Rating Unit - Members

Rating Unit: Ameritas Life Group | AMB #: 069790

AMB #	Rating Unit Members	AMB #	Rating Unit Members
068545	Ameritas Life Ins Corp. of NY	006152	Ameritas Life Insurance Corp.

Rating Rationale

Balance Sheet Strength: **Very Strong**

- Risk-adjusted capitalization has been consistently assessed at the strongest level, as measured by Best's Capital Adequacy Ratio (BCAR).
- The investment portfolio is generally viewed as of good quality; however, Ameritas Life Group (Ameritas) has exposure to lower-rated bonds, private placements, and structured securities.
- The group has a favorable liquidity profile with low leverage at the organization and access to external sources of capital and liquidity.

Operating Performance: **Adequate**

- Ameritas has a long-term trend of favorable revenue growth, which is supported by the overall diversity of its operations.
- Although reported earnings have been uneven, reported statutory returns are favorable with returns on equity averaging in the low single digits.
- Spreads have been increasing with the higher interest rate environment, but spread compression is a long-term concern due to the proportion of reserves with interest rate guarantees.

Business Profile: **Favorable**

- Ameritas maintains a diverse profile of life, annuity, and accident & health (A&H) products through its multiple operating segments.
- The group continues to expand its distribution channels to support new business opportunities.
- The group's products are considered to have a low-to-moderate level of risk, although it is increasing sales of higher-risk products.

Enterprise Risk Management: **Appropriate**

- Ameritas has a well-defined ERM framework supported by a dedicated risk officer and risk management committee.
- The group maintains a detailed risk appetite statement, defined risk tolerances, and a comprehensive risk register.
- Stress testing risks are an integral component of the group's risk management program.

Outlook

- The stable outlooks reflect the group's very strong balance sheet strength assessment, supported by risk-adjusted capitalization at the strongest level, as measured by BCAR, while maintaining a favorable market position.

Rating Drivers

- A trend of negative operating earnings driven by low to negative spreads could result in negative rating action.
- An increase in asset defaults or devaluations could result in negative rating action.
- While unlikely, a positive rating action could occur if there is a positive trend in operating performance.

Credit Analysis

Balance Sheet Strength

The group's overall liquidity is supported by positive net cash flows from its diversified business mix and access to a committed, but fully available, bank line at Ameritas Life. In addition, Ameritas Life and Ameritas Life of New York are members of the Federal Home Loan Bank system which provides the potential for additional borrowing capacity at a relatively low cost of funds. Finally, liquidity is further enhanced through Ameritas' mutual holding company structure; its very low financial leverage, which includes \$50 million in unaffiliated surplus notes, due 2026, as well as the organization's generally lower risk product portfolio.

Capitalization

Ameritas continues to maintain the strongest level of risk-adjusted capitalization to support its insurance and investment risks, as measured by Best's Capital Adequacy Ratio. However, absolute capital has fluctuated in recent years due to policyholder benefits variations and new business strain. AM Best also notes that capital includes a modest amount of surplus notes assumed by Ameritas

Balance Sheet Strength (Continued...)

Life Insurance Corp. following the acquisition and merger of The Union Central Life Insurance Company. The group's overall liquidity is supported by positive net cash flows from its diversified business mix and access to the Federal Home Loan Bank system, which provides the potential for additional borrowing capacity. AM Best notes that outstanding borrowings for financial and operating leverage are low.

Asset Liability Management - Investments

Ameritas' investment portfolio is managed by an affiliate, Ameritas Investment Partners, Inc., and is separated into assets that back product liabilities and assets that back the surplus account. The portfolio that backs product liabilities focuses on fixed income securities and mortgage loans to support the company's asset liability management program. The corporate bond portfolio is viewed as high credit quality; however, AM Best notes that the company holds elevated exposure to NAIC 2 class bonds. Additionally, the company has increased allocations to private placement bonds and structured securities in recent years, increasing the liquidity and complexity risk of the portfolio. The mortgage portfolio is geographically diversified and primarily comprised of commercial loans on office, retail, apartments, and industrial buildings with low loan to value metrics. The company's surplus portfolio follows a total return strategy and holds the company's higher risk assets, including public and private equities, below investment grade bonds, and convertible bonds.

Holding Company Assessment

Ameritas Mutual Holding Company (AMHC), the ultimate parent, is viewed as a neutral impact on the ratings of Ameritas Life Group. The insurance operations represent the majority of the income statement and balance sheet of the consolidated organization. In addition to the insurance companies, AMHC also owns Ameritas Investment Partners, Inc., which provides investment management services. AM Best notes that there is no additional debt at the holding company outside of the borrowings of the insurance operations.

Financial Leverage Summary - Holding Company

Financial Leverage Ratio (%)	0.10
Adjusted Financial Leverage Ratio (%)	1.20
Interest Coverage (x)	38.00

Operating Performance

Ameritas has a diversified earnings profile across its operating segments. In recent years, the individual segment has benefited from continued expansion of distribution and new product enhancements. Life and disability income product sales grew by double digits in 2020 and 2021, with life sales increasing by approximately 50% in 2021, driven partially by sales from new partnerships and agencies. These sales increased 12% in 2022, 2% in 2023 and 9% in 2024 (5 Year CAGR of 13%) . Annuity sales declined 13% in 2020, which is reflective of the low interest rate environment and consistent with industry trends. In 2021, annuity sales rebounded but were still below 2019 levels. Annuity sales dropped in 2022, but significantly increased in 2023 and 2024 (44% increase) in the increasing interest rate environment (5 Year CAGR of 11%). For annuities, spread compression is a long-term concern due to the proportion of reserves with interest rate guarantees, but remained relatively stable in 2024. The company's disability income is smaller in scale than the life or annuity blocks, but maintains a higher rate of return and has been a good source of earnings. Disability income sales increased in 2023 (growing 17%), and were stable to 2023 in 2024 (5 Year CAGR of 8%).

In recent years, the company has consistently been in the Top 5 for new sales growth of group dental and vision products. Total new sales in 2020 were relatively flat but supported favorable growth in premiums. Sales dipped slightly in 2021, however premiums increased by approximately 15% in and increased 5% in 2022. New sales grew 13% in 2023 and 11% in 2024. The company's strategic focus on efficiency and expense management has driven strong improvements in profitability metrics and favorable earnings trends.

Operating Performance (Continued...)

Ameritas' retirement plans segment does not result in material contributions to revenue or earnings, but provides a material cash-flow inflow and growth in assets. Historically, earnings have been relatively volatile; however, a strategic shift to a more fixed-fee revenue structure is expected to reduce volatility and support more stable earnings trends going forward.

Business Profile

Ameritas Life Group (Ameritas) represents Ameritas Life Insurance Corp. and Ameritas Life Insurance Corp. of New York, the insurance subsidiaries of Ameritas Mutual Holding Company (AMHC). The organization also wholly-owns Ameritas Investment Partners, Inc., an investment management subsidiary, and Ameritas Investment Company, LLC, Ameritas Advisory Services, LLC, Variable Contract Agency, LLC for distribution through RIA's and broker/dealers. Ameritas has also used strategic acquisitions to build scale, enhance diversification, and add operating capabilities. Over the last ten years, Ameritas has acquired and merged BlueStar Retirement Services, Inc. a full-service record keeper and third-party administrator and Select Benefits Group, LLP dba Dental Select, a third-party administrator for dental and vision plans.

The consolidated organization offers a broad range of insurance and financial services through four core segments: individual, group, retirement plans, and corporate. The individual segment focuses on life, annuity, and disability income products and has been the largest driver of new sales driven by growth in the company's fixed indexed annuities and life insurance. Ameritas utilizes RIAs, broker/dealers, and independent agents to maintain a Top 30 market position across its individual life, Top 50 across its annuity products and a Top 10 position in disability sales. The group segment covers the organization's dental, vision, and hearing products. Led by its organic distribution, Ameritas is in the Top 5 for new sales growth of group dental and vision; however, AM Best notes that vision sales are relatively modest compared to dental. In addition to dental and vision, Ameritas offers a hearing product to complement its current group product portfolio. The retirement plans segment markets group annuities to the small and mid-sized 401(k) employer market, 457(b) and 414(h) plans for government and municipal employees and offers products on both a bundled and unbundled basis. Additionally, Ameritas is growing net asset value products through MEP (multiple employer plan) and PEP (pooled employer plan) product segments, a discipline added through the acquisition of BlueStar. The company has strategically been transitioning its products from variable to fixed fees to reduce volatility.

Enterprise Risk Management

Ameritas has a well-defined enterprise risk management (ERM) framework driven by its ERM committee, comprised of senior management and led by a dedicated risk officer, reporting to the Board of Directors and its Audit and Risk Committee. The company's ERM department coordinates all risk management activities, reporting and communication and oversees the measuring, monitoring and reporting of operational risks and risk transfer programs, as well as facilitating risk assessments and doing a comprehensive review and reporting of all risks, with assistance from risk coordinators in the various business units. Ameritas has developed a comprehensive set of policies, procedures, and controls that serve to establish a stated risk appetite for the types of products, services, and investments the insurance companies will be involved in, as well as the tolerances, limits, or extent to which the companies will be exposed to them. The ERM Committee has also established tolerances for operating risks related to capital investment, financial reporting, legal and regulatory matters, code of conduct, reputation, staffing, and systems availability. Specific risks which are tracked at the enterprise level and key risks are evaluated, monitored and action plans are created when necessary.

Environmental, Social & Governance

Ameritas's ESG risk is considered low. On an underwriting basis, environmental, social and governance risk is low. On the investment side, current allocation contains no large concentration in securities that are backed by assets that could have ESG risk potential. On a forward looking basis, ESG factors are unlikely to impact the credit quality of the company over the short term. ESG developments are regularly monitored by the company.

History

This company was incorporated under the laws of Nebraska on April 6, 1887 as a stock life company. In 1941, a plan of mutualization was adopted, and by December 1949, all shares were retired. The company was originally incorporated as Bankers Life Insurance Company of Nebraska, and in 1988, the present title was adopted. Effective January 1, 1998, the company converted from a mutual insurance company structure to a stock life insurance company by adopting the mutual holding company structure. All of the shares of the capital stock of Ameritas Life were issued to and are owned by an intermediate stock holding company, Ameritas Holding Company. This structure provides the organization with greater financial flexibility in its capital management which includes access to additional capital from public markets. Evidence of operational flexibility includes mergers of mutual holding companies and subsidiary reorganizations. On January 1, 1999, the Ameritas Mutual Insurance Holding Company was merged with the Acacia Mutual Holding Corporation and renamed Ameritas Acacia Mutual Holding Company. On January 1, 2006, the Ameritas Acacia Mutual Holding Company merged with The Union Central Mutual Holding Company and was renamed UNIFI Mutual Holding Company. During 2009, Acacia Life and Union Central were made subsidiaries of Ameritas Life. On May 2, 2012 UNIFI Mutual Holding Company was renamed Ameritas Mutual Holding Company. In July 2014, Acacia Life Insurance Company and The Union Central Life Insurance Company merged into Ameritas Life Insurance Corp. In December 2016, Security Life Insurance Company of America merged into Ameritas Life Insurance Corp. In December 2016, Security American Financial Enterprises, LLC was liquidated and dissolved. In 2021, Ameritas acquired 100% of BlueStar Retirement Services, Inc. a full-service record keeper and third-party administrator headquartered in Florida, which is now merged into Ameritas.

A Best's Financial Strength Rating opinion addresses the relative ability of an insurer to meet its ongoing insurance obligations. The ratings are not assigned to specific insurance policies or contracts and do not address any other risk, including, but not limited to, an insurer's claims-payment policies or procedures; the ability of the insurer to dispute or deny claims payment on grounds of misrepresentation or fraud; or any specific liability contractually borne by the policy or contract holder. A Financial Strength Rating is not a recommendation to purchase, hold or terminate any insurance policy, contract or any other financial obligation issued by an insurer, nor does it address the suitability of any particular policy or contract for a specific purpose or purchaser.

A Best's Issue/Issuer Credit Rating is an opinion regarding the relative future credit risk of an entity, a credit commitment or a debt or debt-like security.

Credit risk is the risk that an entity may not meet its contractual, financial obligations as they come due. These credit ratings do not address any other risk, including but not limited to liquidity risk, market value risk or price volatility of rated securities. The rating is not a recommendation to buy, sell or hold any securities, insurance policies, contracts or any other financial obligations, nor does it address the suitability of any particular financial obligation for a specific purpose or purchaser.

In arriving at a rating decision, AM Best relies on third-party audited financial data and/or other information provided to it. While this information is believed to be reliable, AM Best does not independently verify the accuracy or reliability of the information. Any and all ratings, opinions and information contained herein are provided "as is," without any express or implied warranty.

For additional details, refer to our Terms of Use available at the AM Best website <https://web.ambest.com/about/terms-of-use>. All information contained herein was obtained by AM BEST from sources believed by it to be accurate and reliable. Notwithstanding the foregoing, AM BEST does not make any representation or warranty, expressed or implied, as to the accuracy or completeness of the information contained herein, and all such information is provided on an "as is" and "as available" basis, without any warranties of any kind, either express or implied. Under no circumstances shall AM BEST have any liability to any person or entity for (a) any loss or damage of any kind, in whole or in part caused by, resulting from, or relating to, any error (negligent or otherwise) or other circumstance or contingency within or outside the control of AM BEST or any of its directors, officers, employees, or agents in connection with the procurement, collection, compilation, analysis, interpretation, communication, publication or delivery of any such information, or (b) any direct, indirect, special, consequential, compensatory, punitive or incidental damages whatsoever (including without limitation, personal injury, pain and suffering, emotional distress, loss of revenue, loss of present or prospective profits, loss of business or anticipated savings, or loss of goodwill) resulting from the use of, or inability to use, any such information, in each case, regardless of (i) whether AM BEST was advised in advance of the possibility of such damages, (ii) whether such damages were foreseeable, and (iii) the legal or equitable theory (contract, tort or otherwise) upon which the claim is based. The credit ratings, performance assessments, financial reporting analysis, projections, and any other observation, position or conclusion constituting part of the information contained herein are, and shall be construed solely as, statements of opinion and not statements of fact or recommendations to purchase, sell or hold any securities, insurance policies, contracts or any other financial obligations, nor do they individually or collectively address the suitability of any particular financial obligation for a specific purpose or purchaser. Credit risk is the risk that an entity may not meet its contractual, financial obligations as they come due. Service performance risk is the risk that an entity may not meet its contractual service performance obligations on behalf of its insurance partners. Consequently, neither credit ratings nor performance assessments address any other risk, including but not limited to, liquidity risk, market value risk or price volatility of rated securities. NO WARRANTY, EXPRESS OR IMPLIED, AS TO THE ACCURACY, TIMELINESS, COMPLETENESS, MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE OF ANY SUCH RATING OR ASSESSMENT OR OTHER OPINION OR INFORMATION IS GIVEN OR MADE BY AM BEST IN ANY FORM OR MANNER WHATSOEVER. Each credit rating, performance assessment or other opinion must be weighed solely as one factor in any investment or purchasing decision made by or on behalf of any user of the information contained herein. Each such user will, with due care, make its own study and evaluation of each security or other financial obligation, and of each issuer and guarantor of, and each provider of credit support, and an independent view of service provider performance for, each security or other financial obligation that it may consider purchasing, holding, or selling or for each service contract that it may consider entering into. For additional detail on credit ratings or performance assessments, and their respective scales, usage, and limitations, refer to the Guide to Best's Credit Ratings (<http://www.ambest.com/ratings/index.html>) or the Guide to Best's Performance Assessments (<https://www.ambest.com/ratings/assessmentMethodology.html>).
