Annual Report
December 31, 2020

Commodity Futures Trading Commission Registration. The Commodity Futures Trading Commission (“CFTC”) has adopted regulations that subject registered investment companies and advisers to regulation by the CFTC if a fund invests more than a prescribed level of its assets in certain CFTC-regulated instruments (including futures, certain options and swap agreements) or markets itself as providing investment exposure to such instruments. The adviser has claimed an exclusion from the definition of “commodity pool operator” under the Commodity Exchange Act with respect to its management of the Fund and the other funds it manages. Accordingly, neither the Fund nor the adviser is subject to CFTC regulation.

Fund shares are not insured by the FDIC and are not deposits or other obligations of, or guaranteed by, any depository institution. Shares are subject to investment risks, including possible loss of principal invested.

This report must be preceded or accompanied by a current summary prospectus or prospectus. Before investing, investors should consider carefully the investment objective, risks, and charges and expenses of a mutual fund. This and other important information is contained in the summary prospectus and prospectus, which can be obtained from a financial intermediary. Prospective investors should read the prospectus carefully before investing. For further information, please call 1-800-368-2745.

Management's Discussion of Fund Performance[†]

Economic and Market Conditions

The 12-month period that began January 1, 2020, included some of the best and worst U.S. equity performances in over a decade.

As the period opened, news of a novel coronavirus outbreak in China began to raise investor concerns. As the virus turned into a global pandemic in February and March, it ended the longest-ever U.S. economic expansion and triggered a global economic slowdown. Economic activity declined dramatically and equity markets plunged in value amid unprecedented volatility.

In response, the U.S. Federal Reserve (the Fed) announced two emergency rate cuts in March 2020 — lowering the federal funds rate to 0.00%-0.25% — along with other measures designed to shore up equity and credit markets. At its July meeting, the Fed provided additional reassurances that it would use all the tools at its disposal to support the U.S. economy.

These actions helped calm markets and initiated a new equity rally that began in April and lasted through most of the summer. As consumers started to emerge from coronavirus lockdowns and factories gradually resumed production, stock prices reflected investor optimism. In the second quarter of 2020, U.S. stocks reported their best quarterly returns since 1998 — on the heels of the worst first quarter for American stocks since the 2007-2008 global financial crisis.

In September 2020, however, the equity rally stalled, as stock prices on Wall Street began to reflect the reality on Main Street, where coronavirus cases were on the rise in nearly every state. In September and October 2020, most U.S. stock indexes reported negative returns, reflecting concerns about the economic outlook for fall and winter, uncertainties related to the presidential election, and the failure of Congress to pass additional financial relief for struggling businesses and workers facing unemployment.

In the final two months of the period, however, stocks reversed course again. Joe Biden's victory in the November presidential election eased political uncertainties that had dogged investment markets through much of the fall. Additionally, the announcement that two COVID-19 vaccine candidates had proven more than 90% effective in late-stage trials boosted investor optimism that powered a new stock market rally. Unlike the largely tech-centered rally of the previous spring and summer, this rally was more broad-based, with strong participation by value and growth stocks across the market cap range. As both vaccines were approved for emergency use and vaccinations began in December 2020, an eventual end to the pandemic seemed to be in sight and the equity rally continued.

For the period as a whole, positive equity returns belied the dramatic volatility during the period, but demonstrated the dominance of technology stocks. The S&P 500[®] Index, a broad measure of U.S. stocks, returned 18.40%; the blue-chip Dow Jones Industrial Average[®] returned 9.72%; and the technology-laden Nasdaq Composite Index returned 44.92%. Small-cap U.S. stocks, as measured by the Russell 2000[®] Index, kept pace with their

large-cap counterparts, as measured by the S&P 500[®] Index and Russell 1000[®] Index. As a group, growth stocks significantly outpaced value stocks, as measured by the Russell growth and value indexes.

Investment Strategy

As an index fund, Calvert VP Russell 2000[®] Small Cap Index Portfolio (the Fund) seeks to replicate as closely as possible the holdings and match the performance of the Russell 2000[®] Index (the Index). To accomplish this, the Fund employs a passive management approach and holds each constituent of the Index in approximately the same proportion as the Index. The Fund may also invest in exchange-traded funds (ETFs) that provide the same exposure to the Index. Cash holdings may gain exposure to the Index via futures contracts, allowing the Fund's assets to be fully invested.

Fund Performance

For the 12-month period ended December 31, 2020, the Fund returned 19.64% for Class I shares at net asset value (NAV). By comparison, the Index returned 19.96% for the same period. The Index is unmanaged and returns do not reflect any fees and operating expenses.

During the period, small-cap stocks outperformed mid-cap stocks, while large-cap stocks outperformed both small-cap and mid-cap stocks within the Russell family of indexes.

Most sectors in the Index had positive returns during the period. They were led by health care, which returned 45.31%, and information technology, which returned 42.83% during the period. The communication services and materials sectors also performed strongly during the period.

Real estate was the weakest-performing sector, returning -13.20%. Financials, energy, and utilities were also among the weakest-performing sectors.

Health care had the largest weight in the Index, followed by industrials and financials. The communication services and energy sectors had the smallest weights in the Index during the period.

Futures contracts, which are regularly used to manage uninvested cash holdings in the Fund, had a meaningful positive impact on performance during the period.

See Endnotes and Additional Disclosures in this report.

Past performance is no guarantee of future results. Returns are historical and are calculated by determining the percentage change in net asset value (NAV) or offering price (as applicable) with all distributions reinvested. Investment return and principal value will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Performance for periods less than or equal to one year is cumulative. Performance is for the stated time period only; due to market volatility, current Fund performance may be lower or higher than the quoted return.

Endnotes and Additional Disclosures

[†] The views expressed in this report are those of the portfolio manager(s) and are current only through the date stated at the top of this page. These views are subject to change at any time based upon market or other conditions, and Calvert and the Fund(s) disclaim any responsibility to update such views. These views may not be relied upon as investment advice and, because investment decisions are based on many factors, may not be relied upon as an indication of trading intent on behalf of any Calvert fund. This commentary may contain statements that are not historical facts, referred to as “forward-looking statements.” The Fund’s actual future results may differ significantly from those stated in any forward-looking statement, depending on factors such as changes in securities or financial markets or general economic conditions, the volume of sales and purchases of Fund shares, the continuation of investment advisory, administrative and service contracts, and other risks discussed from time to time in the Fund’s filings with the Securities and Exchange Commission.

¹ Russell 2000[®] Index is an unmanaged index of 2,000 U.S. small-cap stocks. Unless otherwise stated, index returns do not reflect the effect of any applicable sales charges, commissions, expenses, taxes or leverage, as applicable. It is not possible to invest directly in an index.

² There is no sales charge. Insurance-related charges are not included in the calculation of returns. If such charges were reflected, the returns would be lower. Please refer to the report for your insurance contract for performance data reflecting insurance-related charges.

Calvert Research and Management became the investment adviser to the Fund on December 31, 2016. Performance reflected prior to such date is that of the Fund’s former investment adviser.

³ Source: Fund prospectus. Net expense ratios reflect a contractual expense reimbursement that continues through 4/30/21. Without the reimbursement, performance would have been lower. The expense ratios for the current reporting period can be found in the Financial Highlights section of this report.

Additional Information

S&P 500[®] Index is an unmanaged index of large-cap stocks commonly used as a measure of U.S. stock market performance. Dow Jones Industrial Average[®] is a price-weighted average of 30 blue-chip stocks that are generally the leaders in their industry. S&P Dow Jones Indices are a product of S&P Dow Jones Indices LLC (“S&P DJI”) and have been licensed for use. S&P[®] and S&P 500[®] are registered trademarks of S&P DJI; Dow Jones[®] is a registered trademark of Dow Jones Trademark Holdings LLC (“Dow Jones”); S&P DJI, Dow Jones and their respective affiliates do not sponsor, endorse, sell or promote the Fund, will not have any liability with respect thereto and do not have any liability for any errors, omissions, or interruptions of the S&P Dow Jones Indices. Nasdaq Composite Index is a market capitalization-weighted index of all domestic and international securities listed on Nasdaq. Source: Nasdaq, Inc. Fund Expenses

Example

As a Fund shareholder, you incur ongoing costs, including management fees; distribution and/or service fees; and other Fund expenses. This Example is intended to help you understand your ongoing costs (in dollars) of Fund investing and to compare these costs with the ongoing costs of investing in other mutual funds. The Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period (July 1, 2020 to December 31, 2020).

Actual Expenses

The first section of the table below provides information about actual account values and actual expenses. You may use the information in this section, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first section under the heading entitled "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The second section of the table below provides information about hypothetical account values and hypothetical expenses based on the actual Fund expense ratio and an assumed rate of return of 5% per year (before expenses), which is not the actual Fund return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect expenses and charges which are, or may be imposed under the variable annuity contract or variable life insurance policy (variable contracts) (if applicable) through which your investment in the Fund is made. Therefore, the second section of the table is useful in comparing ongoing costs associated with an investment in vehicles which fund benefits under variable contracts, and will not help you determine the relative total costs of investing in the Fund through variable contracts. In addition, if these expenses and charges imposed under the variable contracts were included, your costs would have been higher.

	Beginning Account Value (7/1/20)	Ending Account Value (12/31/20)	Expenses Paid During Period* (7/1/20 – 12/31/20)	Annualized Expense Ratio
Actual				
Class I	\$1,000.00	\$1,377.90	\$2.33 **	0.39%
Class F	\$1,000.00	\$1,376.40	\$3.52 **	0.59%
Hypothetical				
(5% return per year before expenses)				
Class I	\$1,000.00	\$1,023.18	\$1.98 **	0.39%
Class F	\$1,000.00	\$1,022.17	\$3.00 **	0.59%

* Expenses are equal to the Fund's annualized expense ratio for the indicated Class, multiplied by the average account value over the period, multiplied by 184/366 (to reflect the one-half year period). The Example assumes that the \$1,000 was invested at the net asset value per share determined at the close of business on June 30, 2020. Expenses shown do not include insurance-related charges.

** Absent a waiver and/or reimbursement of expenses by an affiliate, expenses would be higher.

The percentage shown for each investment category in the Schedule of Investments is based on net assets.

⁽¹⁾ Non-income producing security.

⁽²⁾ All or a portion of this security was on loan at December 31, 2020. The aggregate market value of securities on loan at December 31, 2020 was \$19,473,804.

⁽³⁾ Security exempt from registration under Rule 144A of the Securities Act of 1933, as amended. These securities may be sold in certain transactions in reliance on an exemption from registration (normally to qualified institutional buyers). At December 31, 2020, the aggregate value of these securities is \$212,900 or 0.1% of the Fund's net assets.

⁽⁴⁾ For fair value measurement disclosure purposes, security is categorized as Level 3 (see Note 1A).

⁽⁵⁾ Amount is less than 0.05%.

⁽⁶⁾ Restricted security. Total market value of restricted securities amounts to \$10,165, which represents less than 0.05% of the net assets of the Fund as of December 31, 2020.

Notes to Financial Statements

1 Significant Accounting Policies

Calvert VP Russell 2000[®] Small Cap Index Portfolio (the Fund) is a diversified series of Calvert Variable Products, Inc. (the Corporation). The Corporation is a Maryland corporation registered under the Investment Company Act of 1940, as amended (the 1940 Act), as an open-end management investment company. The investment objective of the Fund is to seek investment results that correspond to the investment performance of U.S. common stocks, as represented by the Russell 2000[®] Index.

Shares of the Fund are sold without sales charge to insurance companies for allocation to certain of their variable separate accounts. The Fund offers Class I and Class F shares. Among other things, each class has different: (a) dividend rates due to differences in Distribution Plan expenses and other class-specific expenses; (b) exchange privileges; and (c) class-specific voting rights.

The Fund applies the accounting and reporting guidance in the Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 946, *Financial Services – Investment Companies* (ASC 946). Subsequent events, if any, through the date that the financial statements were issued have been evaluated in the preparation of the financial statements.

A Investment Valuation — Net asset value per share is determined every business day as of the close of the regular session of the New York Stock Exchange (generally 4:00 p.m. Eastern time). The Fund uses independent pricing services approved by the Board of Directors (the Board) to value its investments wherever possible. Investments for which market quotations are not available or deemed not reliable are fair valued in good faith under the direction of the Board.

U.S. generally accepted accounting principles (U.S. GAAP) establishes a disclosure hierarchy that categorizes the inputs to valuation techniques used to value assets and liabilities at measurement date. These inputs are summarized in the three broad levels listed below:

Level 1 - quoted prices in active markets for identical securities

Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 - significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

Valuation techniques used to value the Fund's investments by major category are as follows:

Equity Securities. Equity securities (including warrants and rights) listed on a U.S. securities exchange generally are valued at the last sale or closing price as reported by an independent pricing service on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy. Equity securities listed on the NASDAQ Global or Global Select Market are valued at the NASDAQ official closing price and are categorized as Level 1 in the hierarchy. Unlisted or listed securities for which closing sales prices or closing quotations are not available are valued at the mean between the latest available bid and ask prices and are categorized as Level 2 in the hierarchy.

Short-Term Debt Securities. Short-term debt securities with a remaining maturity at time of purchase of more than sixty days are valued based on valuations provided by a third party pricing service. Such securities are generally categorized as Level 2 in the hierarchy. Short-term debt securities of sufficient credit quality purchased with remaining maturities of sixty days or less are valued at amortized cost, which approximates fair value, and are categorized as Level 2 in the hierarchy.

Affiliated Fund. The Fund may invest in Calvert Cash Reserves Fund, LLC (Cash Reserves Fund), an affiliated investment company managed by Calvert Research and Management (CRM). While Cash Reserves Fund is not a registered money market mutual fund, it conducts all of its investment activities in accordance with the requirements of Rule 2a-7 under the 1940 Act. Investments in Cash Reserves Fund are valued at the closing net asset value per unit on the valuation day and are categorized as Level 2 in the hierarchy. Cash Reserves Fund generally values its investment securities based on available market quotations provided by a third party pricing service.

Other Securities. Exchange-traded funds are valued at the official closing price as reported by an independent pricing service on the primary market or exchange on which they are traded and are categorized as Level 1 in the hierarchy. Investments in registered investment companies (including money market funds) that do not trade on an exchange are valued at the net asset value per share on the valuation day and are categorized as Level 1 in the hierarchy.

Derivatives. Futures contracts are valued at unrealized appreciation (depreciation) based on the settlement price established each day by the board of trade or exchange on which they are traded and are categorized as Level 1 in the hierarchy.

Fair Valuation. If a market value cannot be determined for a security using the methodologies described above, or if, in the good faith opinion of the Fund's adviser, the market value does not constitute a readily available market quotation, or if a significant event has occurred that would materially affect the value of the security, the security will be fair valued as determined in good faith by or at the direction of the Board in a manner that most fairly reflects the security's "fair value", which is the amount that the Fund might reasonably expect to receive for the security upon its current sale in the ordinary course. Each such determination is based on a consideration of relevant factors, which are likely to vary from one pricing context to another. These factors may include, but are not limited to, the type of security, the existence of any contractual restrictions on the security's disposition, the price and extent of public

Calvert

December 31, 2020

Notes to Financial Statements — continued

trading in similar securities of the issuer or of comparable companies or entities, quotations or relevant information obtained from broker/dealers or other market participants, information obtained from the issuer, analysts, and/or the appropriate stock exchange (for exchange-traded securities), an analysis of the company's or entity's financial statements, and an evaluation of the forces that influence the issuer and the market(s) in which the security is purchased and sold.

The values assigned to fair value investments are based on available information and do not necessarily represent amounts that might ultimately be realized. Further, due to the inherent uncertainty of valuations of such investments, the fair values may differ significantly from the values that would have been used had an active market existed, and the differences could be material.

The following table summarizes the market value of the Fund's holdings as of December 31, 2020, based on the inputs used to value them:

Asset Description	Level 1	Level 2	Level 3 ⁽¹⁾	Total
Common Stocks	\$209,658,594 ⁽²⁾	\$ 1,440	\$ 0	\$209,660,034
Exchange-Traded Funds	2,940,900	—	—	2,940,900
Rights	—	—	10,165	10,165
Short-Term Investments:				
Other	—	4,844,825	—	4,844,825
Securities Lending Collateral	6,239,485	—	—	6,239,485
U.S. Treasury Obligations	—	999,790	—	999,790
Total Investments	\$218,838,979	\$5,846,055	\$10,165	\$224,695,199
Futures Contracts	\$ 69,190	\$ —	\$ —	\$ 69,190
Total	\$218,908,169	\$5,846,055	\$10,165	\$224,764,389

⁽¹⁾ None of the unobservable inputs for Level 3 assets, individually or collectively, had a material impact on the Fund.

⁽²⁾ The level classification by major category of investments is the same as the category presentation in the Schedule of Investments.

Level 3 investments at the beginning and/or end of the period in relation to net assets were not significant and accordingly, a reconciliation of Level 3 assets for the year ended December 31, 2020 is not presented.

B Investment Transactions and Income — Investment transactions for financial statement purposes are accounted for on trade date. Realized gains and losses are recorded on an identified cost basis and may include proceeds from litigation. Dividend income is recorded on the ex-dividend date for dividends received in cash and/or securities or, in the case of dividends on certain foreign securities, as soon as the Fund is informed of the ex-dividend date. Non-cash dividends are recorded at the fair value of the securities received. Withholding taxes on foreign dividends, if any, have been provided for in accordance with the Fund's understanding of the applicable country's tax rules and rates. Distributions received that represent a return of capital are recorded as a reduction of cost of investments. Distributions received that represent a capital gain are recorded as a realized gain. Interest income, which includes amortization of premium and accretion of discount on debt securities, is accrued as earned.

C Share Class Accounting — Realized and unrealized gains and losses and net investment income and losses, other than class-specific expenses, are allocated daily to each class of shares based upon the relative net assets of each class to the total net assets of the Fund. Expenses arising in connection with a specific class are charged directly to that class.

D Foreign Currency Transactions — The Fund's accounting records are maintained in U.S. dollars. For valuation of assets and liabilities on each date of net asset value determination, foreign denominations are converted into U.S. dollars using the current exchange rate. Security transactions, income and expenses are translated at the prevailing rate of exchange on the date of the event. Recognized gains or losses on investment transactions attributable to changes in foreign currency exchange rates are recorded for financial statement purposes as net realized gains and losses on investments. That portion of unrealized gains and losses on investments that results from fluctuations in foreign currency exchange rates is not separately disclosed.

E Futures Contracts — The Fund may enter into futures contracts to buy or sell a financial instrument for a set price at a future date. Initial margin deposits of either cash or securities as required by the broker are made upon entering into the contract. While the contract is open, daily variation margin payments are made to or received from the broker reflecting the daily change in market value of the contract and are recorded for financial reporting purposes as unrealized gains or losses by the Fund. When a futures contract is closed, a realized gain or loss is recorded equal to the difference between the opening and closing value of the contract. The risks associated with entering into futures contracts may include the possible illiquidity of the secondary market which would limit the Fund's ability to close out a futures contract prior to the settlement date, an imperfect correlation between the value of the contracts and the underlying financial instruments, or that the counterparty will fail to perform its obligations under the contracts' terms. Futures contracts are designed by boards of trade, which are designated "contracts markets" by the Commodities Futures Trading Commission. Futures contracts trade on the

Calvert

VP Russell 2000[®] Small Cap Index Portfolio

December 31, 2020

Notes to Financial Statements — continued

contracts markets in a manner that is similar to the way a stock trades on a stock exchange, and the boards of trade, through their clearing corporations, guarantee the futures contracts against default. As a result, there is minimal counterparty credit risk to the Fund.

F Restricted Securities — The Fund may invest in securities that are subject to legal or contractual restrictions on resale. Generally, these securities may only be sold publicly upon registration under the Securities Act of 1933 or in transactions exempt from such registration. Information regarding restricted securities (excluding Rule 144A securities) is included at the end of the Schedule of Investments.

G Distributions to Shareholders — Distributions to shareholders are recorded by the Fund on ex-dividend date. The Fund distributes any net investment income and net realized capital gains at least annually. Both types of distributions are made in shares of the Fund unless an election is made on behalf of a separate account to receive some or all of the distributions in cash. Distributions are declared separately for each class of shares. Distributions are determined in accordance with income tax regulations, which may differ from U.S. GAAP; accordingly, periodic reclassifications are made within the Fund's capital accounts to reflect income and gains available for distribution under income tax regulations.

H Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

I Indemnifications — The Corporation's By-Laws provide for indemnification for Directors or officers of the Corporation and certain other parties, to the fullest extent permitted by Maryland law and the 1940 Act, provided certain conditions are met. Additionally, in the normal course of business, the Fund enters into agreements with service providers that may contain indemnification clauses. The Fund's maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Fund that have not yet occurred.

J Federal Income Taxes — No provision for federal income or excise tax is required since the Fund intends to continue to qualify as a regulated investment company under the Internal Revenue Code and to distribute substantially all of its taxable earnings.

Management has analyzed the Fund's tax positions taken for all open federal income tax years and has concluded that no provision for federal income tax is required in the Fund's financial statements. A Fund's federal tax return is subject to examination by the Internal Revenue Service for a period of three years from the date of filing.

2 Related Party Transactions

The investment advisory fee is earned by CRM, a subsidiary of Eaton Vance Management (EVM), as compensation for investment advisory services rendered to the Fund. EVM is a wholly-owned subsidiary of Eaton Vance Corp. Pursuant to the investment advisory agreement, CRM receives a fee, payable monthly, at the annual rate of 0.25% of the Fund's average daily net assets. For the year ended December 31, 2020, the investment advisory fee amounted to \$437,767. The Fund may invest its cash in Cash Reserves Fund. CRM does not currently receive a fee for advisory services provided to Cash Reserves Fund.

Ameritas Investment Partners, Inc. (AIP) provides sub-advisory services to the Fund pursuant to a sub-advisory agreement with CRM. Sub-advisory fees are paid by CRM from its investment advisory fee.

CRM has agreed to reimburse the Fund's operating expenses to the extent that total annual operating expenses (relating to ordinary operating expenses only and excluding expenses such as brokerage commissions, acquired fund fees and expenses of unaffiliated funds, borrowing costs, taxes or litigation expenses) exceed 0.39% for Class I and 0.59% for Class F of such class's average daily net assets. The expense reimbursement agreement with CRM may be changed or terminated after April 30, 2021. For the year ended December 31, 2020, CRM waived or reimbursed expenses of \$349,007.

The administrative fee is earned by CRM as compensation for administrative services rendered to the Fund. The fee is computed at an annual rate of 0.12% of the Fund's average daily net assets attributable to Class I and Class F and is payable monthly. For the year ended December 31, 2020, CRM was paid administrative fees of \$210,128.

The Fund has in effect a distribution plan for Class F shares (Class F Plan) pursuant to Rule 12b-1 under the 1940 Act. Pursuant to the Class F Plan, the Fund pays Eaton Vance Distributors, Inc. (EVD), an affiliate of CRM and the Fund's principal underwriter, a distribution and service fee of 0.20% per annum of its average daily net assets attributable to Class F shares for distribution services and facilities provided to the Fund, as well as for personal and/or account maintenance services provided to the class shareholders. Distribution and service fees paid or accrued for the year ended December 31, 2020 amounted to \$77,282 for Class F shares.

EVM provides sub-transfer agency and related services to the Fund pursuant to a Sub-Transfer Agency Support Services Agreement. For the year ended December 31, 2020, sub-transfer agency fees and expenses incurred to EVM amounted to \$576 and are included in transfer agency fees and expenses on the Statement of Operations.

Calvert

VP Russell 2000[®] Small Cap Index Portfolio

December 31, 2020

Notes to Financial Statements — continued

Each Director of the Fund who is not an employee of CRM or its affiliates receives an annual fee of \$154,000, plus an annual Committee fee ranging from \$8,500 to \$16,500 depending on the Committee. The Board chair receives an additional \$20,000 (\$30,000 effective January 1, 2021) annual fee and Committee chairs receive an additional \$6,000 annual fee. Eligible Directors may participate in a Deferred Compensation Plan (the Plan). Amounts deferred under the Plan are treated as though equal dollar amounts had been invested in shares of the Fund or other Calvert funds selected by the Directors. The Fund purchases shares of the funds selected equal to the dollar amounts deferred under the Plan, resulting in an asset equal to the deferred compensation liability. Obligations of the Plan are paid solely from the Fund's assets. Directors' fees are allocated to each of the Calvert funds served. Salaries and fees of officers and Directors of the Fund who are employees of CRM or its affiliates are paid by CRM. Prior to December 31, 2020, an Advisory Council aided the Board and CRM in advancing the cause of responsible investing through original scholarship and thought leadership. The Advisory Council consisted of CRM's Chief Executive Officer and three additional members. For the year ended December 31, 2020, each member (other than CRM's Chief Executive Officer) was compensated \$20,000 for their service on the Advisory Council. Such compensation, and any other compensation and/or expenses incurred by the Advisory Council as may be approved by the Board, is borne by the Calvert funds. For the year ended December 31, 2020, the Fund's allocated portion of the Advisory Council compensation and fees was \$224, which is included in miscellaneous expense on the Statement of Operations.

3 Shareholder Servicing Plan

The Corporation, on behalf of the Fund, has adopted a Shareholder Servicing Plan (Servicing Plan), which permits the Fund to enter into shareholder servicing agreements with intermediaries that maintain accounts in the Fund for the benefit of shareholders. These services may include, but are not limited to, processing purchase and redemption requests, processing dividend payments, and providing account information to shareholders. Under the Servicing Plan, the Fund may make payments at an annual rate of up to 0.11% of its average daily net assets. For the year ended December 31, 2020, expenses incurred under the Servicing Plan amounted to \$131,391, of which \$55,707 were incurred to AIP, and are included in transfer agency fees and expenses on the Statement of Operations. Included in accrued expenses at December 31, 2020 are amounts payable to AIP under the Servicing Plan of \$5,079.

4 Investment Activity

During the year ended December 31, 2020, the cost of purchases and proceeds from sales of investments, other than short-term securities, were \$26,945,651 and \$31,440,886, respectively.

5 Distributions to Shareholders and Income Tax Information

The tax character of distributions declared for the years ended December 31, 2020 and December 31, 2019 was as follows:

	Year Ended December 31,	
	2020	2019
Ordinary income	\$3,233,185	\$ 2,673,624
Long-term capital gains	\$9,227,198	\$13,135,968

As of December 31, 2020, the components of distributable earnings (accumulated loss) on a tax basis were as follows:

Undistributed ordinary income	\$ 2,549,440
Undistributed long-term capital gains	\$ 6,171,811
Net unrealized appreciation	\$70,777,305

Calvert

VP Russell 2000[®] Small Cap Index Portfolio

December 31, 2020

Notes to Financial Statements — continued

The cost and unrealized appreciation (depreciation) of investments, including open derivative contracts, of the Fund at December 31, 2020, as determined on a federal income tax basis, were as follows:

Aggregate cost	\$153,917,894
Gross unrealized appreciation	\$ 90,769,582
Gross unrealized depreciation	(19,992,277)
Net unrealized appreciation	\$ 70,777,305

6 Financial Instruments

A summary of futures contracts outstanding at December 31, 2020 is included in the Schedule of Investments. During the year ended December 31, 2020, the Fund used futures contracts to provide equity market exposure for uncommitted cash balances.

At December 31, 2020, the fair value of open derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) and whose primary underlying risk exposure is equity price risk was as follows:

Derivative	Statement of Assets and Liabilities Caption	Assets	Liabilities
Futures contracts	Distributable earnings	\$69,190 ⁽¹⁾	\$—

⁽¹⁾ Only the current day's variation margin is reported within the Statement of Assets and Liabilities as Receivable or Payable for variation margin on open futures contracts, as applicable.

The effect of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) on the Statement of Operations and whose primary underlying risk exposure is equity price risk for the year ended December 31, 2020 was as follows:

Derivative	Statement of Operations Caption	
	Net realized gain (loss): Futures contracts	Change in unrealized appreciation (depreciation): Futures contracts
Futures contracts	\$1,332,185	\$(47,378)

The average notional cost of futures contracts (long) outstanding during the year ended December 31, 2020 was approximately \$7,599,000.

7 Securities Lending

To generate additional income, the Fund may lend its securities pursuant to a securities lending agency agreement with State Street Bank and Trust Company (SSBT), the securities lending agent. Security loans are subject to termination by the Fund at any time and, therefore, are not considered illiquid investments. The Fund requires that the loan be continuously collateralized by either cash or securities as collateral equal at all times to at least 102% of the market value of the domestic securities loaned and 105% of the market value of the international securities loaned (if applicable). The market value of securities loaned is determined daily and any additional required collateral is delivered to the Fund on the next business day. Cash collateral is generally invested in a money market fund registered under the 1940 Act that is managed by an affiliate of SSBT. Any gain or loss in the market price of the loaned securities that might occur and any interest earned or dividends declared during the term of the loan would accrue to the account of the Fund. Income earned on the investment of collateral, net of broker rebates and other expenses incurred by the securities lending agent, is split between the Fund and the securities lending agent based on agreed upon contractual terms. Non-cash collateral, if any, is held by the lending agent on behalf of the Fund and cannot be sold or re-pledged by the Fund; accordingly, such collateral is not reflected in the Statement of Assets and Liabilities.

The risks associated with lending portfolio securities include, but are not limited to, possible delays in receiving additional collateral or in the recovery of the loaned securities, possible loss of rights to the collateral should the borrower fail financially, as well as risk of loss in the value of the collateral or the value of the investments made with the collateral. The securities lending agent shall indemnify the Fund in the case of default of any securities borrower.

At December 31, 2020, the total value of securities on loan was \$19,473,804 and the total value of collateral received was \$20,348,787, comprised of cash of \$6,239,485 and U.S. government and/or agencies securities of \$14,109,302.

Calvert

VP Russell 2000[®] Small Cap Index Portfolio

December 31, 2020

Notes to Financial Statements — continued

The following table provides a breakdown of securities lending transactions accounted for as secured borrowings, the obligations by class of collateral pledged, and the remaining contractual maturity of those transactions as of December 31, 2020.

	Remaining Contractual Maturity of the Transactions				Total
	Overnight and Continuous	<30 days	30 to 90 days	>90 days	
Common Stocks	\$6,239,485	\$ —	\$ —	\$ —	\$6,239,485

The carrying amount of the liability for deposits for securities loaned at December 31, 2020 approximated its fair value. If measured at fair value, such liability would have been considered as Level 2 in the fair value hierarchy (see Note 1A) at December 31, 2020.

8 Line of Credit

The Fund participates with other portfolios and funds managed by EVM and its affiliates, including CRM, in an \$800 million unsecured line of credit with a group of banks, which is in effect through October 26, 2021. Borrowings are made by the Fund solely for temporary purposes related to redemptions and other short-term cash needs. Interest is charged to the Fund based on its borrowings at an amount above either the Eurodollar rate or Federal Funds rate. In addition, a fee computed at an annual rate of 0.15% on the daily unused portion of the line of credit is allocated among the participating portfolios and funds at the end of each quarter. In connection with the renewal of the agreement in October 2020, an upfront fee and arrangement fee totaling \$950,000 was incurred that was allocated to the participating portfolios and funds. Because the line of credit is not available exclusively to the Fund, it may be unable to borrow some or all of its requested amounts at any particular time.

The Fund had no borrowings pursuant to its line of credit during the year ended December 31, 2020.

9 Affiliated Funds

At December 31, 2020, the value of the Fund's investment in affiliated funds was \$4,844,825, which represents 2.2% of the Fund's net assets. Transactions in affiliated funds by the Fund for the year ended December 31, 2020 were as follows:

Name	Value, beginning of period	Purchases	Sales proceeds	Net realized gain (loss)	Change in unrealized appreciation (depreciation)	Value, end of period	Dividend income	Units, end of period
Short-Term Investments								
Calvert Cash Reserves Fund, LLC	\$ —	\$24,433,377	\$(19,589,588)	\$1,036	\$ —	\$4,844,825	\$4,340	4,844,341

10 Capital Shares

The Corporation may issue its shares in one or more series (such as the Fund). The authorized shares of the Fund consist of 20,000,000 common shares, \$0.10 par value, for each Class.

Transactions in capital shares for the years ended December 31, 2020 and December 31, 2019 were as follows:

	Year Ended December 31, 2020		Year Ended December 31, 2019	
	Shares	Amount	Shares	Amount
Class I				
Shares sold	280,479	\$ 19,443,152	165,668	\$ 13,210,295
Reinvestment of distributions	136,242	9,760,402	174,765	12,492,232
Shares redeemed	(452,143)	(33,100,124)	(225,259)	(18,049,350)
Net increase (decrease)	(35,422)	\$ (3,896,570)	115,174	\$ 7,653,177

Calvert

December 31, 2020

Notes to Financial Statements — continued

	Year Ended December 31, 2020		Year Ended December 31, 2019	
	Shares	Amount	Shares	Amount
Class F				
Shares sold	142,429	\$ 10,333,138	133,706	\$ 10,758,734
Reinvestment of distributions	37,820	2,699,981	46,469	3,317,360
Shares redeemed	(166,147)	(11,615,182)	(73,403)	(5,911,103)
Net increase	14,102	\$ 1,417,937	106,772	\$ 8,164,991

At December 31, 2020, separate accounts of an insurance company that is an affiliate of AIP owned 45.3% of the value of the outstanding shares of the Fund and separate accounts of two other insurance companies each owned more than 10% of the value of the outstanding shares of the Fund, aggregating 33.1%.

11 Risks and Uncertainties

Pandemic Risk

An outbreak of respiratory disease caused by a novel coronavirus was first detected in China in December 2019 and subsequently spread internationally. This coronavirus has resulted in closing borders, enhanced health screenings, changes to healthcare service preparation and delivery, quarantines, cancellations, disruptions to supply chains and customer activity, as well as general concern and uncertainty. Health crises caused by outbreaks, such as the coronavirus outbreak, may exacerbate other pre-existing political, social and economic risks and disrupt normal market conditions and operations. The impact of this outbreak has negatively affected the worldwide economy, the economies of individual countries, individual companies, and the market in general, and may continue to do so in significant and unforeseen ways, as may other epidemics and pandemics that may arise in the future. Any such impact could adversely affect the Fund's performance, or the performance of the securities in which the Fund invests.

12 Additional Information

On October 8, 2020, Morgan Stanley and Eaton Vance Corp. ("Eaton Vance") announced that they had entered into a definitive agreement under which Morgan Stanley would acquire Eaton Vance. Under the Investment Company Act of 1940, as amended, consummation of this transaction may be deemed to result in the automatic termination of a Calvert Fund's investment advisory agreement and, where applicable, any related sub-advisory agreement. On December 8, 2020, the Fund's Board approved a new investment advisory agreement and a new sub-advisory agreement. The new investment advisory agreement and new sub-advisory agreement will be presented to Fund shareholders for approval and, if approved, would take effect upon consummation of the transaction. Shareholders of record of the Fund at the close of business on December 22, 2020 who have voting power with respect to such shares are entitled to be present and vote at a joint special meeting of shareholders to be held on February 19, 2021 and at any adjournments or postponements thereof.

Report of Independent Registered Public Accounting Firm

To the Shareholders and Board of Directors
Calvert Variable Products, Inc.:

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities of Calvert VP Russell 2000[®] Small Cap Index Portfolio (the Fund), a series of Calvert Variable Products, Inc., including the schedule of investments, as of December 31, 2020, the related statement of operations for the year then ended, the statements of changes in net assets for each of the years in the two-year period then ended, and the related notes (collectively, the financial statements) and the financial highlights for each of the years in the five-year period then ended. In our opinion, the financial statements and financial highlights present fairly, in all material respects, the financial position of the Fund as of December 31, 2020, the results of its operations for the year then ended, the changes in its net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years in the five-year period then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements and financial highlights, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements and financial highlights. Such procedures also included confirmation of securities owned as of December 31, 2020, by correspondence with the custodian and brokers. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements and financial highlights. We believe that our audits provide a reasonable basis for our opinion.

KPMG LLP

We have served as the auditor of one or more of the Calvert Funds since 2002.

Federal Tax Information (Unaudited)

As required by the Internal Revenue Code and/or regulations, shareholders must be notified regarding the status of the dividends received deduction for corporations and capital gains dividends.

Dividends Received Deduction. Corporate shareholders are generally entitled to take the dividends received deduction on the portion of the Fund's dividend distribution that qualifies under tax law. For the Fund's fiscal 2020 ordinary income dividends, 45.99% qualifies for the corporate dividends received deduction.

Capital Gains Dividends. The Fund hereby designates as a capital gain dividend with respect to the taxable year ended December 31, 2020, \$6,171,991 or, if subsequently determined to be different, the net capital gain of such year.

Board of Directors' Contract Approval

Overview of the Board Evaluation Process

Even though the following description of the Board's consideration of investment advisory and, as applicable, sub-advisory agreements covers multiple funds, for purposes of this shareholder report, the description is only relevant as to Calvert VP Russell 2000[®] Small Cap Index Portfolio.

<i>Fund</i>	<i>Investment Adviser</i>	<i>Investment Sub-Adviser</i>
Calvert VP Russell 2000 [®] Small Cap Index Portfolio	Calvert Research and Management	Ameritas Investment Partners, Inc.

Following the public announcement of Morgan Stanley's planned acquisition of Eaton Vance Corp. ("EVC") and its affiliates (the "Transaction"), the Board members who are not "interested persons" (as defined in the 1940 Act) of the Funds or CRM (the "Independent Board Members"), met on October 8, 2020 with their independent legal counsel. During that meeting, the Independent Board Members preliminarily discussed the Transaction and the implications of the Transaction on the Funds and CRM. At the request of the Independent Board Members, their counsel discussed the various actions that they and the Funds' shareholders would be asked to take in connection with the Transaction, including requesting information from CRM and Morgan Stanley concerning the Transaction and its implications for the Funds.

On October 14, 2020, during a telephonic meeting of the Boards, senior representatives of CRM provided an overview of the Transaction and Morgan Stanley to the Independent Board Members and their counsel. The senior representatives of CRM also discussed the anticipated benefits of the Transaction to CRM and the Funds. They also indicated that they expected that the operations of CRM and the Funds would be maintained substantially in their current forms after the Closing of the Transaction.

In connection with the proposed Transaction, the Independent Board Members, assisted by their independent legal counsel, requested extensive information from CRM and Morgan Stanley regarding the proposed Transaction and its potential implications for the Funds (the "Request for Information").

On November 18, 2020, during a telephonic meeting of the Boards, senior representatives of CRM discussed certain matters related to the Transaction with the Independent Board Members and their counsel. The senior representatives of CRM indicated that CRM and Morgan Stanley were in the process of preparing a response to the Request for Information and that senior representatives of CRM and Morgan Stanley would be prepared to discuss their response and any other matters related to the Transaction with the Independent Board Members at the Boards' December 8, 2020 meeting.

On December 1, 2020, during a video conference meeting, the Independent Board Members reviewed CRM's and Morgan Stanley's response to the Request for Information (the "Response") and discussed the information contained in the Response amongst themselves and with their counsel. During that meeting, the Independent Board Members received advice from their independent legal counsel regarding their responsibilities in evaluating the possible Transaction and new investment advisory agreements and new investment sub-advisory agreements (the "New Agreements"). Following that meeting, the Independent Board Members, assisted by their counsel, requested additional information from CRM and Morgan Stanley regarding the proposed Transaction and its potential implications for the Funds (the "Supplemental Request for Information").

In connection with the proposed Transaction and their consideration of the New Agreements, the Board members, including all of the Independent Board Members, met with senior representatives of EVC, CRM and Morgan Stanley at a meeting held on December 8, 2020 to discuss certain aspects of the Transaction and the expected impacts of the Transaction on the Funds and their shareholders and any remaining matters concerning the Response and CRM's and Morgan Stanley's response to the Supplemental Request for Information. During the meeting, senior representatives of Morgan Stanley made presentations to, and responded to questions from, the Board members. After the presentations and discussions with senior representatives of EVC, CRM and Morgan Stanley, the Independent Board Members met in executive session with their counsel to consider the Transaction, the New Agreements and related matters.

Each Board's evaluation of the New Agreements included consideration of the information provided specifically in regard to the New Agreements as well as, where relevant, information that previously had been provided to the Board in connection with the most recent annual contract renewal of the Funds' current contractual arrangements at a meeting held on March 4, 2020.

In the course of its deliberations regarding the New Agreements, the Board members considered the following factors, among others: the nature, extent and quality of the services to be provided by CRM, its affiliates and the Sub-Advisers, including the personnel who would be providing such services; Morgan Stanley's financial condition; the proposed advisory and sub-advisory fees; comparative fee and expense information for the Funds and for comparable funds managed by CRM and its affiliates; the anticipated profitability of the Funds to CRM and its affiliates; the direct and indirect benefits, if any, to be derived by Morgan Stanley, CRM, and their affiliates from their relationship with the Funds; the effect of each Fund's projected growth and size on each Fund's performance and expenses; and CRM's and the Sub-Advisers' compliance programs.

In considering the nature, extent, and quality of the services to be provided to the Funds by CRM and the Sub-Advisers, as applicable, under the New Agreements, the Board members took into account information relating to CRM's and the Sub-Advisers' operations and personnel, including, among other information, biographical information on their investment, supervisory, and professional staff, as applicable, and descriptions of their organizational and management structure. The Board members considered the investment strategies used in managing the Funds and the performance of other funds managed by the investment teams at CRM and its affiliates that would be managing the Funds. The Board members also took into account, as applicable, CRM's and the Sub-Advisers' proposed staffing and overall resources. CRM's administrative capabilities were also considered. The Board members concluded that they were satisfied with the nature, extent and quality of services to be provided to the Funds by CRM and the Sub-Advisers, as applicable, under the New Advisory Agreements.

Board of Directors' Contract Approval — continued

In considering the management style and investment strategies that CRM and the Sub-Advisers, as applicable, proposed to use in managing the Funds, the Board members took into consideration certain comparative performance information for the Funds prepared by an independent data provider. The Board members also considered information regarding the financial condition of Morgan Stanley, its worldwide presence, experience as a fund sponsor and manager, commitment to maintain a high level of cooperation with, and support to, the Funds, strong client service capabilities, and relationships in the asset management industry. The Board members took into account that the Funds' investment objectives, investment strategies and portfolio managers were not expected to change after the Closing of the Transaction. Based upon their review, the Board members concluded that CRM and the Sub-Advisers, as applicable, are qualified to manage each Fund's assets in accordance with the Funds' investment objectives and investment strategies and that the investment strategies continued to be appropriate for pursuing each Fund's investment objective(s).

In considering each Fund's proposed fees and estimated expenses, the Board members considered certain comparative fee and expense data prepared by an independent data provider. The Board members also took into account that no changes in the Funds' current advisory and sub-advisory fees were being proposed in connection with the Transaction. The Board members further took into account that no changes in the Funds' current expense limitations were being proposed in connection with the Transaction. Based upon their review, the Board members concluded that the proposed advisory and sub-advisory fees were reasonable in view of the quality of services to be received by the Funds from CRM and the Sub-Advisers, as applicable.

In reviewing the anticipated profitability of the advisory fees to CRM and its affiliates, the Board members considered the fact that affiliates of CRM would be providing shareholder servicing, administrative, distribution, and sub-advisory services to the Funds for which they would receive compensation. The Board also took into account whether CRM had the financial wherewithal to provide services to the Funds. The Board also considered that CRM and Morgan Stanley would likely derive benefits to their reputations and other indirect benefits from their relationship with the Funds. Because CRM will pay the Sub-Advisers' sub-advisory fees out of its advisory fees, the anticipated profitability of the Funds to the Sub-Advisers was not a material factor in the Board's deliberations concerning the entering into of the New Agreements. Based upon its review, the Board concluded that CRM's and its affiliates' anticipated level of profitability from their relationship with the Funds was reasonable.

The Board members considered the effect of each Fund's current size and potential growth on its performance and expenses. The Board members took into account management's discussion of the Funds' proposed advisory and sub-advisory fees, noting that no changes in the Funds' current advisory and sub-advisory fees were being proposed in connection with the Transaction. The Board members also noted that the advisory and sub-advisory fee schedules for certain Funds will contain one or more breakpoints that will reduce the respective advisory and sub-advisory fee rates on assets above specified levels as the applicable Fund's assets increased and considered the necessity of adding breakpoints with respect to the Funds that did not currently have such breakpoints in their advisory and sub-advisory fee schedules. The Board members determined that adding breakpoints at specified levels to the advisory and sub-advisory fee schedules of the Funds that did not currently have breakpoints would not be appropriate at this time. Because CRM will pay the Sub-Advisers' sub-advisory fees out of its advisory fees, the Board did not consider the potential economies of scale from the Sub-Advisers' management of the Funds to be a material factor in the Board's deliberations concerning the entering into of the New Agreements. The Board members noted that if a Fund's assets increase over time, the Fund might realize other economies of scale if assets increase proportionally more than certain other expenses.

In considering the approval of the New Agreements, the Board members also considered the following matters:

- i. their belief that the Transaction will benefit the Funds;
- ii. CRM's and the Sub-Advisers' intentions to continue to manage the Funds in a manner materially consistent with each Fund's current investment objective(s) and principal investment strategies, which, where applicable, includes continuing to manage the Fund pursuant to responsible investment criteria as described in the Fund's prospectus;
- iii. the financial condition and reputation of Morgan Stanley, its worldwide presence, experience as a fund sponsor and manager, commitment to maintain a high level of cooperation with, and support to, the Funds, strong client service capabilities, and relationships in the asset management industry;
- iv. Morgan Stanley's commitment to maintain the investment autonomy of CRM;
- v. Morgan Stanley's and CRM's commitment to maintaining the nature, quality and extent of services provided to the Funds by CRM and its affiliates following the Closing of the Transaction;
- vi. Morgan Stanley's commitment to maintaining competitive compensation arrangements to attract and retain highly qualified personnel;
- vii. confirmation that the current senior management team at CRM has indicated its strong support of the Transaction; and
- viii. a commitment that Morgan Stanley would use its reasonable best efforts to ensure that it did not impose any "unfair burden" (as that term is used in section 15(f)(1)(B) of the 1940 Act) on the Funds as a result of the Transaction.

In approving the New Agreements, the Board members did not identify any single factor as controlling, and each Board member may have attributed different weight to various factors.

The Board members reached the following conclusions regarding the New Agreements, among others: (a) CRM and the Sub-Advisers have demonstrated that they possess the capability and resources to perform the duties required of them under the New Agreements; (b) CRM and the Sub-Advisers are qualified to manage the applicable Fund's assets in accordance with such Fund's investment objective(s) and investment strategies; (c) CRM's and the

Calvert

VP Russell 2000[®] Small Cap Index Portfolio

December 31, 2020

Board of Directors' Contract Approval — continued

Sub-Advisers' proposed investment strategies are appropriate for pursuing the applicable Fund's investment objective(s); and (d) the proposed advisory and sub-advisory fees are reasonable in view of the quality of the services to be received by each Fund from CRM and the Sub-Advisers, as applicable. Based upon the foregoing considerations, at the meeting of the Board held on December 8, 2020, the Board members, including all of the Independent Board Members, unanimously approved the New Agreements and determined to recommend their approval to the shareholders of the Funds. In voting its approval of the New Agreements at the meeting, the Board relied on an order issued by the SEC in response to the impacts of the COVID-19 pandemic that provided temporary relief from the in-person meeting requirements under Section 15 of the 1940 Act.

Management and Organization

Fund Management. The Directors of Calvert Variable Products, Inc. (the Corporation) are responsible for the overall management and supervision of the Corporation's affairs. The Directors and officers of the Corporation are listed below. Except as indicated, each individual has held the office shown or other offices in the same company for the last five years. Each Board member holds office until his or her successor is elected and qualified, or until his or her earlier death, resignation, retirement, removal or disqualification. Under the terms of the Fund's current Board member retirement policy, an Independent Board member must retire at the end of the calendar year in which he or she turns 75. However, if such retirement would cause the Fund to be out of compliance with Section 16 of the 1940 Act or any other regulations or guidance of the SEC, then such retirement and resignation will not become effective until such time as action has been taken for the Fund to be in compliance upon a Board member's retirement. The "Independent Directors" consist of those Directors who are not "interested persons" of the Corporation, as that term is defined under the 1940 Act. The business address of each Director and officer, with the exception of Ms. Gemma and Mr. Kirchner, is 1825 Connecticut Avenue NW, Suite 400, Washington, DC 20009. As used below, "CRM" refers to Calvert Research and Management. Each Director oversees 39 funds in the Calvert fund complex. Each officer serves as an officer of certain other Calvert funds.

Name and Year of Birth	Position(s) with the Corporation	Position Start Date	Principal Occupation(s) and Directorships During Past Five Years and Other Relevant Experience
Interested Director			
John H. Streur ⁽¹⁾ 1960	Director and President	2015	President and Chief Executive Officer of Calvert Research and Management (since December 31, 2016). President and Chief Executive Officer of Calvert Investments, Inc. (January 2015 - December 2016); Chief Executive Officer of Calvert Investment Distributors, Inc. (August 2015 - December 2016); Chief Compliance Officer of Calvert Investment Management, Inc. (August 2015 - April 2016); President and Director, Portfolio 21 Investments, Inc. (through October 2014); President, Chief Executive Officer and Director, Managers Investment Group LLC (through January 2012); President and Director, The Managers Funds and Managers AMG Funds (through January 2012). Other Directorships in the Last Five Years. Portfolio 21 Investments, Inc. (asset management) (through October 2014); Managers Investment Group LLC (asset management) (through January 2012); The Managers Funds (asset management) (through January 2012); Managers AMG Funds (asset management) (through January 2012); Calvert Impact Capital, Inc.
Independent Directors			
Richard L. Baird, Jr. 1948	Director	2016	Regional Disaster Recovery Lead, American Red Cross of Greater Pennsylvania (since 2017). Volunteer, American Red Cross (since 2015). Former President and CEO of Adagio Health Inc. (retired in 2014) in Pittsburgh, PA. Other Directorships in the Last Five Years. None.
Alice Gresham Bullock 1950	Chair and Director	2016 (Chair); 2008 (Director)	Professor Emerita at Howard University School of Law. Dean Emerita of Howard University School of Law and Deputy Director of the Association of American Law Schools (1992-1994). Other Directorships in the Last Five Years. None.
Cari M. Dominguez 1949	Director	2016	Former Chair of the U.S. Equal Employment Opportunity Commission. Other Directorships in the Last Five Years. Manpower, Inc. (employment agency); Triple S Management Corporation (managed care); National Association of Corporate Directors.
John G. Guffey, Jr. 1948	Director	2016	President of Aurora Press Inc., a privately held publisher of trade paperbacks (since January 1997). Other Directorships in the Last Five Years. Calvert Impact Capital, Inc. (through December 31, 2018); Calvert Ventures, LLC.
Miles D. Harper, III 1962	Director	2016	Partner, Carr Riggs & Ingram (public accounting firm) since October 2014. The SAI for the Fund includes additional information about the Directors and officers of the Fund and can be obtained without charge on Calvert's website at www.calvert.com or by calling 1-800-368-2745.

IMPORTANT NOTICES

Privacy. The Eaton Vance organization is committed to ensuring your financial privacy. Each entity listed below has adopted privacy policy and procedures (“Privacy Program”) Eaton Vance believes is reasonably designed to protect your personal information and to govern when and with whom Eaton Vance may share your personal information.

- At the time of opening an account, Eaton Vance generally requires you to provide us with certain information such as name, address, social security number, tax status, account numbers, and account balances. This information is necessary for us to both open an account for you and to allow us to satisfy legal requirements such as applicable anti-money laundering reviews and know-your-customer requirements.
- On an ongoing basis, in the normal course of servicing your account, Eaton Vance may share your information with unaffiliated third parties that perform various services for Eaton Vance and/or your account. These third parties include transfer agents, custodians, broker/dealers and our professional advisers including auditors, accountants, and legal counsel. Eaton Vance may share your personal information with our affiliates. Eaton Vance may also share your information as required or permitted by applicable law.
- We have adopted a Privacy Program we believe is reasonably designed to protect the confidentiality of your personal information and to prevent unauthorized access to your information.
- We reserve the right to change our Privacy Program at any time upon proper notification to you. You may want to review our Privacy Program periodically for changes by accessing the link on our homepage: www.calvert.com.

Our pledge of protecting your personal information applies to the following entities within the Eaton Vance organization: the Eaton Vance Family of Funds, Eaton Vance Management, Eaton Vance WaterOak Advisors, Eaton Vance Distributors, Inc., Eaton Vance Trust Company, Eaton Vance Management (International) Limited, Eaton Vance Advisers International Ltd., Eaton Vance Global Advisors Limited, Eaton Vance Management’s Real Estate Investment Group, Boston Management and Research, Calvert Research and Management, and Calvert Funds. This notice supersedes all previously issued privacy disclosures. For more information about Eaton Vance’s Privacy Program or about how your personal information may be used, please call 1-800-368-2745.

Delivery of Shareholder Documents. The Securities and Exchange Commission (SEC) permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called “householding” and it helps eliminate duplicate mailings to shareholders. *Calvert funds, or your financial intermediary, may household the mailing of your documents indefinitely unless you instruct Calvert funds, or your financial intermediary, otherwise.* If you would prefer that your Calvert fund documents not be househanded, please contact Calvert funds at 1-800-368-2745, or contact your financial intermediary. Your instructions that householding not apply to delivery of your Calvert fund documents will typically be effective within 30 days of receipt by Calvert funds or your financial intermediary. Separate statements will be generated for each separate account and will be househanded as described above.

Portfolio Holdings. Each Calvert fund files a schedule of portfolio holdings on Part F to Form N-PORT with the SEC. Certain information filed on Form N-PORT may be viewed on the Calvert website at www.calvert.com, by calling Calvert at 1-800-368-2745 or in the EDGAR database on the SEC’s website at www.sec.gov.

Proxy Voting. The Proxy Voting Guidelines that each Calvert fund uses to determine how to vote proxies relating to portfolio securities is provided as an Appendix to the fund’s Statement of Additional Information. The Statement of Additional Information can be obtained free of charge by calling the Calvert funds at 1-800-368-2745, by visiting the Calvert funds’ website at www.calvert.com or visiting the SEC’s website at www.sec.gov. Information regarding how a Calvert fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available by calling Calvert funds, by visiting the Calvert funds’ website at www.calvert.com or by visiting the SEC’s website at www.sec.gov.
