

Dental Benefit Options That Save You Money

Discover which plan is best for you and your family.

Everyone has different dental health needs. That's why you have three different dental plans to choose from. Below is a brief overview of your plan options. For full plan details visit explore.ameritas.com/demo.

Plan A

is a good option if you anticipate needing primarily preventive care like exams and cleaning. There is a \$1,000 annual maximum benefit and a \$10 per visit deductible.

Plan B

has the most robust coverage levels, ideal if you or your family have comprehensive dental needs and plan to visit a network provider. The Basic (Type 2) coverage percentage increases over the next 3 years. There is a \$1,250 annual maximum benefit, a \$50 deductible per person per calendar year, and a \$1,000 orthodontia benefit for children.

Plan C

is best for those visiting an out-of-network provider since those claims will be paid based on the 90th U&C calculation. There is a \$1,250 annual maximum benefit, a \$50 deductible per person per calendar year and coverage for implants and teeth whitening. This dental plan also includes LASIK and SoundCare benefits.

How to choose a plan

Step 1: See if your provider is in the Ameritas Dental Network. Go to ameritas.com – Find a Health Provider, or your dental benefit site, to search for your current dentist or see all network dentists in your area.

Step 2: Review plan benefits and cost estimate examples on your dental benefit site.

Consider how much dental work you and your family typically receive during the year, your monthly budget for insurance, and if you will be receiving in-network or out-of-network care.

For a more detailed explanation of benefits including a side-by-side comparison and out-of-pocket examples, please visit explore.ameritas.com/demo.

All plans include:

- preventive services covered at 100%
- a \$150 vision benefit
- rewards you can accumulate to add to your annual maximum
