate the shares of any Subaccount's underlying portfolio and substitute shares of another series fund portfolio. If the shares of the underlying portfolio are no longer available for investment or if, in our judgment, investment in the portfolio would be inappropriate in view of the purposes of the Separate Account, we will first notify you and receive any necessary SEC and state approval before making such a change.

New Separate Account underlying portfolios may be added, or existing funds eliminated, when, in our sole discretion, conditions warrant a change. If a portfolio is eliminated, we will ask you to reallocate any amount in the eliminated portfolio. If you do not reallocate these amounts, we will automatically reinvest them in the Ameritas Money Market Subaccount. If we make a portfolio substitution or change, we may change the Policy to reflect the substitution or change. Our Separate Account may be (i) operated as an investment management company or any other form permitted by law, (ii) deregistered with the SEC if registration is no longer required, or (iii) combined with one or more other separate accounts. To the extent permitted by law, we also may transfer assets of the Separate Account to other accounts.

Voting Rights

As a Policy Owner, you may have voting rights in the portfolios whose shares underlie the Subaccounts in which you invest. You will receive proxy material, reports, and other materials relating to each underlying portfolio in which you have voting rights. If you send us written voting instructions, we will follow your instructions in voting the portfolio shares attributable to your Policy. If you do not send us written instructions, we will vote those shares in the same proportions as we vote the shares for which we have received instructions from other Policy Owners. We will vote shares that we hold in the same proportions as we vote the shares for which we receive instructions from other Policy Owners. It is possible that a small number of Policy owners can determine the outcome of a voting proposal. The underlying portfolios may not hold routine annual shareholder meetings.

☐ FIXED ACCOUNT FIXED INTEREST RATE OPTION

There is one fixed interest rate option (Fixed Account), where we bear the investment risk. We guarantee that you will earn a minimum interest rate that will yield at least 3% per year, compounded annually. We may declare a higher current interest rate. We have sole discretion over how assets allocated to the Fixed Account are invested, and we bear the risk that those assets will perform better or worse than the amount of interest we have declared. The focus of this prospectus is to disclose the Separate Account aspects of the Policy. Refer to the Policy for additional details regarding the Fixed Account.

All amounts allocated to the Fixed Account become assets of our general account. Interest in the general account has not been registered with the SEC and is not subject to SEC regulation. Therefore, SEC staff have not reviewed the Fixed Account disclosures in this prospectus.

☐ TRANSFERS

Subject to restrictions during the right to examine period, you may transfer Policy value from one Subaccount to another, from the Separate Account to the Fixed Account, or from the Fixed Account to any Subaccount, subject to these rules:

Transfer Rules:

- A transfer is considered any single request to move assets between one or more investment options.
- We must receive notice of the transfer at our Service center Trading Unit either Written Notice, an authorized telephone transaction, fax or by Internet when available. Our Trading Unit facsimile number is 402-467-7923. Transfers will be processed on the business day they are received by our Trading Unit before 3:00 p.m. Central Time. You must be available to receive a confirmation

telephone call for any faxed transfer requests sent to us, or your trade may not be processed until it is confirmed.

- The transferred amount must be at least \$250, or the entire Subaccount or Fixed Account value if it is less. (If the value remaining after a transfer will be less than \$100 in a Subaccount or Fixed Account, we will include that amount as part of the transfer.)
 - If the Dollar Cost Averaging systematic transfer program is used, then the minimum transfer amount out of a Subaccount is the lesser of \$100 or the balance in the Subaccount.
 - The Portfolio Rebalancing and Earnings Sweep systematic transfer programs have no minimum transfer limits.
- The first 15 transfers each Policy Year are free. Thereafter, transfers may result in a \$10 charge for each transfer. See the **CHARGES EXPLAINED** section of this prospectus for information about how this charge is applied. This fee is not subtracted from the amount of the transfer. Transfers under any systematic transfer program do count toward the 15 free transfer limit.
- A transfer from the Fixed Account:
 - may be made only once each Policy Year;
 - may be delayed up to six months;
 - is limited during any Policy Year to the greatest of:
 - 25% of the Fixed Account value on the date of the transfer during that Policy Year;
 - the greatest amount of any similar transfer out of the Fixed Account during the previous 13 months;
 - \$1.000.
- We reserve the right to limit transfers, or to modify transfer privileges, and we reserve the right to change the transfer rules at any time. We and our portfolio managers consider market timing strategies, programmed transfers or transfers that are large in relation to the total assets of an investment option's underlying portfolio as disruptive. See the **Disruptive Trading Procedures** section for information about how we will address disruptive activity. We may react to disruptive transfers by, among other things, restricting the availability of personal telephone requests, facsimile transmissions, automated telephone services, Internet services or any electronic transfer service. We may also refuse to act on transfer instructions of an agent acting under a power of attorney or otherwise who is acting on behalf of one or more Owners. In making these determinations, we may consider the combined transfer activity of annuity contracts and life insurance policies that we believe are under common ownership, control or direction.
- If the Policy value in any Subaccount or the Fixed Account falls below \$100, we may transfer the remaining balance, without charge, to the Ameritas Money Market Subaccount.
- In the event you authorize telephone or Internet transfers, we are not liable for telephone or Internet instructions that we in good faith believe you authorized. We will employ reasonable procedures to confirm that instructions are genuine.

☐ THIRD-PARTY SERVICES

Where permitted and subject to our rules (including those Transfer Rules above regarding rejection of a transfer request), we may accept your authorization to have a third party (such as your sales representative or someone else you name) exercise transfers or investment allocations on your behalf. Third-party transfers and allocations are subject to the same rules as all other transfers and allocations. You can make this election on the application or by sending us Written Notice on a form provided by us. Please note that any person or entity you authorize to make transfers or allocations on your behalf, including any investment advisory, asset allocation, money management or timing service, does so independently from any agency relationship they may have with us for the sale of the Policies. They are accountable to you alone for such transfers or allocations. We are not responsible for such transfers or allocations on your behalf, or recommendations to you, by such third-party services. You should be aware that charges assessed by such third parties for their service are separate from and in addition to charges paid under the Policy.

□ DISRUPTIVE TRADING PROCEDURES

The Policy is not designed to serve as a vehicle for frequent trading in response to short-term fluctuations in the market. Such frequent trading, programmed transfers, or transfers that are large in relation to the total assets of a Subaccount's underlying portfolio can disrupt management of a Subaccount's underlying portfolio and raise expenses. This in turn can hurt performance of an affected Subaccount and therefore hurt your Policy's performance.

Organizations or individuals that use market timing investment strategies and make frequent or other disruptive transfers should not purchase the Policy, unless such transfers are limited to Subaccounts whose underlying portfolio prospectuses specifically permit such transfers.

Policy Owners should be aware that we are contractually obligated to provide Policy Owner transaction data relating to trading activities to the underlying funds on written request and, on receipt of written instructions from a fund, to restrict or prohibit further purchases of transfers by Policy Owners identified by an underlying fund as having engaged in transactions that violate the trading policies of the fund.

We reserve the right to reject or restrict, in our sole discretion, transfers initiated by a market timing organization or individual or other party authorized to give transfer instructions. We further reserve the right to impose restrictions on transfers that we determine, in our sole discretion, will disadvantage or potentially hurt the rights or interests of other Policy Owners. Restrictions may include changing, suspending or terminating telephone, on-line and facsimile transfer privileges. We will enforce any Subaccount underlying portfolio manager's restrictions imposed upon transfers considered by the manager to be disruptive. Our disruptive trading procedures may vary from Subaccount to Subaccount, and may also vary due to differences in operational systems and contract provisions. However, any Subaccount restrictions will be uniformly applied.

There is no assurance that the measures we take will be effective in preventing market timing or other excessive transfer activity. Our ability to detect and deter disruptive trading and to consistently apply our disruptive trading procedures may be limited by operational systems and technological limitations. The discretionary nature of our disruptive trading procedures may result in some Policy owners being able to market time, while other Policy owners bear the harm associated with timing. Also, because other insurance companies and retirement plans may invest in Subaccount underlying portfolios, we cannot guarantee that Subaccount underlying portfolios will not suffer harm from disruptive trading within contracts issued by them.

Excessive Transfers

We reserve the right to restrict transfers if we determine you are engaging in a pattern of transfers that may disadvantage Policy Owners. In making this determination, we will consider, among other things:

- the total dollar amount being transferred;
- the number of transfers you make over a period of time;
- whether your transfers follow a pattern designed to take advantage of short term market fluctuations, particularly within certain Subaccount underlying portfolios;
- whether your transfers are part of a group of transfers made by a third party on behalf of individual Policy Owners in the group; and
- the investment objectives and/or size of the Subaccount underlying portfolio.

Third Party Traders

We reserve the right to restrict transfers by any firm or any other third party authorized to initiate transfers on behalf of multiple Policy Owners if we determine such third party trader is engaging in a pattern of transfers that may disadvantage Policy Owners. In making this determination, we may, among other things:

- reject the transfer instructions of any agent acting under a power of attorney on behalf of more than one Policy Owner, or
- reject the transfer or exchange instructions of individual Policy Owners who have executed transfer forms which are submitted by market timing firms or other third parties on behalf of more than one Policy Owner.

We will notify affected Policy Owners before we limit transfers, modify transfer procedures or refuse to complete a transfer.

SYSTEMATIC TRANSFER PROGRAMS (applies to variable investment options only; does not apply to the Fixed Account)

Transfers under any systematic transfer program \underline{do} count toward the 15 free transfer limit. We reserve the right to alter or terminate any systematic transfer program upon thirty days advance written notice. Only one systematic transfer program may be utilized at a time.

Dollar Cost Averaging

The Dollar Cost Averaging program allows you to automatically transfer, on a periodic basis, a set dollar amount or percentage from the Ameritas Money Market Subaccount to any other Subaccount(s) or the Fixed Account. Requested percentages are converted to a dollar amount. You can begin Dollar Cost Averaging when you purchase the Policy or later. You can increase or decrease the amount or percentage of transfers or discontinue the program at any time. Dollar Cost Averaging is intended to limit loss by resulting in the purchase of more Accumulation Units when a portfolio's value is low, and fewer units when its value is high. However, there is no guarantee that such a program will result in a higher Policy value, protect against a loss, or otherwise achieve your investment goals.

Dollar Cost Averaging Rules:

- There is no additional charge for the Dollar Cost Averaging program.
- We must receive notice of your election and any changed instruction either Written Notice, by telephone transaction instruction, or by Internet when available.
- Transfers can only occur monthly.
- The minimum transfer amount out of the Ameritas Money Market Subaccount is the lesser of \$250 or the balance in the Subaccount. There is no maximum transfer amount limitation applicable to any of the Subaccounts.
- Dollar Cost Averaging program transfers cannot begin before the end of a Policy's right to examine period.
- You may specify that transfers be made on the 1st through the 28th day of the month. Transfers will be made on the date you specify (or if that is not a Business Day, then on the next Business Day). If you do not select a date, the program will begin on the next Policy Month date following the date the Policy's right to examine period ends.
- You can limit the number of transfers to be made, in which case the program will end when that number has been made. Otherwise, the program will terminate when the amount remaining in the Ameritas Money Market Subaccount is less than \$250.
- Dollar Cost Averaging is not available when the Portfolio Rebalancing Program is elected.

Portfolio Rebalancing

The Portfolio Rebalancing program allows you to rebalance your Policy value among designated Subaccounts only as you instruct. You may change your rebalancing allocation instructions at any time. Any change will be effective when the next rebalancing occurs.

Portfolio Rebalancing Program Rules:

- There is no additional charge for the Portfolio Rebalancing program.
- Fixed Account cannot be rebalanced pursuant to this program.
- You must request the rebalancing program, give us your rebalancing instructions, or request to end this
 program either by Written Notice, by telephone transaction instruction, or by Internet when available.
- You may have rebalancing occur quarterly, semi-annually or annually.
- Portfolio Rebalancing is not available when the Dollar Cost Averaging Program is elected.

Earnings Sweep

The Earnings Sweep program allows you to rebalance your Policy value by automatically allocating earnings from your Subaccounts among designated investment options (Subaccounts or the Fixed Account), either based on your original Policy allocation of premiums or pursuant to new allocation instructions. You may change your Earnings Sweep program instructions at any time. Any change will be effective when the next sweep occurs.

Earnings Sweep Program Rules:

- There is no additional charge for the Earnings Sweep program.
- The Fixed Account is not included in this program.
- You must request the Earnings Sweep program, give us your allocation instructions, or request to end this program either by Written Notice, by telephone transaction instruction, or by Internet when available.
- You may have your earnings sweep quarterly, semi-annually or annually.

MODEL ASSET ALLOCATION PROGRAM (Applies to variable investment options only.)

We may offer a model asset allocation program. However, you always have the ability to construct your own asset allocation plan from among the investment options available in your Policy. Model asset allocation programs are intended to match model risk tolerance and investment objectives with the investment options available in your Policy.

Morningstar Asset Allocator Program

Currently, we offer the Morningstar® Asset Allocator Questionnaire, from Morningstar Associates, LLC (Morningstar). You may use this tool to identify recommended asset-category allocations based upon five models, ranging from aggressive to conservative, and then make your own investment level allocation selections. Or, you may participate in the Morningstar Asset Allocator asset allocation program through our affiliate, Ameritas Investment Corp. (AIC) by selecting a model and authorizing AIC to make the investment level decisions on your behalf.

Protector hVUL - 15 -

To participate in the asset allocation program:

- AIC will serve as your investment adviser fiduciary for the program solely for purposes of development of the models and periodic updates to the models. You must give AIC your written consent and discretionary authority for AIC to give us instructions to allocate your premiums (or, for an existing Policy, Policy value) pursuant to the allocations of the model you select. AIC will also periodically instruct us to change your allocations consistent with any changes to the model made by AIC as recommended by Morningstar. AIC has no discretionary authority to execute any other transfers for your Policy.
- You must complete the Asset Allocator Questionnaire.
- You must allocate all of your Policy value in the Separate Account to one asset allocation model. We must receive notice of your asset allocation model election either by written notice, an authorized telephone transaction or Internet (when available) before we can begin a program for you. Only you can select which model is best for you. The Asset Allocator Questionnaire can be an aid, but neither it nor AIC will make this decision for you. You may wish to consult with your own financial professional to determine whether participation in the program is best for you, and if so, which model is most suitable.
- Each calendar quarter we will automatically rebalance the Subaccount values to be consistent with the allocation percentages for the program model that you elected.
- Annually, AIC will re-evaluate and may make changes to each investment level model based upon Morningstar's recommendations. We will notify you of any such changes.
- If you are currently participating in a Morningstar Asset Allocator asset allocation model and you make changes to your allocations outside the model, you will not receive future notifications of model changes. You will then be considered as having withdrawn from the Morningstar Asset Allocator program and as having cancelled your relationship with AIC for purposes of implementing the program with your Policy.
- AIC is compensated by us as principal underwriter for the Policies. We and AIC may receive fees for administrative services from other portfolios in the models. This additional compensation and related responsibilities may create conflicts of interest as AIC determines what portfolios should be in the models. Also, Calvert Variable Series, Inc. and Summit Mutual Funds, Inc., which are part of the UNIFI Mutual Holding Company and therefore are affiliated with us, have portfolios offered through the Policy (these portfolios may or may not be included in the models). We believe any potential risk of a conflict of interest in these arrangements is reduced or eliminated by contracting with Morningstar Associates, LLC to independently evaluate and recommend the selection, allocation weighting, and periodic updates regarding portfolios in the models.

There is no additional charge for selecting the Morningstar Asset Allocator program. Although asset allocation programs are intended to mitigate investment risk, there is a risk that investing pursuant to a model will still lose value. For information about risks of participating in the Morningstar Asset Allocator program and more detail about the program, including more information about conflicts of interest, ask for a copy of this prospectus' Statement of Additional Information. More information about AIC's role as investment advisor for the program is available on AIC's Form ADV which is delivered to you at the time you subscribe to the program. We may modify or discontinue the Model Asset Allocation program at any time.

OTHER IMPORTANT POLICY INFORMATION

□ POLICY APPLICATION AND ISSUANCE

Replacing an existing life insurance policy is not always your best choice. Evaluate any replacement carefully.

The insured must not be younger than 20 or older than age 80 on the insured's birthday nearest to the Policy Date. To purchase a Policy, you must submit an application, at least the Initial Premium (see below), and provide evidence of the proposed insured's insurability satisfactory to us. Before accepting an application, we conduct underwriting to determine insurability. We reserve the right to reject any application or premium. If

we issue a Policy, insurance coverage will be effective as of the Policy Date.

The minimum initial face amount (or specified amount) of life insurance is \$100,000.

Application in Good Order

All application questions must be answered, but particularly note these requirements:

 The Owner's and insured's full name, Social Security number (tax identification number for a business or trust Owner), date of birth, and certain other required information must be included.

- Your premium allocations must be complete, be in whole percentages, and total 100%.
- Initial Premium requirements must be met (see below).
- Your signature and your agent's signature must be on the application.
- City, state and date the application was signed must be completed.
- You must provide all information required for us to underwrite your application (including health and medical information about the insured, and other information we consider relevant).
- If you have one, please give us your e-mail address to facilitate receiving updated Policy information by electronic delivery.
- There may be forms in addition to the application required by law or regulation, especially when a replacement of other coverage is involved.
- Your agent must be both properly licensed and appointed with us.

Premium Requirements

Your premium checks should be made payable to Ameritas Life Insurance Corp. We may postpone crediting any payment made by check until the check has been honored by your bank. Payment by certified check, banker's draft, or cashier's check will be promptly applied. Under our electronic fund transfer program, you may select a monthly payment schedule for us to automatically deduct premiums from your bank account or other sources.

Initial Premium

• At least enough premium to fund the greater of any selected guaranteed death benefit, or the number of monthly deductions, times the number of months between the Policy Date and the date the Policy is issued plus one month.

Additional Premiums

- Payment of additional premiums is flexible, but must be enough to cover Policy charges.
- If a premium increases the net amount of insurance coverage at risk, it is subject to evidence of the insured's continued insurability and our underwriting requirements as to the amount of the increase.
- Planned Periodic Premiums may be paid annually, semi-annually, quarterly, or monthly. You may change your Planned Periodic Premium, subject to our approval. Because Policy value can fluctuate depending upon the performance of your selected variable investment options, payment of your Planned Periodic Premiums does not guarantee that your Policy will remain in force. Your Policy can lapse, subject to the LAPSE AND GRACE PERIOD: Guaranteed Death Benefit provision, even if you pay all Planned Periodic Premiums on time.
- If there is a Policy loan, you should identify any payment intended to reduce a loan as a loan repayment; otherwise it will be treated as a premium and added to Policy value.
- Additional premiums are applied pursuant to your current allocation instructions, unless you give us different instructions by Written Notice or authorized telephone transaction when you make the payment.
- We reserve the right to limit premiums or refund any values so the Policy qualifies as life insurance under the federal Internal Revenue Code.

Allocating Premium

You may allocate your premiums among the variable investment options and the Fixed Account fixed interest rate option. Initial allocations in your Policy application will be used for additional premiums until you change your allocation.

- Allocations must be in whole percentages, and total 100%.
- You may change your allocation by sending us Written Notice or through an authorized telephone transaction. The change will apply to premiums received on or after the date we receive your Written Notice or authorized telephone transaction.
- All premiums will be allocated pursuant to your instructions on record with us, except your initial premium and any additional premiums received during your Policy's right to examine period may be subject to special requirements.

Right to Examine Period Allocations

Return of Value State. In states that permit us to refund your Policy value upon your cancellation of the Policy during the right to examine period, we will allocate your initial premium to your selected variable investment options on the date of issue of the Policy.

Return of Premium States and IRA plan Policies. In states that require us to refund at least your full premium upon your cancellation of the Policy during the right to examine period, we will hold the portion of your initial premium allocated to the Separate Account in the Ameritas Money Market Subaccount for 13 days. Then, we will invest your initial premium in the variable investment options pursuant to your application instruction. (Any

Protector hVUL - 17 -

additional premiums we receive during the right to examine period plus 3 days will be allocated in the same manner.) If, at the end of the right to examine period, you decide to cancel your Policy, we will refund the greater of the Policy value or premiums paid.

Until your Policy is issued, premium payments received by us are held in our general account and are credited with interest at a rate we determine.

□ POLICY VALUE

On your Policy Coverage Date, Policy value (or account value or accumulation value) equals your initial net premium (premium less the Percent of Premium Charge) less the Policy's first monthly deduction. On any Business Day thereafter, your total Policy value equals the sum of Policy value in the Separate Account variable investment options, the Fixed Account, and the Loan Account, minus any monthly deduction due and not paid.

Separate Account Value

Premiums or transfers allocated to Subaccounts are accounted for in Accumulation Units. The Policy value held in the Separate Account Subaccounts on any Business Day is determined by multiplying each Subaccount's Accumulation Unit value by the number of Allocation Units held in the Subaccount allocated to the Policy. Each Subaccount's Accumulation Unit value is calculated at the end of each Business Day as follows:

- (a) the per share net asset value of the Subaccount's underlying portfolio as of the end of the current Business Day plus any dividend or capital gain distribution declared and unpaid by the underlying portfolio during that Business Day, times the number of shares held by the Subaccount, before the purchase or redemption of any shares on that date; minus
- (b) the daily risk charge; and this result divided by
- (c) the total number of Accumulation Units held in the Subaccount on the Business Day before the purchase or redemption of any Accumulation Units on that day.

When transactions are made to or from a Subaccount, the actual dollar amounts are converted to Accumulation Units. The number of Accumulation Units for a transaction is equal to the dollar amount of the transaction divided by the Accumulation Unit value on the Business Day the transaction is made.

An investment in money market funds is neither insured nor guaranteed by the U.S. Government. There can be no assurance that the funds will be able to maintain a stable net asset value of \$1.00 per share.

Fixed Account Value

The Policy value of the Fixed Account on any Business Day equals:

- (a) the Policy value of the Fixed Account at the end of the preceding Policy Month; plus
- (b) any net premiums credited to the Fixed Account since the end of the previous Policy Month; plus
- (c) any transfers from the Subaccounts or Loan Account to the Fixed Account since the end of the previous Policy Month; minus
- (d) any transfers from the Fixed Account to the Subaccounts or Loan Account since the end of the previous Policy Month; minus
- (e) any partial withdrawal and partial withdrawal charge taken from the Fixed Account since the end of the previous Policy Month; minus
- (f) the Fixed Account's share of any monthly deductions from Policy value; minus
- (g) the Fixed Account's share of charges for any optional features; plus
- (h) interest credited on the Fixed Account balance since the end of the previous Policy Month.

☐ MISSTATEMENT OF AGE OR SEX

If the age or sex of the insured or any person insured by a Policy or rider has been misstated on the application, the Policy death benefit and any additional benefits provided will be those which would be purchased by the most recent cost of insurance charge and the cost of such additional benefits at the insured person's correct age or sex.

☐ SUICIDE

We will pay the greater of the premiums received or Policy value, less any partial withdrawals and indebtedness, if the insured, while sane or insane, commits suicide within two years (one year in Colorado and North Dakota) after the date the Policy was issued (and in Missouri, the insured intended suicide at the time coverage was applied for). We will pay the greater of the monthly deductions for an increase in face amount of insurance coverage or Policy value attributable to such an increase if the insured, while sane or insane, commits suicide within two years (one year in Colorado and North Dakota) after the effective date of any increase (and in Missouri, the insured intended suicide at the time the increase was applied for). Optional feature riders to the Policy may have separate suicide provisions.

☐ INCONTESTABILITY

We will not contest the validity of the Policy after it has been in force during the insured's lifetime for two years from the date the Policy was issued or for two years from the date of any reinstatement. We will not contest the validity of an increase in the face amount of insurance coverage after the Policy has been in force during the insured's lifetime for two years from the effective date of any increase. Any contest of an increase in the face amount of insurance coverage will be based on the application for that increase. Optional benefit riders to the Policy may have separate incontestability provisions.

☐ TELEPHONE TRANSACTIONS

Telephone Transactions Permitted

- Transfers among investment options.
- Establish systematic transfer programs.
- Change premium allocations.

How to Authorize Telephone Transactions

• Upon your authorization on the Policy application or in Written Notice to us, you, your registered representative or a third person named by you may do telephone transactions on your behalf. You bear the risk of the accuracy of any designated person's instructions to us.

Telephone Transaction Rules

- Must be received by close of the New York Stock Exchange (NYSE) (usually 3 p.m. Central Time); if later, the transaction will be processed the next day the NYSE is open.
- Will be recorded for your protection.
- For security, you or your authorized designee must provide your Social Security number and/or other identification information.
- May be discontinued at any time as to some or all Owners.

We are not liable for following telephone transaction instructions we reasonably believe to be genuine.

☐ LAPSE AND GRACE PERIOD

Lapse

Because Policy value can fluctuate depending upon the performance of your selected variable investment options, your Policy can lapse, even if you pay all Planned Periodic Premiums on time.

This Policy will lapse with no value when the Policy's cash surrender value is not enough to cover any due but unpaid charges and a guaranteed death benefit is not in effect. However, this Policy will not terminate during a grace period as long as sufficient premium is paid by the end of the grace period to prevent lapse.

Lapse of the Policy may result in adverse tax consequences.

Guaranteed Death Benefit

We guarantee the Policy will not lapse for the guaranteed death benefit period you select so long as Net Funding exceeds Required Funding throughout the selected guaranteed death benefit period. On the first day of a guaranteed death benefit period and each Policy Month date thereafter, we will compare the Net Funding to the Required Funding to determine if the guaranteed death benefit remains in effect or lapses.

When you apply for your Policy, you select the period of time over which you wish the guaranteed death benefit to be in effect, which must be at least ten years. You also select the period of time over which you plan to pay for it. You also select the amount of initial premium you wish allocated to the Fixed Account to specifically reduce the amount of guaranteed death benefit premium. We calculate the monthly guaranteed death benefit premium based on these specifications. The guaranteed death benefit period and required premium to fund it varies depending upon your age at Policy issue. Certain changes to your Policy while the guaranteed death benefit is in effect will result in establishing a new guaranteed death benefit period and a recalculation of the guaranteed death benefit premium. These changes include an increase or decrease in the face amount of insurance, a change in death benefit option, an increase or decrease in the amount of rider coverage, or a change in risk class of the insured.

You may change your Policy guaranteed death benefit period or funding period at any time after the Policy Date, subject to our minimum and maximum requirements. We will then establish a new guaranteed death benefit period and recalculate the guaranteed death benefit premium. The change will be effective on the Policy Month date following the date we receive your request. This change is at no cost if made while a guaranteed death benefit is already in effect or during a guaranteed death benefit grace period. Otherwise, there is a charge (stated in the **Charges** section).

If Net Funding exceeds Required Funding at the end of the guaranteed death benefit period, we will calculate a new guaranteed death benefit period to be purchased by the surplus, and the new guaranteed death benefit premium will be zero.

Grace Period

Guaranteed Death Benefit Grace Period

If, on any Policy Month date during the guaranteed death benefit period, Net Funding is less than Required Funding, the guaranteed death benefit will lapse as of that Policy Month date. You will receive notice of this lapse and will have 61 days from the date the notice is mailed to pay sufficient premium if you wish to keep the guaranteed death benefit. You cannot reinstate the guaranteed death benefit. However, after a guaranteed death benefit grace period ends and for a charge (see **CHARGES** section), you may start a new guaranteed death benefit period as described in the **Guaranteed Death Benefit** provision, above.

Policy Grace Period

On each Policy Month date, if a guaranteed death benefit is not in effect, we will compare your Policy Cash Surrender Value to the total monthly deduction charges. If the Cash Surrender Value is less than the monthly deductions, your Policy will lapse and the Policy grace period will begin.

If your Policy lapses, we allow you a 61-day grace period to make a premium payment in order to continue the Policy. The grace period begins on the date we mail a notice of the premium necessary to keep this Policy in force. We will mail this notice to you at your current address on record with us and to any assignee on record. Insurance coverage continues during the grace period, but the Policy has no value for purposes of Policy loans, surrenders or transfers. If sufficient premium is not paid by the end of the grace period, the Policy will terminate without value as of the first day of the grace period. If the insured dies during the grace period, we will deduct outstanding Policy debt and Policy charges due but not paid from the death benefit proceeds payable.

☐ REINSTATEMENT

If the Policy lapses because a grace period ended without a sufficient payment being made, you may reinstate it within three years of the date of lapse. To reinstate, we must receive:

- Written application signed by you and the insured;
- Evidence of the insured's insurability satisfactory to us, and the insurability of any insured covered under an optional benefit rider;
- Premium at least equal to the greater of:
 - (1) An amount sufficient to bring the Cash Surrender Value after the first monthly deduction to an amount greater than zero; or
 - (2) Three times the current Policy Month's monthly deduction.
- Repayment or reinstatement of any outstanding Policy debt.

The effective date of reinstatement will be the Policy Month date on or next following the date the reinstatement is approved.

The face amount of the reinstated Policy may not exceed the face amount at the time of lapse. The Policy value on the effective date of reinstatement will equal the Policy value as of the date of lapse. The surrender charge at reinstatement, if any, will be based on the current Policy Year as if the Policy had never terminated. Any guaranteed death benefit cannot be reinstated.

The Policy cannot be reinstated once it has been fully surrendered.

□ DELAY OF PAYMENTS OR TRANSFERS

We will usually pay any amounts from the Separate Account requested as a partial withdrawal or cash surrender within seven days after we receive your Written Notice. We can postpone such payments or any transfers out of a Subaccount if: (i) the NYSE is closed for other than customary weekend and holiday closings; (ii) trading on the NYSE is restricted; (iii) an emergency exists as determined by the SEC, as a result of which it is not reasonably practical to dispose of securities, or not reasonably practical to determine the value of the net assets of the Separate Account; or (iv) the SEC permits delay for the protection of security holders. The applicable rules of the SEC will govern as to whether the conditions in (iii) or (iv) exist.

We may defer payments of a full or partial surrender from the Fixed Account for up to six months from the date we receive your Written Notice requesting the surrender.

Protector hVUL - 20 -

■ BENEFICIARY

You may change your beneficiary by sending Written Notice to us, unless the named beneficiary is irrevocable. Once we record and acknowledge the change, it is effective as of the date you signed the Written Notice. The change will not apply to any payments made or other action taken by us before recording. If the named beneficiary is irrevocable, you may change the named beneficiary only by Written Notice signed by both you and the beneficiary. If more than one named beneficiary is designated, and you fail to specify their interest, they will share equally.

If the named beneficiary dies before you, then your estate is the beneficiary until you name a new beneficiary.

The interest of any beneficiary is subject to that of any assignee.

■ MINOR OWNER OR BENEFICIARY

Generally (and except as provided for in some states) a minor may not own the Policy solely in the minor's name and cannot receive payments directly as a Policy beneficiary. Contrary to common belief, in most States parental status does <u>not</u> automatically give parents the power to provide an adequate release to us to make beneficiary payments to the parent for the minor's benefit. A minor can own a Policy through the trustee of a trust established for the minor's benefit, or through the minor's named and court appointed guardian, who owns the Policy in his or her capacity as trustee or guardian. Where a minor is a named beneficiary, we are able to pay the minor's beneficiary payments to the minor's trustee or guardian. Some states allow us to make such payments up to a limited amount directly to parents. Parents seeking to have a minor's interest made payable to them for the minor's benefit are encouraged to check with their local court to determine the process to be appointed as the minor's guardian; it is often a very simple process that can be accomplished without the assistance of an attorney. If there is no adult representative able to give us an adequate release for payment of the minor's beneficiary interest, we will retain the minor's interest on deposit until the minor attains the age of majority.

POLICY CHANGES

Any change to your Policy is only effective if on a form acceptable to us, and then only once it is received at our Service Center and recorded on our records. Information on how to contact us to determine what information is needed and where you can get various forms for Policy changes is shown on this prospectus' page 1, **TABLE OF CONTENTS** page and last page.

☐ FREE LOOK RIGHTS

Most States give you a limited period of time within which you can cancel your Policy, usually called a right to examine or free look period. The amount we will refund if you cancel during this period varies, but will always be at least the amount required by the State whose law governs your Policy. The specific terms of your state's free look requirements are on the front page of your Policy.

□ OPTIONAL FEATURES

Subject to certain requirements, one or more of the optional insurance benefits described in **APPENDIX A** – OPTIONAL FEATURES may be added to your Policy by rider. The cost of any optional insurance benefit will be deducted monthly from Policy value as stated in this prospectus' **CHARGES EXPLAINED** section.

Protector hVUL - 21 -

POLICY DISTRIBUTIONS

The principle purpose of the Policy is to provide a death benefit upon the insured's death, but before then you may also borrow against the Policy's Cash Surrender Value, take a partial withdrawal, or fully surrender it for its Cash Surrender Value. Tax penalties and surrender charges may apply to amounts taken out of your Policy.

□ DEATH BENEFIT

Upon the insured's death, we will pay to the Policy beneficiary:

- (a) the death benefit on the insured's life, determined as described below; plus
- (b) any additional life insurance proceeds provided by any optional benefit or rider; minus
- (c) any outstanding Policy debt; minus
- (d) any due and unpaid Policy charges, including deductions for the month of death.

We will pay the death benefit proceeds after we receive Due Proof of Death of the insured's death and as soon thereafter as we have sufficient information about the beneficiary to make the payment. Death benefits may be paid pursuant to a payment option to the extent allowed by applicable law and any settlement agreement in effect at the insured's death. If neither you nor the beneficiary makes a payment option election within 60 days of our receipt of Due Proof of Death, we will issue a lump-sum payment to the beneficiary.

A death benefit is payable upon:

- Your Policy being in force;
- Our receipt of Due Proof of Death of the Insured;
- Our receipt of sufficient beneficiary information to make the payment; and
- Your election of a payment option.

Due Proof of Death is generally a certified copy of a death certificate, a certified copy of a decree of a court of competent jurisdiction as to the finding of death, or any other proof satisfactory to us.

Death Benefit Options

You may choose one of two death benefit options. Option D is in effect unless you elect Option A. The corridor death benefit for each Option is the amount, if any, by which (b) exceeds (a), below.

Death Benefit Option A

Under Option A, the death benefit is the greater of:

- (a) the face amount of insurance coverage; or
- (b) the Policy value multiplied times a corridor percentage stated in the Policy.

Death Benefit Option D

Under Option D, the death benefit is the greater of:

- (a) the face amount of insurance coverage <u>plus</u> the Policy value in the Separate Account and Loan Account <u>minus</u> an adjustment amount. (The adjustment amount is the sum of transfers from the Fixed Account to the Separate Account since Option D became effective, plus the sum of transfers from the Fixed Account to the Loan Account since Option D became effective minus the sum of transfers from the Loan Account to the Fixed Account since Option D became effective but not less than zero.) This amount will never be less than the face amount of insurance coverage; or
- (b) the Policy value multiplied times a corridor percentage stated in the Policy.

Changes in Death Benefit Option

After the first Policy Year, you may change your Policy's death benefit option.

Changes in Death Benefit Option Rules

- Your request for a change must be by Written Notice.
- You can only change your Policy death benefit option once each Policy Year. The change will be effective on the Policy Month date after we receive (or, if evidence of insurability is necessary, after we approve) your request.
- There is no fee to change your Policy death benefit option.
- We will adjust the face amount of insurance so that the death benefit immediately after the option change is the same as the death benefit immediately before the option change.

■ Change in Face Amount of Insurance Coverage

You may change the current face amount (or specified amount) of insurance coverage by Written Notice on a form provided by us, and subject to our approval. A change could have federal tax consequences (see this prospectus' **TAX MATTERS** section). Any change will take effect on the Policy Month date on or after the date we receive your Written Notice.

INCREASE in Coverage Rules

- No increase is allowed in the first Policy Year.
- The insured's age nearest birthday must be 80 or younger.
- A new application, evidence of insurability, and additional premium for the amount of the increase may be required.
- Minimum amount of an increase in face amount of insurance coverage is \$25,000.
- Cost of insurance charges for the increase will be based upon the insured's attained age and underwriting class at the time of the increase.
- Surrender Charges become applicable to the amount of the increase, measured from the date of the increase. See this prospectus' CHARGES EXPLAINED section.

DECREASE in Coverage Rules

- No decrease is allowed in the first Policy Year nor during the first 12 Policy Months following an increase in face amount of insurance coverage except for a decrease which is the result of a partial withdrawal.
- The face amount of coverage after the decrease must be at least \$100,000.
- We may limit any requested decrease to the amount necessary to keep the Policy in compliance with maximum premium limits under federal tax law.

- Ongoing additional premium may be required to maintain your Policy's Guaranteed Death Benefit Premium requirements. (See this prospectus' OTHER IMPORANT POLICY INFORMATION: Lapse and Grace Period Guaranteed Death Benefit provision.)
- An additional Administrative Charge Per \$1,000 of Increase in Face Amount will be added. See this prospectus' **CHARGES EXPLAINED** section.
- Additional premium may be required if Policy value at the time of the increase, minus outstanding Policy debt, is less than an amount equal to 12 times what the current monthly deductions from Policy value will be reflecting the increase in face amount of insurance coverage.
- For purposes of determining the new Cost of Insurance charge, the decrease will reduce the face amount of insurance coverage by first reducing the face amount provided by the most recent increase, then the next most recent increase successively, and finally the Policy's initial face amount of insurance coverage.
- A decrease in face amount will not decrease the surrender charge nor the Administrative Charge Per \$1,000 of Initial Face Amount.

■ NO MATURITY DATE

This Policy does not have a maturity date. Cost of Insurance charges continue through age 120. If the insured is still alive on the Policy Anniversary nearest his or her 121st birthday, there are no further monthly deduction charges. All other Policy provisions will remain unchanged.

□ POLICY LOANS

If you ask, your sales representative or we may be able to provide you with illustrations giving examples of how a loan might affect Policy value, Cash Surrender Value and death benefit. Any loan transaction will permanently affect Policy values. Surrender or lapse of a Policy while a loan is outstanding could result in significant tax consequences.

Amount You Can Borrow Standard Policy Loan. You may borrow not less than \$200 **Loan Interest Rate** Standard Policy Loan. Current net annual loan interest rate of 2%. We charge a current interest rate and up to an amount equal to the Cash Surrender Value, minus guaranteed monthly deductions from Policy value for with a 5% effective annual yield (guaranteed to not the rest of the Policy Year, minus interest on Policy debt including the requested loan to the next Policy Anniversary. exceed 51/2%), but we also credit an interest rate with an effective annual yield of 3% to any amounts in the Loan Account. Reduced Rate Policy Loan. Available after the 5th Policy Year. Amount eligible is limited to Policy earnings (Policy Reduced Rate Policy Loan. Current net annual loan interest rate of 0%: we charge a current interest rate value exceeding the amount of premiums paid minus any with a 3% effective annual yield (guaranteed to not previous partial withdrawals, minus any outstanding Reduced Rate Policy Loan); but, cannot exceed the exceed 3½%), but we also credit an interest rate with an effective annual yield of 3% to any amounts in the maximum available loan amount. Any Standard Policy Loan outstanding at the end of the 5th Policy Year will Loan Account. become a Reduced Rate Policy Loan up to the eligible amount from that point forward. Once a loan is categorized as a Reduced Rate Policy Loan, it will continue to be charged the reduced loan rate.

Loan Rules

- The Policy must be assigned to us as sole security for the loan.
- We will accept a loan request signed by you on our form of Written Notice by mail or facsimile.
- We will transfer all loan amounts from the Subaccounts and the Fixed Account to a Loan Account. The amounts will be transferred from your variable investment options on a pro rata basis, unless you instruct us otherwise. If the value of an investment option after a transfer pursuant to your instructions is less than \$100, the amounts will be transferred on a pro rata basis.
- Loan interest is due on each Policy Anniversary. If the interest is not paid when due, we will transfer an amount equal to the unpaid loan interest from only Policy investment options you designate; if that is not possible (due to insufficient value in an investment option you elect) or you have not provided such instructions, we will deduct loan interest from your variable investment options on a pro-rata basis, unless you instruct us otherwise.

- If Policy debt exceeds Policy value minus the Surrender Charge minus accrued expenses and charges, you must pay the excess or your Policy will lapse.
- All or part of a loan may be repaid at any time while the Policy is in force. We will deduct the amount of the loan repayment from the Loan Account and allocate that amount among the Subaccounts and the Fixed Account in the same percentages as net premium is allocated on the date of repayment. We will treat any amounts you pay us as a premium unless you specify that it is a loan repayment.
- The death benefit will be reduced by the amount of any loan outstanding and unpaid loan interest on the date of the insured's death.
- Any loan taken from the Fixed Account may negatively impact the availability of a guaranteed death benefit.
- We may defer making a loan for up to six months unless the loan is to pay premiums to us.

□ FULL SURRENDER

While the insured is alive, you may terminate the Policy for its Cash Surrender Value. Following a full surrender, all your rights in the Policy end, and the Policy may not be reinstated.

Full Surrender Rules

- We will accept a full surrender request signed by you on our form of Written Notice by mail or
 facsimile. However, when accepting a request by a method not requiring an original signature, there is
 a greater possibility that unauthorized persons can manipulate your signature and make changes on
 your Policy (including withdrawals) without your knowledge.
- The applicable Surrender Charge is described in your Policy and the CHARGES EXPLAINED section of this prospectus.
- We may defer surrender payments from the Fixed Account for up to six months from the date we receive your request.

□ PARTIAL WITHDRAWAL

While the insured is alive, you may withdraw part of the Policy value. The amount requested and any partial withdrawal charge will usually be deducted from the Policy value on the date we receive your request if received before 3 p.m. Central Time.

Partial Withdrawal Rules

- We will accept a partial withdrawal request signed by you on our form of Written Notice by mail or facsimile. However, when accepting a request by a method not requiring an original signature, there is a greater possibility that unauthorized persons can manipulate your signature and make changes on your Policy (including withdrawals) without your knowledge.
- The applicable Partial Withdrawal Charge is described in your Policy and the CHARGES EXPLAINED section of this prospectus.
- The minimum partial withdrawal amount is \$500; the maximum is an amount such that remaining Cash Surrender Value is at least \$1,000 or an amount sufficient to maintain the Policy in force for the next 12 months.
- A partial withdrawal is irrevocable.
- For tax purposes, partial withdrawals are treated as made first from premiums paid and then from

- earnings, beginning with the most recent premium payment, unless the Policy is a modified endowment contract.
- Partial withdrawals will be deducted from your variable investment options on a pro rata basis, unless you instruct us otherwise. If the value of an investment option after a withdrawal pursuant to your instructions is less than \$100, the amounts will be deducted on a pro rata basis.
- Partial withdrawals result in cancellation of Accumulation Units from each applicable Subaccount.
- If death benefit Option A is in effect, the current face amount and Policy value will be reduced by the amount of any partial withdrawal, including the partial withdrawal charge.
- If death benefit Option D is in effect, the current face amount will be reduced by the amount of the partial withdrawal taken from the Fixed Account.

- Policy value will be reduced by the amount of the partial withdrawal, including the partial withdrawal charge.
- Any partial withdrawal from the Fixed Account may negatively impact the availability of a guaranteed death benefit and the amount of the death benefit.
- We reserve the right to defer withdrawal payments from the Fixed Account for up to six months from the date we receive your request.
- Depending upon the circumstances, a partial withdrawal may have tax consequences.

□ PAYMENT OF POLICY PROCEEDS

A primary function of a life insurance policy is to provide payment options for payment of Policy proceeds in a way that best benefits the payee. Policy proceeds are payable upon the insured's death, a full surrender or partial withdrawal of Policy value, or upon any other benefit where certain proceeds are payable. You may elect to have Policy proceeds paid under one of several payment options or as a lump sum. If another option is not chosen within 60 days of the date we receive satisfactory proof of the insured's death, we will make payment in a lump sum to the beneficiary.

Rules for Payment of Policy Proceeds

- You, or your beneficiary after your death if you are the insured, may elect a payment option by completing an election form that can be requested from us at any time.
- Payees must be individuals who receive payments in their own behalf unless otherwise agreed to by us.
- An association, corporation, partnership or fiduciary can only receive a lump sum payment or a payment under a fixed period payment option (payment option C).
- Any payment option chosen will be effective when we acknowledge it.
- We may require proof of your age or survival or the age or survival of the payee.
- We reserve the right to pay the proceeds in one lump sum when the amount is less than \$5,000,

- or when the payment option chosen would result in periodic payments of less than \$100. If any payment would be or becomes less than \$100, we also have the right to change the frequency of payments to an interval that will result in payments of at least \$100. In no event will we make payments under a payment option less frequently than annually.
- No payee may commute, encumber or alienate any proceeds under this Policy before they are due. No proceeds are subject to attachment for any debt or obligation of any payee.
- When the last payee dies, we will pay to the estate of that payee any amount on deposit, or the then present value of any remaining guaranteed payments under a fixed payment option.

Payments under the payment options are *fixed payments* based on a fixed rate of interest at or higher than the minimum effective annual rate which is guaranteed to yield 3% on an annual basis. Proceeds to fund payments are transferred to our general account and are no longer a part of the Separate Account. We have sole discretion whether or not to pay a higher interest rate for payment options A, B, C, D or E (see below). Current single premium immediate annuity rates for options D or E are used if higher than the guaranteed amounts (guaranteed amounts are based upon the tables contained in the Policy). Current interest rates, and further information, may be obtained from us. The amount of each fixed annuity payment is set and begins on the date payment of Policy proceeds is to begin, and does not change.

Selecting a Payment Option

Once fixed payments under a payment option begin, they cannot be changed. (We may allow the beneficiary to transfer amounts applied under options A to C to options D to F after the date payment of Policy proceeds begins. However, we reserve the right to discontinue this practice.)

The longer the guaranteed or projected payment option period, the lower the amount of each payment.

Note: If you elect payment options D or E and select a non-guaranteed period, it is possible that only one annuity payment would be made under the payment option if the person whose life the payment is based upon (the measuring life) dies before the due date of the second payment, only two payments would be made if the measuring life died before the due date of the third payment, etc.

Protector hVUL

The payment options for receiving Policy proceeds are:

- A. <u>Interest Payment</u>. We will pay interest each month at a rate determined by us on the amount retained.
- B. <u>Payments for a Fixed Amount</u>. Proceeds are paid in equal monthly installments until proceeds, with interest, have been fully paid. The total annual payment must be at least 5% of the amount retained.
- C. <u>Payments for a Fixed Period</u>. Proceeds are paid in equal monthly installments for the face period chosen not to exceed 20 years. Monthly incomes for each \$1,000 of proceeds, which include interest, are illustrated by a table in the Policy.
- D. <u>Lifetime Income</u>. Proceeds are paid as equal monthly installments based on the life of a named person, and continue for the lifetime of that person. Variations provide for guaranteed payments for a period of time or a lump sum refund.
- E. *Joint and Last Survivor Lifetime Income*. Proceeds are paid as equal monthly installments during the joint lives of two individuals and until the last of them dies. Variations provide for a reduced amount of payment during the lifetime of the surviving person.
- F. Lump Sum. Proceeds are paid in one sum.

In most cases, when death benefit proceeds are paid in a lump sum, we will pay the death benefit proceeds by establishing an interest bearing account for the beneficiary, in the amount of the death benefit proceeds payable. The same interest rate schedule and other account terms will apply to all beneficiary accounts in place at any given time. We will send the beneficiary a checkbook within 7 days after we receive all the required documents, and the beneficiary will have immediate access to the account simply by writing a check for all or any part of the amount of the death benefit proceeds payable. The account is part of our general account. It is not a bank account and it is not insured by the FDIC or any other government agency. As part of our general account, it is subject to the claims of our creditors. We receive a benefit from all amounts left in the general account.

TAX MATTERS

The following is only general information about federal tax law and is not intended as tax advice. Tax laws affecting the Policy are complex, may change and are affected by your facts and circumstances. We cannot guarantee the tax treatment of the Policy or any transaction involving the Policy. You should consult your own tax adviser as to how these general rules and any applicable taxes will apply to you if you purchase a Policy.

☐ LIFE INSURANCE QUALIFICATION; TAX TREATMENT OF DEATH BENEFIT

The Internal Revenue Code, as amended (the Code) defines a life insurance contract for federal income tax purposes. This definition can be met if an insurance contract satisfies either one of two tests. The Code and related regulations do not directly address the manner in which these tests should be applied to certain features of the Policy. Thus, there is some uncertainty about how those tests apply to the Policy.

Nevertheless, we believe the Policy qualifies as a life insurance contract for federal tax purposes, so that:

- the death benefit should be fully excludable from the beneficiary's gross income; and
- you should not be considered in constructive receipt of the Cash Surrender Value, including any increases in Cash Surrender Value, unless and until it is distributed from the Policy. However, Congress has recently enacted new statutory provisions relating to employer owned life insurance. The death benefit of life insurance owned by an employer is taxable unless the insured is a certain class of employee and has been given notice and has consented to coverage on his life. Specific statutory requirements must be satisfied for the death benefit of employer owned life insurance to be excluded from taxable income. Any employer contemplating the purchase of a life insurance contract should consult a tax advisor.

We reserve the right to make such changes in the Policy as we deem necessary to assure it qualifies as a life insurance contract under the Code and continues to provide the tax benefits of such qualification.

<u>Modified Endowment Contracts</u>. The Code establishes a class of life insurance contracts designated as modified endowment contracts. Distributions from a modified endowment contract are taxed under different rules,

This Policy's flexibility and how you tailor it to meet your needs could cause it to be a modified endowment contract. We recommend you consult with a tax adviser to determine if desired Policy transactions may cause such treatment. When a premium payment is credited which we believe causes the Policy to become a modified endowment contract, we will notify you and offer you the opportunity to request a refund of that premium in order to avoid such treatment. You have 30 days after receiving such a notice to request the refund.

most notably distributions are treated as from income first (to the extent of any gain in the contract) then from cost basis. There are other differences related modified endowment contracts, such as loans being treated as a distribution (see Tax Treatment of Loans and Other Distributions below). The Code rules governing whether a Policy will be treated as a modified endowment contract are extremely complex. In general, a Policy is a modified endowment contract if the accumulated premium payments made at any time during the first seven Policy Years exceed the sum of the net level premium payments which would have been paid on or before such time if the Policy

provided for paid-up future benefits after the payment of seven level annual premiums. A Policy may also become a modified endowment contract because of a material change. The determination of whether a Policy is a modified endowment contract after a material change generally depends upon the relationship of the Policy's death benefit and Policy value at the time of such change and the additional premium payments made in the seven years following the material change. A Policy may also become a modified endowment contract if the death benefit is reduced.

A Policy issued in exchange for a modified endowment contract is also treated as a modified endowment contract. However, we believe that a Policy issued in exchange for a life insurance Policy that is <u>not</u> a modified endowment contract will generally not be treated as a modified endowment contract if the death benefit of the Policy is greater than or equal to the death benefit of the Policy being exchanged. The payment of any premiums at the time of or after the exchange may, however, cause the Policy to become a modified endowment contract. You may, of course, choose to not make additional payments in order to prevent a Policy from being treated as a modified endowment contract.

□ SPECIAL CONSIDERATIONS FOR CORPORATIONS AND EMPLOYERS

Premium paid by a business for a life insurance Policy is not deductible as a business expense or otherwise if the business is directly or indirectly a beneficiary of the Policy. For purposes of the alternative minimum tax (AMT) that may be imposed on corporations, the death benefit from the Policy, even though excluded from gross income for normal tax purposes, is included in adjusted current earnings for AMT purposes. In addition, although increases to the Policy's cash surrender value are generally excluded from gross income for normal income tax purposes, such increases are included in adjusted current earnings for income tax purposes. In 2006, Congress adopted new rules relating to Employer Owned Life Insurance. Any employer contemplating the purchase of a new life insurance contract or a change in an existing contract should consult a tax advisor regarding the Employee Notice and Consent requirements to avoid the income taxation of the life insurance death benefits.

■ TAX TREATMENT OF LOANS AND OTHER DISTRIBUTIONS

Upon a surrender or lapse of the Policy, if the amount received plus any outstanding Policy debt exceeds the total cost basis in the Policy, the excess will generally be treated as ordinary income subject to tax, regardless of whether a Policy is or is not a modified endowment contract. However, the tax consequences of distributions from, and loans taken from or secured by, a Policy depend on whether the Policy is classified as a modified endowment contract.

Cost Basis in the Policy means:

- the total of any premium payments or other consideration paid for the Policy, *minus*
- any withdrawals previously recovered that were not taxable.

<u>Distributions from Policies Classified as Modified Endowment Contracts</u> are subject to the following tax rules:

- 1) All distributions, including surrenders and partial withdrawals, are treated as ordinary income subject to tax up to the amount equal to the excess (if any) of the Policy value immediately before the distribution over the cost basis in the Policy at such time.
- 2) Loans from or secured by the Policy are treated as distributions and taxed accordingly. If you do not repay loan interest, the loan interest itself is treated as a distribution.
- 3) A 10% additional income tax is imposed on the portion of any distribution from, or loan taken from or secured by, the Policy that is included in income except where the distribution or loan is made on or after the Owner attains age 59½, is attributable to the Owner's becoming disabled, or is part of a series of substantially equal

Protector hVUL - 27 -

periodic payments for the life (or life expectancy) of the Owner or the joint lives (or joint life expectancies) of the Owner and the Owner's beneficiary.

<u>Distributions from Policies Not Classified as Modified Endowment Contracts</u> are generally treated as first recovering the cost basis in the Policy and then, only after the return of all such cost basis in the Policy, as distributing taxable income. An exception to this general rule occurs in the case of a decrease in the Policy's death benefit or any other change that reduces benefits under the Policy in the first 15 years after the Policy is issued and that results in a cash distribution to the Owner in order for the Policy to continue complying with the Code's definition of life insurance. Such a cash distribution will be taxed in whole or in part as ordinary income (to the extent of any gain in the Policy).

Loans from, or secured by, a Policy that is not a modified endowment contract are not treated as distributions. However, it is possible that reduced rate loans could be treated as distributions rather than loans.

Distributions (including upon surrender) and loans from, or secured by, a Policy that is <u>not</u> a modified endowment contract are not subject to the 10% additional income tax rule. If a Policy is not now but later becomes a modified endowment contract because of a reduction in benefits, then any distributions made from the Policy within two years prior to the change will become taxable pursuant to modified endowment contract rules.

□ OTHER POLICY OWNER TAX MATTERS

Depending on the circumstances, the exchange of a Policy, a Policy loan, a partial or full surrender, a lapse, a change in ownership, or an assignment of the Policy may have federal income tax consequences. In addition, federal, state and local transfer and other tax consequences of ownership or receipt of distributions from a Policy depend on the circumstances of each Owner or beneficiary.

<u>Interest paid on Policy loans</u> generally is not tax deductible.

Aggregation of modified endowment contracts. Pre-death distributions (including a loan, partial surrender, collateral assignment or full surrender) from a Policy that is treated as a modified endowment contract may require a special aggregation to determine the amount of income recognized on the Policy. If we or any of our affiliates issue more than one modified endowment contract to the same Policy Owner within any 12-month period, then for purposes of measuring the income on the Policy with respect to a distribution from any of those Policies, the income for all those Policies will be aggregated and attributed to that distribution.

<u>Federal and state estate, inheritance and other tax consequences</u> of ownership or receipt of proceeds under the Policy depend upon your or the beneficiary's individual circumstance.

<u>Diversification requirements.</u> Investments of the Separate Account must be adequately diversified for the Policy to qualify as a life insurance contract under the Code. Any failure to comply with diversification requirements could subject you to immediate taxation on the incremental increases in Policy value plus the cost of insurance protection for the year. However, we believe the Policy complies fully with such requirements.

<u>Owner control.</u> The Treasury Department stated that it anticipates the issuance of regulations or rulings prescribing the circumstances in which your control of the investments of the Separate Account may cause you, rather than us, to be treated as the

owner of the assets in the Separate Account. To date, no such regulations or guidance has been issued. If you are considered the Owner of the assets of the Separate Account, income and gains from the Separate Account would be included in your gross income.

The ownership rights under the Policy are similar to, but different in certain respects from, those described by the IRS in rulings in which it determined that owners were not owners of separate account assets. For example, you have additional flexibility in allocating Policy premium and Policy values. These differences could result in you being treated as the owner of a pro rata share of the assets of the Separate Account. In addition, we do not know what standards will be set forth in the regulations or rulings which the Treasury may issue. We therefore reserve the right to modify the Policy as necessary to attempt to prevent you from being considered the Owner of the assets of the Separate Account.

<u>Tax-advantaged arrangements.</u> The Policy may be used in various arrangements, including nonqualified deferred compensation or salary continuance plans, split dollar insurance plans, executive bonus plans, tax exempt and nonexempt welfare benefit plans, retiree medical benefit plans and others. The tax consequences of such plans may vary depending on the particular facts and circumstances of each individual arrangement. If you are contemplating the use of the Policy in any arrangement the value of which depends in part on its tax consequences, you should be sure to consult a qualified tax advisor regarding the tax attributes of the particular arrangement and the suitability of this Policy for the arrangement.

<u>Split-Dollar Arrangements.</u> The IRS and the Treasury Department have issued guidance that substantially affects split-dollar arrangements. Consult a qualified tax advisor before entering into or paying additional premiums with respect to such arrangements.

Also, on July 30, 2002, the Sarbanes-Oxley Act of 2002 became law and required significant accounting and corporate governance reform. This Act prohibits, with limited exceptions, publicly-traded companies from extending many types of personal loans to their directors or executive officers. This prohibition may be interpreted as applying to some arrangements for split-dollar life insurance policies for directors and executive officers of such

companies, since such insurance may be viewed as involving a loan from the employer for at least some purposes. Any affected business contemplating the payment of a premium on an existing Policy, or the purchase of a new Policy, in connection with a split-dollar life insurance arrangement should consult legal counsel.

<u>Tax Shelter Regulations.</u> Prospective owners should consult a tax advisor about the treatment of the Policy under the Treasury Regulations applicable to tax shelters.

Alternative Minimum Tax. There may also be an indirect tax upon the income in the Policy or the proceeds of a Policy under the federal corporate alternative minimum tax, if the owner is subject to that tax.

LEGAL PROCEEDINGS

As of the date of this prospectus, there are no proceedings affecting the Separate Account, or that are material in relation to our total assets.

HOW TO GET FINANCIAL STATEMENTS

Our company and separate account financial statements are included in a Statement of Additional Information (SAI). For information on how to obtain copies of these financial statements, at no charge, see the **STATEMENT OF ADDITIONAL INFORMATION; REGISTRATION STATEMENT** provision on the last page of this prospectus.

DISTRIBUTION OF THE POLICY

Our underwriter and affiliate, Ameritas Investment Corp., enters into contracts with its own registered representatives to sell Policies and with various broker-dealers (Distributors) to distribute Policies through their representatives. Total commission paid for the Policies and other information about distribution compensation can be found in this Policy's Statement of Additional Information (SAI). Instructions to obtain an SAI are on the last page of this prospectus. It is also fair for you to ask a representative about the commission they earn for the sale of a Policy. Information about compensation we pay helps you determine whether a representative may have an incentive to recommend our product over another. In addition to regularly scheduled commission, which is indirectly paid for by certain Policy charges, distribution compensation can include periodic cash incentives paid based upon sales goals. We may enter into special compensation or reimbursement arrangements with certain broker-dealers for, among other things, training of sales personnel, marketing or other services they provide to us or to our affiliates. We may also pay other distribution expenses, marketing support allowances, conference sponsorship fees and production incentive bonuses. The list of broker-dealers to whom we pay conference sponsorship fees (typically ranging from \$10,000 to \$25,000) and marketing support allowances may change from time to time, but in calendar year 2007 the list included the following firms: Harbour Investments, Investacorp, Inc., and Cullum & Burks. Any additional compensation is paid out of our own assets and will not result in any additional direct charge to you.

APPENDIX A: Optional Features

This Appendix is intended to provide only a very brief overview of additional benefits available to be added to your Policy by rider. Some of these features are only available at the time the Policy is issued, and may not be added later. For more information, contact your registered representative or us. Certain riders may not be available in all states. The cost for each rider, if any, is explained in the **CHARGES** section.

Disability Benefit Rider

This Rider provides that during periods of the insured's total disability, as defined in the Rider, we will provide benefits to the Policy Owner by paying a benefit into the Policy as a premium, and by waiving the Cost of Insurance Charge for this Rider. The Owner chooses the benefit level at the issue of the Rider.

Children's Protection Rider

This Rider provides term life insurance protection, as defined in the Rider, for the insured's children.

Other Insured Rider

This Rider provides term insurance upon an individual other than the insured.

under the Policy. This rider is not available in some states, including Massachusetts.

Terminal Illness Rider

This Rider provides for the ability to accelerate the death benefit to be a living benefit to withdraw value from the Policy, as defined in the Rider, in the event of diagnosis of a terminal illness.

No extra cost. The total value available as a benefit is an amount less than the total death benefit payable

Protector hVUL - 30 -

DEFINED TERMS

Accumulation Units are an accounting unit of measure used to calculate the Policy value allocated to Subaccounts of the Separate Account. It is similar to a share of a mutual fund. The Policy describes how Accumulation Units are calculated.

Business Day is each day that the New York Stock Exchange is open for trading.

Cash Surrender Value is the total Policy value less outstanding loans and loan interest, less any applicable surrender charge, and less any due but unpaid Policy charges.

Coverage Date is the date your life insurance coverage with us begins.

Fixed Account is an account that credits a fixed rate of interest guaranteed by us and is not affected by the experience of the variable investment options of the Separate Account. The Fixed Account is part of our general account.

Loan Account is an account we maintain for your Policy if you have a Policy loan outstanding. The Loan Account is credited with interest and is not affected by the experience of the variable investment options of the Separate Account. The Loan Account is part of our general account.

Owner, You, Your is you -- the person(s) or legal entity who may exercise all rights and privileges under the Policy. If there are joint Owners, the signatures of both Owners are needed to exercise rights under the Policy.

Policy Date is the date used to determine Policy Anniversaries, Policy Years, and Policy Months. You may request a specific Policy date, which we must approve. Your Policy Date may or may not be the same date as your Coverage Date. If your Coverage Date is after your Policy Date, you will <u>not</u> have life insurance until you complete all coverage requirements.

Policy Year/Month/Anniversary is measured from respective Anniversary dates of the Policy Date of your Policy.

Planned Periodic Premium is a schedule of equal premiums payable at fixed intervals chosen by you, the Owner. You need not follow this schedule, nor will following it ensure that the Policy will remain in force unless the payments are sufficient to keep the Guaranteed Death Benefit in effect.

Net Funding is the sum of these transactions during the guaranteed death benefit period: premiums allocated to the Fixed Account, plus transfers to the Fixed Account, minus partial withdrawals and transfers from the Fixed Account.

Required Funding, on the Policy issue date, is the guaranteed death benefit premium plus guaranteed death benefit dump-in premium, if any. On the first day of any new guaranteed death benefit period after the Policy issue date, Required Funding equals the new guaranteed death benefit premium. On any Policy Month date other than the first day of a guaranteed death benefit period, Required Funding equals Required Funding on the previous Policy Month date plus one additional monthly guaranteed death benefit premium.

Subaccount is a variable investment option division within the Separate Account for which Accumulation Units are separately maintained. Each Subaccount corresponds to a single, underlying, non-publicly traded portfolio issued through a series fund.

Valuation Period is the period commencing at the close of business of the New York Stock Exchange on each Business Day and ending at the close of business on the next succeeding Business Day.

We, Us, Our, Ameritas – Ameritas Life Insurance Corp.

Written Notice or Request -- Written notice, signed by you, in good order, on a form approved by or acceptable to us, that gives us the information we require and is received at Ameritas, Service Center, P.O. Box 82550, Lincoln, NE 68501 (or 5900 "O" Street, Lincoln, NE 68510), fax 1-402-467-7335. Call us if you have questions about what form or information is required. When notice is permitted and sent to us by facsimile, we have the right to implement the request if the copied or facsimile signature appears to be a copy of a your genuine original signature.

☐ IMSA

We are a member of the Insurance Marketplace Standards Association ("IMSA"). IMSA is a voluntary membership organization created by the life insurance industry to promote ethical market conduct for individual life insurance and annuity products. Our membership in IMSA applies to us only and not to our products or affiliates.

THANK YOU

for reviewing this prospectus. You should also review the series fund prospectuses for those Subaccount variable investment options underlying portfolios you wish to select.

IF YOU HAVE QUESTIONS,

wish to request a Statement of Additional Information, or inquire about a Policy including a personalized illustration (without charge), contact your sales representative, or write or call us at:

Ameritas Life Insurance Corp.

□ ILLUSTRATIONS

Illustrations are tools that can help demonstrate how the Policy operates, given the Policy's charges, investment options and any optional features selected, how you plan to accumulate or access Policy value over time, and assumed rates of return. Illustrations may also be able to assist you in comparing the Policy's death benefits, Cash Surrender Values and Policy values with those of other variable life insurance policies based upon the same or similar assumptions. You may ask your sales representative or us (at our toll-free telephone number) to provide an illustration, without charge, based upon your specific situation.

STATEMENT OF ADDITIONAL INFORMATION; REGISTRATION STATEMENT

A Statement of Additional Information (SAI) and other information about us and the Policy with the same date as this prospectus is on file with the SEC and is incorporated into this prospectus by reference. For a free copy, access it on the SEC's Web site (www.sec.gov, select Search for Company Filings, then Companies, then type in Ameritas and locate this product), or write or call us. This information can also be reviewed and copies made at or ordered (for a fee) from the SEC's Public Reference Room, 100 F Street, NE, Washington, D.C. 20549-0102. Direct questions to the SEC at 202-551-8090.

□ REPORTS TO YOU

We will send you a statement at least annually showing your Policy's death benefit, Policy value and any outstanding Policy loan balance. Unless there is other transactional activity in your Policy during a calendar quarter as described below, the Policy annual report will be the only report you receive showing details for the prior year of automatic planned periodic premium payments received and charges regularly deducted each month from Policy value including the Policy administrative charges, risk charge, cost of insurance charge and monthly charges for optional rider benefits. We will also confirm Policy loans, Subaccount transfers, lapses, surrender, partial withdrawals, and other Policy transactions as they occur, and will confirm any automated premium payments upon request. You will receive such additional periodic reports as may be required by the SEC.
