

Crystal Clear Vision Savings

Ameritas individual vision insurance plans provide true value. Let's shed some light on how vision benefits save you money and enhance your well-being.

Protect your vision

Vision providers can address concerns including digital eye strain, changes in vision, and dry eyes.

Be fashion-forward

Coverage for glasses or contacts purchased in-store or online helps you stay current with the latest trends.

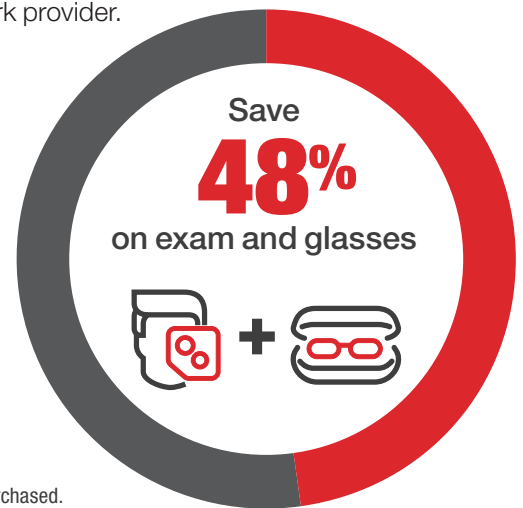

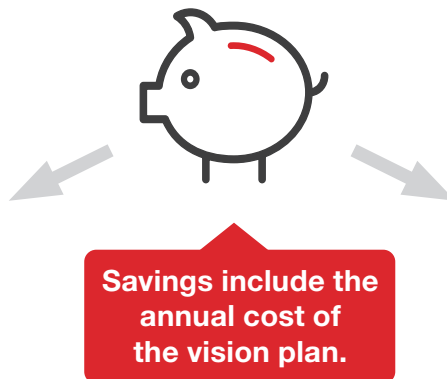

Choose your network

Plans offer either EyeMed or VSP network savings. Determine which benefits match your needs.

Save money

This example shows how much you can save in one year with vision insurance. Savings include the cost of your vision plan plus the amount you pay for materials with a network provider.

Actual savings will vary depending on your area and materials purchased.

Insurance is an investment in your overall health and well-being.
