

LASIK and Hearing Care Coverage Can Make You Stand Out

Enhance your current benefits package with simple add-ons.

LASIK and hearing care are simple add-on benefits for Ameritas dental and vision plans that offer high value at a low cost.

These easy-to-use plans are not tied to a network so members can seek services from any LASIK or hearing care provider. The benefits can even be used in conjunction with discounts or specials offered by the provider.

77% of employees who understand their benefits offering said they saw themselves staying at their organization for the foreseeable future.¹

Eyesight and hearing play a big role in productivity and accuracy on the job. Adding these simple, robust benefits help employees improve the quality of their vision and hearing, and has a direct impact on your organization's success.

The LASIK benefit makes it more affordable for your employees to obtain laser vision correction and reduce their dependency on glasses or contacts.

Research reports **99%** of patients achieve better than 20/40 vision and more than 90% achieve 20/20 or better. In addition, LASIK has an unprecedented 96% patient satisfaction rate.²

The hearing benefit provides coverage for an annual hearing exam and help cover the cost of hearing devices and maintenance.

30% of all employees suspect that they have a hearing problem.³
