Ameritas is Your Dental Provider

Dental benefits are our specialty and we believe we do them better than anyone else.
We’re proud to protect your smile

Dental care is just as important to a lifetime of good health as your medical plan. But caring for your teeth, and making sure your loved ones have good oral health care, can be expensive. You can offset these expenses by taking advantage of the dental benefits offered through Ameritas, exclusively for University of Nebraska employees and their families.

Things to know:

• You are free to visit any provider you choose
• Your out-of-pocket costs may be 25-50% lower when visiting a network provider due to negotiated fees
• The usual and customary allowance is used with an out-of-network provider, and if the dentist’s charges happen to be higher than that allowance, the difference will be an out-of-pocket expense
• Claims and pretreatment estimates are accepted from all providers
• Network providers accept payment directly from Ameritas, an option which is also available to out-of-network providers
• Visit http://uofne.ameritasgroup.com and click Find a Provider to view your local network listing of general and specialty providers
• You can nominate a dentist to join the network via the link on this site, or by calling our provider relations department at 800-755-8844

Your Ameritas dental plan includes adult and child orthodontia benefits. Covered expenses are based on 50% of the estimated cost of the patient’s treatment program, up to the $2,000 per person lifetime maximum. The total estimated cost is prorated by quarter over the estimated length of the program. Payment is made in equal quarterly installments for up to two years; beginning on the date the braces are placed.

To find out more about your Ameritas dental plan visit your online benefits center at [http://uofne.ameritasgroup.com](http://uofne.ameritasgroup.com)
See any dentist. Your Ameritas dental plan allows you and your family members to receive care from any licensed dental provider, regardless if they are in- or out-of-network. You do not need to switch providers. Family members do not need to see the same dentist.

Save money. Dentists in the Ameritas network (referred to as PPO providers) have agreed to a contracted fee. They charge you 25-50% less than their regular rates. Many of them also offer discounted fees on non-covered dental services as allowed by state law. Out-of-network (non-PPO) providers have not agreed to offer PPO discounts and will charge you their regular rates. If the dentist’s charges happen to be higher than the usual and customary allowance, the difference will be an out-of-pocket expense.

Avoid paperwork. When visiting Ameritas dental network providers, there are no claim forms to submit. Our providers handle everything, and they may even submit claims electronically for a quicker turnaround. All you need to do is make the appointment and show up. Out-of-network dentists may also submit claims as a courtesy. If you need a claim form, go to http://uofne.ameritasgroup.com.

Know what’s covered. As a smart consumer, it’s best for you to know your share of the cost up front. For services over $200 we recommend you ask your dentist to request a pretreatment estimate from our customer relations department. You will receive a written response showing what Ameritas estimates your dental plan will pay, and the amount that you will owe.

See if your dentist is in our network. Visit ameritas.com, Find a Provider to find a new dentist or see if your current provider is in the Ameritas Dental Network.

Nominate your dentist. If your dentist is not in our network already, it’s easy to let us know. Just go to ameritas.com, search for “nominate a provider” and complete the online form.

Exceptional network. The Ameritas Dental Network is one of the five largest in the nation. Plus, now you can visit dental providers in Mexico and still receive coverage. Plan discounted fees and agreements are honored by AmexUS Mexico providers, and claims will be processed by Ameritas.
Common questions

If my current dentist is not in the Ameritas network, will I pay significantly more for dental services?

We regularly analyze dentist procedure charges from every ZIP Code to come up with U&C levels for each area. When you visit an out-of-network dentist, the amount that we reimburse you or your provider is based on nine out of ten dentists’ charges for that procedure in your given three-digit Zip Code area. So your dentist’s charges are very likely to be at or below what our plan pays. If your dentist’s charges happen to be higher than the 90th U&C allowance, the difference will be an out-of-pocket expense. You can ask your provider to submit a pretreatment estimate to Ameritas so you and your provider can see exactly how the claim will be processed and what you will pay.

How does the plan cover dental implants?

The implant treatment plans have multiple phases.
- **Diagnostic**
- **Extractions**
- **Implant and abutment**—this part is NOT covered
- **Crown over the implant** (in conjunction with an extraction in history or replacing a prosthetic that is over 5 years old)

With the maximum calendar-year benefit of $1,500, most implant patients exhaust their calendar-year maximums with the covered procedures required for the placement of the implant.

While a portion of the implant treatment plan is covered, it’s important to note that the implant and abutment phase of the process is NOT covered, and abutment will be out-of-pocket for the member. The calendar-year benefit maximum is available for the other required procedures, and routine procedures throughout the year.

By knowing up front that parts of the treatment plan are not covered, members are more likely to rely on their flexible spending or other funding options.

We do recommend a pretreatment estimate from all dentists providing services. In some cases, it also helps plan to break up the implant treatment plan over two calendar years if the healing portion allows for it.
What if I’m in the middle of orthodontic treatment when I am hired at the University?

For orthodontic programs that were covered under prior employer’s dental plan, and are in progress, Ameritas will coordinate benefits between the old plan and the new plan to make sure members get the remaining maximum benefit. For example, if the old plan had paid $750 toward your orthodontic treatment plan, you would still be eligible for an additional $1,250 under the Ameritas plan. Ameritas reimburses orthodontic payments quarterly. We encourage you or your orthodontic provider to contact Ameritas with any questions you may have.

The following example shows orthodontic benefit payments under the Ameritas Plan ($2,000 lifetime maximum) for a patient who paid $750 last year under the prior plan.
