## Simple add-ons guidelines, exclusions and limitations

- Participation is tied to an eligible group dental or vision plan; in no event can a person be covered for the LASIK and/or SoundCare add-on and not be covered in the group dental or vision plan or vice versa.
- LASIK and hearing care benefits are available for fully insured or Administrative Services Only (ASO) groups.
- Minimum of 10 or more enrolled lives required; employees and their eligible dependents must enroll in the same plan—dependent age limitations apply; no more than 20% of participating eligible employees can be retired.
- The late entrant provision applies unless the group has a Section 125 plan and annual open enrollment. In VT, the waiting period cannot exceed 6 months.
- Members can change coverage during the annual election period; however, if members terminate coverage, they must wait until the next annual election period to re-enroll.
- A \$15 monthly administrative fee will apply for groups with 15 or fewer enrolled employees, subject to state requirements. The fee is waived if the group elects to pay by electronic funds transfer.

Covered expenses will not include, and no benefits will be payable for, expenses incurred for:

### LASIK

- Charges for which the plan member is not liable or which would not have been made had no insurance been in force.

- Any procedure not shown in the Schedule of LASIK Services or Schedule of Hearing Care Services.
- LASIK or hearing care services or supplies in the first 12 months that a person is insured if the person is a late entrant, except hearing exams; after this 12-month period, the maximum amount payable per plan member will begin at the 1st Benefit Period as shown in the Schedule of Benefits.
- Laser vision correction procedures other than LASIK, LASIK with Wavefront Technology, LASIK with IntraLase Technology, Photorefractive Keratectomy (PRK), Advanced Surface Ablation (ASA) and LASEK.
- No LASIK benefit will be payable for any insured under the age of 18.

### Hearing

- Cases in which the plan member is entitled to benefits under any workers' compensation or similar law, or charges for services or supplies received as a result of any hearing condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.
- Services which are not required for necessary care and treatment or are not within the generally accepted parameters of care.
- Any hearing exam or supply required by an employer as a condition of employment, including but not limited to, any mandatory worksite programs designed to satisfy OSHA hearing conservation programs.
- Replacement of hearing aids except once every 5 years from the date of placement of the hearing aid; this replacement interval is waived and 50% of the benefit that would be otherwise payable will be considered if all of the following conditions are met: the plan member is diagnosed with a significant deterioration of hearing since placement of the previous hearing aid, a statement from the provider is furnished indicating that the hearing aid being replaced cannot be modified to correct the loss, and at least 3 years has passed since placement of the previous hearing aid.
