

# Employee Benefits for Educators

Dental, vision, hearing and more

Teaching is a challenge. Choosing the right benefits for your employees can be challenging, too. Your educators tailor their approach to fit their students' needs. You can do the same with your employee benefits, and we can help.

Today over **1,000** academic institutions in the U.S. offer their educators and support staff Ameritas benefits. **Here's why.**

"We selected Ameritas for our dental plan way back in 1983 from among 27 different proposals. Our dental plan has required the least amount of time of any of our benefit programs. There are just zero complaints about the program, claims management, costs, etc."

### Dental

Choose from plans with network savings, monetary rewards, incentives to earn increased benefits, and multiple plan options under one contract.

### Vision

Plan options include access to networks, or set coverage amounts and no network. Your plan can be employer-paid, employee-paid or a combination.

### Extra incentive

Employees love perks they can really use. Offer a student loan repayment benefit, prescription drug savings or LASIK surgery coverage for a more valuable benefits package.

### Individual dental and vision benefits

Without contributing any of the member's monthly premium, you can offer Ameritas individual dental and vision plans to retiring employees and those not eligible for group benefits.
