

# Easy-to-Use Dental Benefits That Make Sense

Your employees want dental benefits that are easy to understand and use. A clear concept with a straightforward approach lets members use their money how they choose.

**Benefits are paid based on the date of service.** Claims for services received at the beginning of the benefit year are paid at a higher amount than services received at a later date, regardless of the type of service.

**Members can access benefit information anytime, anywhere.** In the secure member account, members can view plan coverage details, the status of a claim and benefit payment explanations. There is nothing for you to track.

## Extend your benefits by using a network provider.

### Provider flexibility.

Ameritas dental plans allow members to see any dentist they choose, in- or out-of-network. Family members do not need to see the same dentist.

### Network savings.

Visiting a network dentist can make benefit dollars go further. Dentists in the Ameritas network have agreed to charge 25-50% less than their regular rates.

### No paperwork.

When visiting a network provider, there are no claim forms to submit. Members simply make the appointment and show up.

### Exceptional network.

The Ameritas Dental Network is one of the nation's largest. Members can even visit dental providers in Mexico and still receive coverage. Only dentists who adhere to our credentialing and quality assurance requirements are able to join and remain in the network.
