Financial Strength Benchmarking of Disability Income Competitors

The core financial strength of Ameritas Mutual Holding Company lies within its insurance companies. These include Ameritas Life Insurance Corp. (Ameritas Life) and Ameritas Life Insurance Corp. of New York (Ameritas Life of New York).

Delivering on our promises

As a mutual-based organization, we always put customers first. With our long-standing strength, we established a tradition of striving to deliver the very best in products and services generation after generation. Though we're proud of our ratings¹ from Standard & Poor's and A.M. Best Company, we measure our success by how many people we've helped. By how many promises we've kept. That's the true measure of who we are.

Competitor benchmarking

The following financial strength benchmarking of disability income insurance competitors is based on a comprehensive statutory basis of accounting (SAP) as of December 31, 2018. Capital and surplus/assets ratio

The capital and surplus/assets ratio measures the cushion a company has against a decline in the value of its assets before its surplus is depleted. *Higher levels of capital and surplus relative to assets help support a company's operations and growth.* The statutory surplus levels of Ameritas Life and Ameritas Life of New York are above Standard & Poor's capital requirements at the 'AAA' rating level.² This represents extremely strong capital, which along with low levels of financial leverage, provides adequate financial flexibility to address unforeseen market conditions.

Mutual companies generally hold more capital as they do not have access to just-in-time capital like stock companies. A capital ratio of 10.7 percent means for every \$9.3 of general account assets Ameritas insurance companies hold on its balance sheet, we hold \$1.0 of capital as reserve. This compares to disability income insurance competitors having \$13.3 of assets with \$1.0 of capital held as reserve.

Bond weightings

Bonds rated NAIC 1 to NAIC 6 are weighted by corresponding carrying value to calculate an overall rating for a given group of bonds. *The lower the value, the higher the quality of the bond portfolio.*

NAIC 1 and 2 ratings are considered investment grade and range from AAA to BBB-. Ameritas has a higher quality bond portfolio than the disability income competitor average. Ameritas' average rating equates to an "A-" rated bond portfolio. Why is this important? Ameritas' bond portfolio equaled 72.0 percent of total unaffiliated invested assets at December 31, 2018, and invested assets and cash remain at 96.0 percent of Ameritas' general account assets.
