Plans designed to meet public sector employees' needs

Help your employees maintain and improve their financial and physical well-being with benefits that are easy to administer and use.

Benefit rewards. Boost retention, benefits usage and overall well-being. Employees who use their benefits earn carryover rewards that increase their available benefits in the future.

Ameritas Dental Network savings. One of the nation's largest dental networks. Providers charge 25-50% less than their regular rates. Those who visit out-of-network providers can still count on benefits to help cover out-of-pocket costs.

Dental plan options for a varied workforce. Offer employees a choice of dental and vision plans with different benefits, price points and network options.

Two largest vision networks. Vision plan options include VSP and EyeMed network savings, or a no-network schedule plan.

Vision benefits within a dental plan. A portion of the dental benefit maximum can be used for vision expenses. Employees decide how to use their benefits. One certificate, one enrollment form, one payroll entry, and one bill.

Bundled benefits for added value. Include benefits that fulfill needs throughout a variety of life stages. Employees will appreciate coverage for orthodontia, LASIK care benefits or a student loan repayment program.

Individual dental and vision benefits. Without contributing any of the employee's monthly premium, you can offer Ameritas individual dental and vision plans to retiring employees and those not eligible for group benefits.

Extra savings. Ameritas offers money-saving discounts to help with prescription and eyewear expenses. These savings arrangements are not insurance and are available to employees at no additional cost to the plan premium.
