

# Your Dental Plan Includes Vision Benefits

## Flexible options to fit your needs

Your dental and vision benefits are combined into one easy-to-use plan. You choose how to spend your benefit dollars.

A portion of your annual dental maximum can be used to help cover vision expenses. You can use your entire maximum for dental care, or use up to the shared dental/vision maximum amount on eye exams, glasses or contacts. Benefits for dental and vision cannot exceed the full annual dental maximum.

### Vision benefit

A portion of the dental maximum can be used to help pay for eye exams, glasses or contacts.

## How to use your benefits

- In your member account, review your plan maximum, remaining benefits, and the amounts allowed for dental services and vision services.
- Schedule an appointment with your preferred vision provider.
- Since there is no network, you can take advantage of special pricing offers from any vision provider.
- Pay your vision provider and request an itemized receipt.
- [Submit a claim](#) by uploading images of your completed claim form and receipt in your member account. **Claims submissions are typically due within 90 days of service.**
- Ameritas will reimburse you up to the amount allowed for vision services.

## Keep in mind

- Dental and vision claims are processed as they are received. If you reach your dental maximum, no further benefits will be available for dental or vision expenses until the following benefit year.
- You may have a separate comprehensive vision plan in addition to this reimbursement benefit. Check with your benefits administrator.
- Claims for a separate vision plan should be submitted separately.

## Here to help

For plan information any time, visit [ameritas.com](https://ameritas.com) and sign in to your secure member account. Or download the Ameritas Benefits app, available for iOS and Android. Log in with the same user ID and password you use for your secure member account.

If you have questions about your plan benefits, contact the Ameritas customer connections team.
