

Reward Employees with the Benefit of Education

BenefitEd offers Tuition Reimbursement as part of our comprehensive suite of education benefits programs. These programs are part of section 127 and are tax free for the employer and employee up to \$5,250 per employee per year.

Tuition Reimbursement with BenefitEd adapts to your unique needs to optimize your program and ease the administrative burden with up front payment or reimbursement to employee. Our seamless implementation and in-depth reporting will help you recruit and retain top talent, and maximize your ROI.

Built to save your company time and money

How Tuition Reimbursement with BenefitEd helps employers:

- Eases administrative burden.
- Rewards a more skilled and educated workforce.
- Customizable program that works with our suite of products.
- Assigned account manager and support team.
- User-friendly administrative platform.
- Detailed analytics on participation and outcomes.

Supports professional growth for your employees

How Tuition Reimbursement with BenefitEd helps employees:

- Encourages them to reach their educational and financial goals.
- Allows them to further their education without taking out loans.
- User-friendly platform and support team.

Getting started is easy

1 Program Design

BenefitEd works with you to identify which employees are eligible, and help customize a benefits package based on your unique needs.

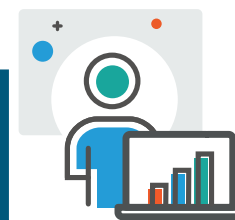

2 Easy Implementation

Outreach to onboard employees is taken care of. BenefitEd will also notify employees to let them know how reimbursements will be made.

3 Reporting and Results

BenefitEd tracks the impact on employee retention and provides monthly reports to keep tabs on program activity.
