

Save Money on Your Prescription Eyeglasses

What is the eyewear frames and lenses savings?

As an Ameritas insured member, you can save on a complete pair of prescription eyeglasses at Walmart Vision Centers or Sam's Club Optical Centers nationwide.

That includes:

- Top-quality frames for the entire family including today's most popular brands
- Wide selection of lens options; all lenses come with scratch-resistant coating at no additional charge
- Safety eyewear

Contact lenses and prescription sunglasses are not included in this savings arrangement.

The eyewear savings cannot be combined with any other coupon or promotion, or most insurance.

When making an appointment, you must mention you have eyewear savings through your Ameritas plan and present the savings ID card.

Is a vision exam required to receive the eyewear savings?

No. You may bring in your current vision prescription from another vision care provider to purchase eyewear frames and lenses.

How do I find Walmart Vision or Sam's Club Optical Centers?

To find a Walmart location nearby, visit walmart.com and do a search for Vision Center. To find a Sam's Club location nearby, visit samsclub.com/locator.
