

## Reduce Overhead and Receive Top Quality Products with DDS Lab

DDS Lab and Ameritas have formed an alliance to offer the national dental carrier's participating dentists with discounted pricing on dental lab products and services, as well as exclusive and free continuing education opportunities. This partnership will allow Ameritas dentists to cut the cost of their laboratory bill, **by nearly 25%**, while continuing to give their patients high quality products and care.

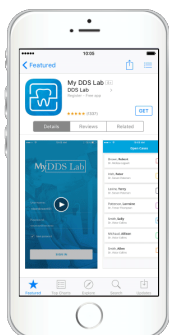

### Examples of savings:

- Zirconia Solid Crown – normally \$109, **Ameritas network price is \$70**
- Zirconia Layered Crown – normally \$119, **Ameritas network price is \$85**
- Elite Denture – normally \$169, **Ameritas network price is \$104**
- Hawley Retainer is **\$37**

Established in 2005, DDS Lab is a full-service, NBC-certified dental laboratory, serving dentists nationwide. The laboratory specializes in crown and bridge, dentures, partials, implants, orthodontics, Fierce® mouth guards and CAD/CAM restorations. DDS Lab is headquartered in Tampa, Florida.

"We are excited about this new relationship with Ameritas," said Kelly Rivera, DDS Lab's Vice President of Sales. "This alliance will allow DDS Lab to deliver exceptional service to Ameritas' patients and dentists. We are looking forward to making a difference in patients' lives through this relationship."

For real-time case tracking, download the MyDDSLab Mobile App. With the app you can:

- View impression scores
- Upload case images right from your phone
- Provide feedback throughout the entire case process
- Communicate with the lab immediately with the "Please Contact Lab" status

For more information on DDS Lab's products and services, call 877-337-7800 or visit [www.ddslab.com](http://www.ddslab.com).
