Illustrated plans effective 8/25

Ameritas Dental Network

The Ameritas Dental Network is one of nation's largest, and network dentists charge 25-50% less than their regular rates, providing out-of-pocket savings to policyholders.

Network not available in MT, RI, and WY excluded zip codes.

Find network providers at ameritas.com — Find a Health Provider. Simply enter your ZIP Code and choose the Classic Network to start your search.

Preventive Plus

Preventive procedures are not deducted from the plan's annual maximum benefit. This saves all of the annual benefit to help pay for more expensive Basic and Major procedures.

Hearing

The PrimeStar Care Complete plan includes benefits for hearing exams and hearing aids for all ages. Benefits increase over time and are not tied to a network.

Child orthodontia

With the PrimeStar Care Boost plan, coverage for orthodontic services includes teeth straightening and jaw alignment for children under age 19.

Teeth whitening

Professional teeth bleaching, also known as whitening, is included as a Major procedure on the PrimeStar Care Boost plan.

Money ranks Ameritas PrimeStar Complete as Best Dental Insurance Plan of 2025 for no waiting periods.

For Producers only

Vision overview

All vision plans offer next-day coverage, no waiting periods, and no enrollment fees. Policyholders can choose from plans that feature the EyeMed or VSP vision networks.

Network not available in MT, RI, and WY excluded zip codes.
